Two West High School boys have been busy this week selling Christmas trees. Jack Trimmer, 95 W. West-moor-av (left), and Ralph Watts, 140 S. Roys-av, have worked out a home delivery service with the aid of Old Dobbin. (In this case he answers to the name of Frank.) The boys started up and down Hilltop streets on Monday to deliver their trees, and expect to continue until the day before Christmas. Ralph is an all-around athlete at West.

In the background are hundreds of trees set up at the Hilltop Swimming Pool where Bob Christmas, Dutch Barber and Bob Case have gone into the business in a big way. The men brought their trees directly from Canada.

Happy Hutson Back In School This Week

Happy Hutson, 16, of 276 Ed-don-av, received second degree burns when a stove exploded at his home several days ago. He was treated at Mt. Carmel Hospital and allowed to return to his home.

A student at West High School, she was permitted to return to her school work on Tuesday. Dr. J. W. Miles was the attending physician.

A reception was held for 60 friends and relatives of Mr. and

Mrs. Howard Halwegen, 565 Co-25th wedding anniversary. Sun-lumbian-av, in honor of their day, Dec. 18.

You Can't Miss The Odor Of Oran

Local Student Hurt By Piece Of Masonry

The Lincoln-LeVeque Tower seems to be "bad medicine" for Hilltoppers.

Last Thursday afternoon Miss Anita Jane Simmermon, 22, of 442 S. Hague-av, was knocked unconscious when she was struck by a piece of terra cotta that fell from the 18th floor of the tower. She suffered a head cut, which was treated in St. Francis Hospital and she was later permitted to return to her home.

Less than two months ago Howard R. Thompson, 247 S. Harris-av, a reporter for the Ohio State Journal, narrowly escaped injury when a piece of falling masonry just brushed his shoulder as he walked past the building.

Miss Simmermon, a junior student in the College of Commerce, Ohio State University, was on her way to Front-st to board a Neil-av streetcar to reach late afternoon classes. Two other persons, walking past the building at the same time, narrowly escaped injury by the falling slab of terra cotta that shattered on the sidewalk.

Miss Simmermon is the daughter of Mrs. Kenneth Mettle of the Hague-av address.

4 Are Victims Of Pickpockets

At least four Hilltop and West Side ladies were victims of pickpockets as they shopped for Christmas presents in downtown stores last week.

Mrs. Ethel Wells, 674 Hanford-st, told police a billfold containing \$13 was taken from her purse.

Gladys Stephenson, 289 N. Algonquin-av, reported \$2 and keys were taken from her purse.

Nola Ferris, 236 S. Brinker-av, had items valued at \$20 taken from her purse.

Grace Feasel, 130 Wrexham-av, reported that her purse containing \$82 was taken after she had laid it on a counter in a downtown department store.

At Eureka

Oran, the important seaport in the extreme northeast corner of Algeria, appears from the sea to be shining and scrubbed. Its white buildings, nestled at the foot of rolling brown hills, gleamed in the bright sunlight. From a few miles out in the Mediterranean, Oran looks as clean and fresh as a Monday morning clothes line.

Nothing could be farther from the truth. As I disembarked in this strange land Oran rose up and smote me right in the face.

The city was almost directly opposite in every respect to the appearance it gave from shipboard. The resulting disillusionment was sharp. Instead of finding a city orderly, clean, and brisk, inhabited by sly, robed Moslems, I found a sprawling metropolis, by our standards ill-kept, smelly and filthy ridden.

Probably the most memorable feature about Oran is the smell. To say Oran needs a bath is an understatement. The smell is indescribable to an American because it is distinctly African. No where in the world do they have this odor except in North Africa. It arises like a cloud from every city, village and wide place in the highway. It is utterly inescapable. The only way to get away from it is to leave the country, a goal every American strives for. The methods of sewage disposal in Oran aren't what could be called ultra modern, so it would be safe to say this is the basic cause. It is easy to see why a few thousand years of such living would leave a permanent odor.

Strictly Cosmopolitan
The population of Oran is strictly cosmopolitan. It consists chiefly of Arabs but contains a generous sprinkling of Europeans. It also includes a generous number of goats, chickens, pigs and what have you. The latter share the humble homes of their masters and live better than many of the lower class Arabs. It takes a little while to get accustomed to a house full of Arabs, chickens and goats. It is quite a sight to see papa Arab throw open his back door in the morning and the animals come tumbling out; usually followed by the kids. Incidentally, these animals contribute no end to the aforementioned odor.

The Europeans living in Oran raise the standard of living considerably. They are mostly of French, Italian or Spanish extraction. All three languages are spoken along with English and every conceivable Arab dialect. Also some that are inconceivable. Oran's streets are narrow and winding. Here the crowded and unsanitary conditions under which the majority of Arabs live are most evident. In some sections of the city it appears that there are more Arabs than street surface. Arabs are everywhere. They are of all descriptions, but alike generally in their color, speech, dress and mannerisms. They all seem to be in a tremendous hurry, yet they go nowhere in particular.

These people form the majority of North Africa's population and are extremely interesting. I am going to write more about them next week.

Oran, with all its incongruities, is well worth seeing. It enjoys the distinction of having one of the finest harbors between Gibraltar and Suez. Also one of the finest resort beaches in all of Africa is located a few miles west of the city. Oran is almost directly opposite the French Riviera and the Mediterranean is just as warm and pleasant for swimming as on the French side.

Lastly, Oran embodies all the intrigue of the immensely fascinating Moslem world. If you haven't seen everything, you can surely see it here.

(Next week: The Arabs)

"Holiday spirit" means good will and joy. But make that "holiday SPIRITS" and it can mean violent injury and tragedy. Ohio State Safety Council figures show that a driver under the influence of liquor is 55 times as likely to have an accident as one who is sober. Don't let spirits ruin the spirit of Christmas!

Do you know that December, commonly regarded as the most joyful month of the year, is one of the deadliest in the calendar? According to Ohio State Safety Council records, December commonly has more traffic deaths than any other month in the year. Last year, for example, it topped the list with 283 deaths. This year the Council sincerely hopes there will be far fewer deaths—and there may be if each of you remembers that YOUR PRESENCE is the gift of a lifetime to your family.

Christmas Tree Can Be Fire Hazard If Caution Is Not Used

By Capt. John E. Jordan, Chief Fire Prevention Bureau
 Each year the question arises as to the fire hazard of Christmas trees and flammable decorations. The flammability of the trees is well known, and considerable experimenting has been done in an attempt to make them

Mrs. Paul Casey, 281 S. Warren-av., shows the danger of having lighted candles in windows.

fireproof. Various methods of treating the trees have been tried, but none has been completely successful. Because of the inability to make Christmas trees fireproof, it is urged that every precaution be taken to avoid having the tree involved in a fire during the Christmas season. A Christmas tree fire can be avoided with reasonable surety if the following suggestions are heeded.

- 1—Keep the tree out of doors until ready to trim it.
- 2—Set it up securely in the coolest part of the house.
- 3—Do not obstruct stairs or doorways.
- 4—Do not use cotton or paper on or under the tree.
- 5—Use only electric lights on the tree and see that the wires and sockets are in good condition. Lights bearing the inspection label of the Underwriters Laboratories are recommended.
- 6—Disconnect the lights when the home is unoccupied, and use only 15 amp. fuses.
- 7—Get rid of the tree when the needles start to fall.
- 8—Inspect the tree frequently and if the needles start to turn brown near the bulbs, move the bulbs to another position on the tree.
- 9—Provide a box for the highly inflammable tissue wrapping paper that accumulates while the presents are being unwrapped. After the unwrapping has been completed, dispose of all the paper at once.
- 10—Smokers should be warned about their matches and cigarettes.
- 11—Candles should not be used to light windows, or any other part of the Christmas decorations. Window curtains should be kept at least six inches away from any lights.

If a fire does occur, call the fire department at once.

All the 12A's are still talking about the swell time they had at their class party last Thursday evening. It was a hard times party, with records for dancing. There was a fine floor show made up of talent all taken from the 12A class. Master of ceremonies was John Irwin and among the highlights of the show were the Pond Sisters, portrayed by Louise Henry, Betty Dickendasher and Ann Hoyt; and the Russian Chorus, made up of Ed Van Allen, Bob Bass, Bill Thompson, Jim Gardner and Bill Smith, and under the direction of Johnny Cleveland.

The student body was entertained by a dog show the seventh period last Thursday.

The Industrial Arts Department of West High has made toys for the Elks annual Christmas party. They made small castles, sleds and chairs.

Three students are entering the essay contest, sponsored by the National Tuberculosis Association on the subject, "How Christmas Seals Are Used to Improve the Health of My Community." Those participating are Lois Fuller, Annabel Crawford, and Annabel Kilian.

An assembly will be held tomorrow morning under the joint planning of the Y-Teens vocal department and the instrumental department. Soloists on the program will be Joann Heischman, Don Ochs, Dick Mefford, Dick Bowles and Joannette Chakeras. The orchestra will play "The Holy City." The following Y-Teen members will participate: Norma Smith, prayer, Janie Lombard, scripture reading, and Marjorie Mitchell, benediction. And now a closing reminder to all West High students. Remember, kids, if you want those stadium lights, be sure to bring in those sales tax stamps.

A YULETIDE OF PEACE
With virginal purity snowflakes fall
Upon the earth:
In mystical silence, wise men recall
The Savior's birth.
Pristinely quiet, the luminous snow waits to hear
The message of peace, the angelic band
Sings every year.
Hallowed and hushed, the sands and the snow
Through east and west
Beauty and reverence letting us know
The world is blessed.
A yuletide of peace... wherever you are,
And shining for all the Bethlehem Star.

Go-to-Church Plan Will Be Started Here

Plans were discussed for a "go to church" campaign at the Monday morning meeting of the Hilltop Ministerial Association at Hoge Memorial Church. The emphasis on church attendance will be conducted during the Lenten season in the early spring.

Cooperation of civic groups on the Hilltop will be invited to help create greater interest in the program.

Rev. Enoch Smith, pastor of the Hilltop Church of Christ, had charge of the devotional part of the program.

Paul Wichterman, editor of The Hilltop Record, spoke to the group very briefly on matters pertaining to the church page and church announcements for publication. The group passed a motion to cooperate with the Record by holding church announcements to a minimum amount of space so that the location of the church and the pastor's name could appear with the notice each week.

Pageant Will Be Given Sunday

The Christmas pageant, "Christmas Everywhere," will be given Sunday night, Dec. 22, at the Westgate Evangelical United Brethren Church, located at 61 S. Powell-av. The pageant portrays Christmas customs in various lands.

Characters representing the various countries are: choir girl, Judy Ward; England, Jack Bix and Margaret Lewis; France, Barbara Suver; Spain, Anna Mary Hysell; Switzerland, Richard Miesse and Wanda Freeman; Italy, Dottie Jo Chinn; Russia, Tommy Rees and Lois Bowen; Norway and Sweden, Patty Smith; Holland, Carol Bowen, Freda Bowen, Jimmy Smith, Germany, Eileen Wilson; Mexico, Roland Miesse, Bonnie Trickle; United States, Carol Ann Williams; Christine, Jane Miller; Christmas Fairy, Ruth Platt.

The Senior Choir, directed by Mrs. Earl Frey, will assist in the pageant. The committee for the pageant is composed of Mrs. J. C. Cummins, chairman, Miss Jane Miller and Mrs. Milton Armstrong.

Glenwood Choir To Sing Sunday

The vested choir of Glenwood Methodist Church will present a program of Christmas music Sunday morning, Dec. 22, at 10:30 with Mrs. Charles W. Walton, director, and Mrs. Clyde D. Moore, organist.

The program is as follows:

Lincoln told this story: A balloon ascension occurred in New Orleans before the war, and after sailing in the air for several hours the aeronaut, who was arrayed in silks and spangles like a circus performer, descended in a cotton field where a gang of slaves were at work. The frightened Negroes took to the woods—all except one venerable darky who was rheumatic and could not run, and who, as the resplendent aeronaut approached, having apparently just dropped from heaven, said "Good mornin', Massa Jesus; how's yo' pa?"

Cowboys Rack Up Two Last-second Victories; Invade Portsmouth and Chillicothe

Thrush, Watts Baskets Are Responsible For Two Wins

"Friday the 13th" luck that West High to snatch a victory out of the hands of South in the final second of play, held good on the following night as the Cowboys, another last-second victory, Marion Harding basketball.

Thrush and Ralph Watts

played the "hero" roles in the two contests, sinking the all-important baskets that turned the tide in the last split second of play. West defeated Marion 45 to 43, while the Cowboy Reserves chalked up a 31-19 win over Marion Reserves.

Coach George Williams and his Cowboy quintet look to the south this week-end for competition, the final pair of games before the start of the Christmas holidays.

Tomorrow night they go all the way to the Ohio River to meet Portsmouth and on Saturday night they invade Chillicothe.

Don Borror found his mark for the first time last Friday night to lead the West scoring but it remained for Jack Thrush to bring the game to a "story book" finish with a field goal which defeated South High in the final second of play.

The final score was 38-31 in the first City League game for both teams.

Thrush's shot had scarcely cleared the hoop when the gun

sounded, ending the game in as dramatic fashion as one could hope to see. The Cowboys had never been in the lead until the final basket that gave West the one-point victory. Borror, filling the role of a substitute, made five field goals in the less than three full quarters that he played to take scoring honors for the Cowboys. However, a rangy center by the name of Jim Pitsenberger was the one-man scoring machine for the Bulldogs as he racked up 20 points for the evening. Twelve of these points came via the free throw route as he made good on 12 out of 16 chances.

With almost three minutes remaining in the game, South elected to keep the ball out of West's hands to protect a one-point lead.

This worked to perfection for more than a minute and a half until the Cowboys began to charge in to get the ball. South elected to take the ball in from out of bounds rather than try for the free throw when a foul was committed.

Pitsenberger then sank a free throw followed closely by one by Walter Hicks for West and then the final basket by Thrush that won the game for his teammates.

West outplayed throughout most of the contest and was ineffective at the free throw line, making only two out of 12 chances. Thrush played in only part of three quarters. Earlier in the week he had turned an ankle and was not anxious to use him any more than was necessary.

The Bulldogs Reserves defeated the West Reserves by a 30 to 28 score in the preliminary.

Walter Hicks took scoring honors in the Marion game as he sank seven field goals and added a free throw for a total of 15 points. Paul Theisen was second high for West with five buckets and 12 points for the evening. Riddle and Courtright for Marion Harding shared honors for their team with 14 points each.

The game was closely fought all the way with the lead changing hands several times during the evening. The Cowboys were handicapped on the small court and found difficulty in locating the basket.

West led 11-7 at the end of the first quarter. Marion picked up 14 points to hold a 21-16 advantage at the half time. At the end of three periods the Cowboys had

regained the lead by one point as the count stood 32-31. By the time the automatic timeout was called in the last quarter Marion led 39-30 and things began to look dark for West.

Hicks dropped in a field goal with less than a minute to play to put West ahead by two points but the slight advantage was quickly nullified by a Marion score to tie up the count. It remained for Ralph Watts to break the tie with a two-pointer just seconds before the final whistle was blown.

By Elsie R. Westlake

Our Bible was written by men directed by the Holy Spirit, and written in masculine gender. It is divinely guarded by Rev. 12:18-19; 1 Cor. 14:22; 1 Pet. 1:20-1.

But the first promise (Ge. 31:31) is of woman's victory, which is given at the birth of a woman. Many women have furnished the head and hand work in many events. Deborah, a judge, and Lydia's reception committee for Paul's meeting at Philippi—and all thru the Scriptures the females have special roles that male commentators do not seem to notice.

Samuel took (1 Sa. 16:22) a harp for a sacrifice, and Abraham used seven ewe lambs settling a dispute of possession of a well (Gen. 21:28) and that is doubt has a prophetic significance when Revisers for "simplicity" versus high sounding, "valuable" expressions, render "seven ewe lambs" as "seven men."

Men have the pre-eminence in leadership, and women have been helpers and uplifters.

"In process of time" it has come that the world is in confusion and men fail to seek God's guidance; fail to remember God's promises, if ever they connect the promises and past deliverances with our need of deliverance.

The stone the builders reject

ship of the above mentioned men who strive to make scouting more interesting for their boys.

Mayme—How's your husband this morning?

Myrt—The poor boy is delirious again.

Mayme—Heavens! Is it serious?

Myrt—Gracious, no! It's the silliest stuff you ever heard.

Let's Not Talk About That!
When your husband is gone . . . of course you don't want to THINK about such things. But we can't be sentimental about cold facts. Now is the time to plan for the inevitable. Let us talk things over. We can help you tremendously.

"The big telephone Christmas rush is concentrated right on Christmas Day. Folks everywhere get the urge to exchange greet-

ings with friends far and near. Switchboard signals light up like the Yule tree and stay that way from early morning to late night. That is why we operators are bracing ourselves to do a big Christmas job for you. Every switchboard position will be covered. Every line will be used. We'll do our very best to get your greeting calls through."

Jesus was born at Bethlehem in one of the darkest periods of the world's history. Tiberius was emperor at Rome, and subject peoples suffered the tyrannies and oppressions of the "master race" of that day.

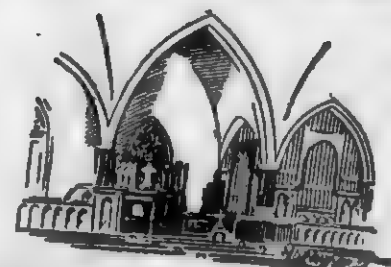

The moral, spiritual and intellectual lights of the world burned low, and almost flickered out. Literature and the arts belonged to a favored few. Human virtues were smothered by a spreading cynicism. In this unfavorable environment, faith and hope struggled feebly to survive.

But a clear light pierced this deep darkness from a little khan in Bethlehem. There Joseph and Mary gazed into the placid eyes of Him who was later to be called "the Light of the World."

The birth of Jesus marked a turning point in human history. Men began to sense the power of the unseen factors in human life, and there was a rebirth of faith and hope and love. The Star which led the Wise Men to Bethlehem was the symbol of a new day for mankind.

The Light of Bethlehem has grown brighter as generations have come and gone. It is the true guide of mankind in every age of darkness and uncertainty. It shines in the Church and lights the pathway of those who trust in God.

THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

Mrs. Edwin Watkins

In a beautiful evening service on Saturday, Nov. 9, at Glenwood Methodist Church, Miss Olga Andreotte, daughter of Mr. and Mrs. James Andreotte, 3011 Palmetto-av., and Mr. Edwin

Watkins, son of Mr. and Mrs. Leland Watkins, Bellefontaine, repeated their marriage vows before an altar decorated with candles and chrysanthemums against a background of palms and ferns. The Reverend Joseph Shellhaas, pastor of the church, read the service.

The bride, given in marriage by her father, wore a gown of white brocade satin, with an all the shoulder neckline, having a Bertha collar and long sleeves, ending in points over the hands. A fitted midriff highlighted the dress with the skirt ending in a long circular train. A long veil of illusion was held by a Queen Anne headdress made of tulle and edged with brocade satin ruching. Her bridal bouquet was an arm bouquet fashioned of white roses and streamers centered with a gardenia corsage.

Mrs. E. A. Hutchinson, matron of honor, and Miss Lucille Andreotte, maid of honor, were attired in shades of rose and wore heart shaped headresses made of nylon tulle. They carried arm bouquets of white chrysanthemums. Bridesmaids chosen were Misses Rose Marie DeVito, Jo Ann Watkins, June Buckenroth and Betty Knost, all of whom wore yellow nylon tulle dresses and matching accessories. They carried arm bouquets of yellow chrysanthemums. The dresses were styled along the same lines as the bride's.

Misses Madeline and Carmen Gallitcho were the flower girls, both dressed in white nylon tulle and wearing matching head-dresses. They carried arm bouquets of yellow pom-pom daisies.

Best man for Mr. Watkins was Mr. Don Hoyt and usher was Mr. Robert Watkins, N. C. DeVito, Mr. Lloyd Sanders, Mr. Bernard Wynan, Mr. Lincoln Easterbrook and Mr. Howard de Medici. Master James Miles acted as ring bearer.

Following the wedding a reception was held at the Southern Hotel for 300 guests. Mrs. Andreotte greeted her guests in an aqua crepe gown with black accessories and a corsage of yellow roses. Mrs. Watkins wore a open blue silk crepe dress with pink accessories. A corsage of pink roses was pinned at her shoulder.

Musie was furnished by Ray Mund's orchestra.

For her wedding trip the new Mrs. Watkins changed to a two-piece goldier blue suit, with which she wore black accessories and a grey kidskin fur coat, a gift from her father.

Mrs. Watkins graduated from West High School and also attended Ohio State University

They Are Married At St. Aloysius Church

Mr. and Mrs. Thomas Frost

In a double ring ceremony, Miss Dolores Morgan became the bride of Mr. Thomas Frost at ten o'clock on the morning of Nov. 16. The Rev. William Maloney performed the ceremony before the candlelit altar of St. Aloysius Church.

The bride is the daughter of Mr. and Mrs. Doane Morgan, 258 N. Eureka-av., and the bridegroom is the son of Mr. and Mrs. Willard Frost, 863 Miller-av.

The bride, who approached the altar on the arm of her father, wore a white Skinner's satin gown made with fitted bodice and bishop sleeves. The gown had a full skirt ending in a circular train. The low neckline of the dress was accentuated by looped bands of fluted satin. Small bows of the fluted satin also trimmed the skirt. Her fingertip veil of illusion was held by a sweetheart tiara edged with tiny seed pearls and ruffles of net. She carried a prayer book topped with a purple throat orchid and shower of satin ribbons with tiny wisps of fern. Her rosary was a gift. Her only jewelry was a single strand of pearls worn by the bride's sister-in-law at her wedding last August.

Miss Laurene Albert, cousin of the bride, was maid of honor. Miss Mariann Frost, sister of the bridegroom, and Miss Rita Henderick were bridesmaids. The three attendants were dressed alike in tulle gowns with fitted bodices and very full skirts. They wore net tiaras in their hair and carried Colonial bouquets of baby mums and daisy mums nestled in frills of net and tied with matching satin bows. Miss Albert was in aqua while the two bridesmaids wore delicate pink. Little Miss Barbara Lee Hines of Dayton, five-year-old cousin of the bride, was flower girl. Her tiny gown was fashioned of aqua tulle and match case of the other attendants. She too wore a tiara of net and carried a tiny Colonial bouquet. Miss Mitzi Henderick, cousin of the bride, sang.

Mr. Edward Frost was best man for his brother. Seating the guests were Mr. Raymond Morgan, brother of the bride, and Mr. James Frost, another brother of the bridegroom.

The wedding breakfast was served to the immediate families of the bride and groom at the Schmeizer Restaurant after the ceremony. A reception for one hundred guests was held in the evening at the home of the bride's parents.

For the occasion the bride's mother chose a tulle and lace dress with feathered hat to match. The bridegroom's mother wore a light green dressmaker suit with black accessories. Both mothers wore corsages of white baby mums.

Jean—Mac is at least twenty-five.

Sally—She never told you, did she?

Jean—Not exactly, but she said a girl shouldn't marry before she is twenty-six.

Porter-Groves Vows Exchanged Nov. 24

On Sunday, Nov. 24, Miss Mary Catherine Groves became the bride of Kenneth Richard Porter, chief petty officer, U. S. Navy. The Rev. Joseph Shellhaas read the double ring service at 3:30 o'clock in Glenwood Methodist Church. Seven-branched candelabra, tall tapers and groups of single candles lighted the church as the couple exchanged vows before an altar, where vases of white chrysanthemums were arranged against a background of palms, ferns and a screen of white chrysanthemums and foliage.

The bride is the daughter of Mrs. Arthur Russell Groves, 2900 Crescent-dr. The bridegroom is the son of Mr. and Mrs. Henry Porter of Maletta.

Given in marriage by her cousin, Mr. Orin Breckenridge, the bride was attired in a white brocade satin gown, the fitted bodice having a lavalier neckline, with buttons in the back and long sleeves coming to points over the hands. The folds of the skirt formed a circular train. Her fingertip veil of imported illusion was gathered to a tiara of silver beads and seed pearls and was caught at either side with a cluster of orange blossoms. In her bouquet, an orchid centerpiece, was surrounded by white roses, shattered carnations and stephanotis. Her costume was enhanced by an Eisenberg necklace, a gift of the bridegroom.

Mrs. Elouise Rucker Myers was matron of honor.

The bridesmaids were Miss Mary Jane Sheron, Miss Maxine Oyler, Miss Lois Roush and Miss Charlotte Gams.

Mr. Marvin D. McDill was best man. Ushers were Mr. Ellis Whaley, Mr. Donald McDill, Mr. Bernard McCarthy and Mr. Kelsey Porter, brother of the groom.

Chief Petty Officer Porter is attached to the U. S. Navy Recruiting Station at the New Post Office Building in Columbus. He served three and one-half years in the Pacific theater of operations.

As a going away costume the bride wore a soft black wool dress with a black fur trimmed cherry red coat. Her ensemble was completed with black accessories and small black feather hat.

After a wedding trip to Washington, D. C., the couple is now residing at 2900 Crescent-dr.

Forest Fires Are Still A Menace

According to forestry specialists at the Ohio Agricultural Experiment Station an annual average of 10,000 acres of woodland was burned over during a five year survey period.

In addition to the "critical loss" of the trees themselves forest fires destroy topsoil and wash it into the water. Small fires are killed and small saplings killed or scorched. Forest fires also retard the Ohio timber crop the same number of years as the age of the trees killed. A light fire can cause a loss of 100 to 200 bushels of timber per acre. Only slight damage to older trees since flash fires only "scor" the

older trees but as the years heal over and the tree continues its growth the damage is sealed in and makes its appearance when the log reaches the sawmill revealing interior lumber beneath the healthy looking bark.

Another loss factor is that of wildlife that suffers heavily in a forest fire that destroys everything in its path. Since forest fires are a burning deer, very little wildlife escapes the grasp of the on-rushing flames.

Restaurant Men To Have School

There has been a tremendous growth in the number of restaur-

ants in the United States in the past few years. We have nearly as many restaurants as we have homes. This increase in eating places has been so rapid that the industry itself and the public health service has not kept pace with the growth of this vital business, says Dr. O. M. Goodloe, Columbus Health Commissioner.

He has been active in coordinating the various phases of this work and now has arranged an educational program which will start after the first of next year, directed by Dr. Joseph Drayer, who has spent over 20 years in food work in the public health service. Doctor Goodloe stated that the restaurant and tavern owners have shown great in-

terest in this program and have promised their whole hearted cooperation and assistance to further this work.

Dr. Goodloe also said that these schools for food handlers will be given in such a way that oral and visual education will demonstrate the value of sanitation for the workers and the restaurants. These lectures will follow the plan that is accepted by the United States Public Health Service.

Miller Lists Objectives For New Year

Dr. R. J. Miller, 2493 W. Broad-st., president-elect of the Hilltop Business Men's Association, has just no time in getting the "ball rolling" for the year 1947. Ever since his election two weeks ago he has been busy lining up persons to serve on the various committees and this week he gave the first indication of some of the objectives of the organization in the coming year.

Improved traffic conditions for the Hilltop, better recreational facilities, cooperation with the proposed county zoning plan, industrial expansion and the extension of aviation possibilities were mentioned by the new HBMA proxy this week as things he would like to see worked on during the year 1947.

Installation of officers will take place at the Jan. 14 meeting of the association. There will be an executive meeting of officers of the group on Jan. 7. Plans for a minstrel show next year will undoubtedly come up for discussion at the first meeting of the new year.

There's Time To Enter Contest

C. H. "Doc" Campbell, secretary of the Hilltop Business Men's Association, announced this week that there is still time for employees of member firms to enter the letter writing contest, a part of the "Courtesy Clinic" recently sponsored by the HBMA.

Cash awards of \$25, \$10 and \$5 will be given for the best letters written by salespeople on practical use of ideas gained in the clinic.

Campbell pointed out that employees who had attended any of the three clinic meetings were eligible to enter the contest even though they had not attended all three.

Letters must be limited to 200 words or less and must be postmarked not later than midnight of Dec. 31, 1946.

Employees who attended all three of the clinic meetings were given certificates of award this week.

Russell Seely, of Seely's Hardware Co., drove to Chicago this past week-end to bring his son, Russell Seely, Jr., back home to spend the holidays.

Seely and children, Mr. and Mrs. Lloyd W. Mason of Steubenville, and Lt. Col. and Mrs. W. E. Ferman and children of Urbana, Ill.

All are looking forward to making this a very happy occasion for young Russell, hoping to overshadow memories of his near-fatal airplane crash near Honolulu on July 27.

Russell, Jr., is a graduate of West High School and many of his young friends will want to drop in and see him during the holiday season before he returns to Great Lakes Naval Hospital.

First 1947 Arrival Will Receive Many Presents

The tenth annual Hilltop Stork Derby will be put on again this year to honor the first baby born in 1947 in this area. Sponsored by The Hilltop Record and a group of local merchants, there will be prizes galore for the first arrival and his (or her) parents.

A list of firms and the gifts they are contributing will be published in next week's Hilltop Record. The winner of the contest will be determined by the attending physician's report as to the time of birth. The first baby born to parents of the circulating area of the paper in the new year will be declared the winner of this tenth annual event.

The circulating area of the Record is described as all of the city west of Sandusky-st. plus all of Franklin-twp.

This popular contest, started by the Record in 1938, has attracted city-wide interest every year since that time. To date the boys have a slight edge over the girls, there having been five boys and four girls. Should the first born in 1947 be a girl, the score would be tied.

First Winner
The first winner of the Stork Derby was Frederick Eugene Cunningham, son of Rev. and Mrs. O. W. Cunningham. At the time Rev. Cunningham was pastor of the Hilltop Church of God.

The 1939 winner was Linda Myers, daughter of Mr. and Mrs. Donald R. Myers. In 1940 Donald Edward Frazier was the first arrival. He is the son of Mr. and Mrs. Gilbert Frazier. The 1941 prize winner was Bonnie Janet Warrsmith, daughter of Mr. and Mrs. Harold Warrsmith.

Mary Lou Bowers, the daughter of Mr. and Mrs. Clarence Sowers, took the honor in 1942 while James Robert Glinther, son of Mr. and Mrs. Ralph H. Glinther, was the first to put in his appearance in 1943.

The 1944 derby was won by Daniel Paul Snyder, son of Mr. and Mrs. John D. Snyder. In 1945 Susan Eleanor Fletcher was the winner. Her parents are Capt. and Mrs. Edward A. Fletcher. Her arrival was shortly after her daddy had returned from overseas, after completing 50 missions as a bomber pilot for the AAF.

Last year Richard M. Irvin, son of Mr. and Mrs. Lawrence M. Irvin, took the honor. He and his parents live at 343 S. Richardson.

Ben Yee Uses Abacus To Figure Bills At His Laundry

Your shiny, efficient-appearing American adding machine can be beaten.

And the only instrument yet to prove it has been the Chinese abacus, calculating arrangement of beads and wires used to add and subtract, one of which is used in every day business by Ben Yee, hand-laundry proprietor at 15 S. Wayne-av.

Ben Yee, who came to the United States so long ago he can't remember how old he was, has been in business on Wayne-av. seven years doing hand laundry and using as his only method of computation, the abacus, an invention of his native China.

To an American, using the abacus looks like nothing short of the impossible. It resembles something Tykie Toy might have conjured up for the enjoyment of children who like to play with beaded toys. Ben Yee can explain its principles in simple terms but its mechanics are still not easily comprehended.

Some beads represent five units, some one, and by maneuvering this and that bead up and down the wires on the rectangular wooden frame, Ben Yee adds and subtracts his customers' laundry bills. There's not a customer who ceases being amazed at his accurateness and speed in calculating sums with the abacus.

Born in Canton
Ben Yee was born in Canton, China, and settled in Columbus, in 1918. His wife, whom he married on his first trip back to his homeland, has never been to his home town. He has visited his home three times since coming to the States and relates that he has many children and grandchildren that he really doesn't know the latest figures. He last returned to the States in 1931 and has not seen his family since, but thinks they were spared during the war with Japan. He says it is difficult now to get passage to the East so he is not contemplating going home for a while.

Ben Yee speaks fairly fluent English but is "not much good at reading." He attended Chinese school when he was very young and learned English upon coming to the States. His greatest ambition is to become an American citizen, and to do this, he enrolled in a citizenship class which meets twice weekly at Central High School. He hopes to take his first examination in 1947.

It is generally the foreigners in the United States who appreciate the American way of living. Ben Yee states that his people have always looked to America as the land of plenty, and as a country where people are honest. They have proven this to themselves in comparing American goods with articles from Japan or European manufacturers.

Ben Yee expressed himself on this. "If I see two pencils and the one is from America and costs 15c and one is from Japan and costs 15c, I buy the one from America. Americans do not lie. They are honest. If they send a bottle of cough syrup to another country, it will cure the cough. If the medicine comes from another country, it will probably not cure."

Ben Yee's skill at ironing could certainly be an enviable one, especially for housewives. There are few wrinkles in the shirts he labors over with a small flat iron. Time and patience at his job are his secret of success.

At the present time, Ben Yee is suffering with a sore throat and will enter the hospital this first part of the year for an operation.

It's Merry Christmas For Four Generations Here

Four generations will spend this Christmas together in one Hilltop home. Shown in the above Record photo are Mrs. Elizabeth Thomas (left), Mrs. Milla Long, holding her great-granddaughter, Cheryl Elizabeth Baughman, and Mrs. Margaret Baughman.

Christmas 1946 Will Be Quiet One For 'Dude' Grubbs

It will be Christmas tomorrow for four generations at the Edward Thomas residence, 2724 Vida-pl. And it's not only Christmas that they spend together, for due to the housing shortage, they all live at that address at the present time.

It will be the first Christmas played three-month-old Cheryl Elizabeth Baughman and, unlike her older relatives, she is not the slightest bit disturbed by all of the preparations going on all around.

For great-grandmother, Mrs. Milla Long, it will be her 83rd Christmas and although she probably wouldn't admit it, she's as excited as any of the rest this year.

Mrs. Margaret Baughman, 23, will be spending the second Christmas with her husband, Dale. Last year they arrived home just a few days before the holiday season after his return from service overseas. Prior to that he had been away from home through four Christmases, one of them having been spent overseas. Mr. Baughman is employed in the Veterans Administration here in Columbus.

Mrs. Elizabeth Thomas, 43, the third generation, is particularly busy this holiday season. In addition to seeing that all things are in readiness at home, she has had her hands full preparing for the Christmas cantata given Sunday evening at the Burgess Avenue Evangelical United Brethren Church, where she directs the choir.

Edward Thomas, Sr., and son, Eddie, make up the rest of the household at 2724 Vida-pl.

Mrs. Long was formerly in the grocery business on the Hilltop. She and her husband, Jacob Long, deceased, first went into business at the corner of Wayne and Sullivan-avs. in 1911. Later, in 1914, they built the present building at 2460 Sullivan-av. and moved the store to that location. For a time they were in business on Tenth-av. and then came back to 219 S. Eureka-av. where they operated a store until 1921.

Besides Mrs. Thomas, she has another daughter, Mrs. Helen Wilkins, Louisville, Ky.

Women In Business — No. 10 In A Series

Marjorie Elmer Liked To Draw Cartoons Of Classmates In School

You might call her Santa Claus' helper for certainly the merchandise you find in her shop is as colorful as Christmas and is incidentally quite appropriate for gifts.

She is Mrs. Marjorie Elmer and she operates a gift and novelty factory at 2459 Sullivan-av. Although she has operated the Gift Box at that address for more than two years her business will be entirely wholesale from now on.

Mrs. Elmer designs and manufactures plaques, costume jewelry, figurines, headbands and other kindred items. At present she is turning out nine different plaque designs.

Although her work requires a considerable degree of artistic ability, she has never had formal training in art. The work has grown out of a natural desire to draw and create things and grew out of a hobby rather than a fixed goal in life.

It all started when she was a pupil in an Idaho high school. She admits she spent her time drawing cartoons of her classmates instead of studying during study periods.

Mrs. Elmer was born in Fairbury, Neb., went through high school in Idaho and attended Northwest Nazarene College two years. She finished her college work at Auburn College, Wilmar, Ky., in 1938. She studied both voice and piano and is an accomplished pianist. In college she majored in math, being the first woman to major in that department in the history of the school.

Assisting her in her work of turning out novelties is her mother, Mrs. Kathryn Flowers. The casting of the plaques is done by James Pearl at his home, 2218 Safford-av. All of the painting and finishing work is done by hand in the work shop.

Mrs. Elmer lives at 878 S. Hague-av. with her husband, Kurt Elmer, and their four children, Marjorie, 16, Kurt, Jr., 14, Peter, 12, and Ruth, 8.

Mrs. McNett Reports Her Purse Was Stolen

Mrs. Frank McNett, 675 S. Wayne-av., told police Friday that two birds snatched her purse, containing articles valued at \$45, when she walked in the 800 block of S. Wayne-av.

Pickpockets relieved Mary Sweet, 159 Dakota-av., of \$15 while she was Christmas shopping and stole articles valued at \$40 from Lydia Londergan, 69 Leitchworth-av.

Whetstone-Thomas Wedding Was Nov. 24

Seven-branched candelabra and background of ferns and palms decorated the altar of the Morgan Methodist Church Sunday, Nov. 24, at 2:30 p. m., when Miss Isabelle Thomas became the bride of Mr. Robert E. Whetstone. The Rev. J. Carleton Babbs officiated. The bride is the daughter of Mr. and Mrs. Ward L. Thomas, 827 Grandon-av., and the bridegroom is the son of Mr. and Mrs. C. P. Whetstone, 505 S. Mr. Thomas approached the altar with his daughter, who wore an early American period gown of white tulle, fashioned with a deep marquisette yoke, fitted bodice and long sleeves. The full hoop skirt was caught at the hemline to reveal an inset of lace ruffles, and the same lace trimmed the neckline and sleeves. Her full length veil of imported illusion fell from a tiara of seed pearls and camellias edged in white shattered carnations.

Miss Marianna Thomas, sister of the bride, was the maid of honor, while the bridesmaids were Mrs. Jack P. Ogle and Mrs. Jack Mizer.

Cowboys Drop 2 Games Over Weekend

Chillicothe Edges West High 42-40;
Portsmouth Wins By 37-25 Count

The Chillicothe Cavaliers stole a page from the West High book of basketball tricks to edge the Cowboys by a 42-40 score at Chillicothe Saturday night. The game was decided by a field goal dropped by Cavalier captain, Jack Meeker, with a scant 15 seconds to go. It was the second defeat suffered by West during the week-end, the Cowboys having dropped a 37 to 25 game to Portsmouth Friday night in the Ohio River city.

The Cowboys will rest this week, all practice sessions having been cancelled until 8 o'clock Monday afternoon. It will be the last rest period before the City League season gets under way in earnest following the holidays.

Coach and Mrs. George Williams will spend Christmas with friends and relatives in Athens. The coach admitted that basketball would not be dismissed from his mind entirely during the week as he plans to go to Marietta Saturday to see the East Tigers play in that city.

Their offering grows louder, louder! Melody now swells,
And echoes fall Re-echoing with full a trillion bells.
Remember all Who listen for the sound in heaven's girl
O lands, and ring your bells of peace on earth.

PEACE ON EARTH
("Where wast thou when all the morning stars sang together, and all the songs of God shouted for joy?"—Job 38:7.)

O bear attentively the echoes ringing!
From high above The music comes. Again the stars are singing!
They sing of love So joyously—with heaven very near.

William Knox Was Director For 25 Years

Mrs. Archie Lanthorn, 179 N. Burgess-av., has been director of the Hillcrest Baptist Church Choir since 1942 when William Knox was forced to give up his work as director after 25 years.

Mr. Knox selected his successor when impaired hearing made it necessary for him to give up the choir with which he had spent so much time in the building of an outstanding choral group.

Mrs. Lanthorn has great plans for the future of her singers. She plans to present again some of the cantatas and special selections that made the former choir of Hillcrest known throughout central Ohio.

The history of the choir includes numerous successful renditions of the "Messiah" and other Christmas and Easter numbers. On some occasions outside soloists were brought in to augment the group of singers; at other times local talent carried the heavy solo parts.

Divided \$100 Prize
The "Rose Maiden" by Cowen was given on two separate occasions. At one time the choir divided a \$100 prize for first place in an Eisteddfod at Central High School. Several times the Hillcrest musicians have presented full concerts away from home in addition to providing music for the worship services each Sunday.

At different times, Mr. Knox was offered the directorship of choirs of other churches with substantial remuneration but he always preferred to serve his own church on a "gratis" basis.

The original choir developed from a nucleus of singers making up a double mixed quartet that sang at the dedication of the chapel at Eldon-av. and Steele-av. more than a quarter of a century ago.

Mrs. R. B. Jacobs Is Honored By Friends

Mrs. R. B. Jacobs was guest of honor recently when her former neighbors entertained at the home of Mrs. Sherman Magaw. Mrs. Jacobs received a gift from each neighbor.

Games prizes were won by Miss Tarpy, Ann Morris and Alma Snively.

Invited guests were Lena Lanch, Mrs. G. J. Jones, Elvora Jones, Mrs. J. G. Bower, Mrs. Fleming, Jean Sherman, Alma Snively, Mrs. Davies, Mrs. C. P. Schmidt, Louise Allmang, Ann Morris and Miss Tarpy.

MARY OF NAZARETH
Mary Queen of Heaven is a mighty queen, but Mary of Nazareth was a queen no less, although Nazareth folk never dreamed they had seen in the carpenter's house a queen in working dress; a queen sweeping a floor or laying a table, or washing the supper things at fall of night. And even had they watched they would not have been able to see the angel who came in a cloud of light, an angel with great eyes aflame with wonder this girl and spoke to her: The sound of his voice was more terrible than thunder, but she was not terrified. She did not stir. And when she spoke, the angel bowed his head, knowing what power moved in the word she said.

These Things Speak Christmas Time To Me
These things speak Christmas time to me:
The falling snow on a country lane.
Pictures traced on a window-pane.
Candle-shine and firelight's glow;
And high on a hill for all to see
The outlined form of a Christmas tree
Hung with ornaments of snow.

These things speak Christmas time to me:
A child's hushed, expectant face;
Stockings hung by a fire-place;
Cranberries strung on a bright green string
And whispered tales of Santa Claus.
And in the silence of the pause,
From without, the sleigh-bells ring.

These things speak Christmas time to me:
The gold wax of an angel's hair
And carols lifting on the air.
I wish all the world to be
Filled with peace and joy and love—
A benediction from Above...
These things speak Christmas time to me.

The Arab Learns American Ways

The population of North Africa is predominantly Arab. For centuries these followers of Mohammedanism have lived on the land along the Mediterranean from Casablanca to Suez. The lore of their civilization, religion, mannerisms and customs is rich and deep.

The Arab was not seen by the invading American in his true light. The American invasion of Africa and the influence extended through-
out Morocco, Algeria and Tunisia have been profound indeed. Ever before in its centuries of tranquil and quiescent living has the Arab world received a jolt.

At first the Arab thought pattern has been disturbed. The American GI even changed the name. The Arab is no longer the Arab. He is now the Aaa-rab (with the accent on the "A"). The original and correct pronunciation of the word was unanimously rescinded by the first GIs to land on the continent and just as unanimously adopted by all those who followed.

We affected their language. To all the various dialects spoken by the sons of Mohammed were added such choice phrases as these: "Blow it out your backside" and "Go to blazes, you blankety-blankety Yank." All bright young Arab boys picked up the GI lingo with amazing rapidity. I was accosted by a curious young urchin my first night in Ouarzazat. He wasn't at all extrajagant in his request. He just wanted to buy my watch, a price-
less commodity in Africa. When I politely refused, explaining that the watch was a treasure presented to me by my mother, he politely told me to go to Hades, and it wasn't a Mohammedan Hades either.

We affected their diet. The hard candy in C rations and D ration chocolate bars caught on as rapidly as a fire in a cellophane factory. The Arab kids loved it. An early sport among the sadistic American troops was to toss a handful of candy among a group of kids and watch the youngsters bloody each other up in the resulting scramble. If the younger generation of Moslems grows up warped and vindictive, sociologists will know where to fix the blame.

The American cigarette now needs no advertisement in Africa. No Arab cares whether medical science approves the fags or not. All he cares is the paper contains a reasonable amount of tobacco. The Camel now means something besides "the ship of the desert" to the good followers of Mohammed. At first we tossed cigarettes to them much in the same manner as we did candy. Then we found that the cigarettes brought good money so that sport was discontinued. In fairness to the civilian who suffered through the cigarette shortage during the war let it be said that relatively few cigarettes were sold to the Arabs. Most of the fellows I knew usually had only enough for their own needs.

We also taught the Arabs something about their age-old system of barter. One of the commonest sights in all of Africa is to see two men haggling violently over a commodity. Any commodity that changes hands is accompanied by this vociferous arguing. No blood is shed. It is merely an ageless Moslem custom. The Americans didn't haggle with them. He fooled them. The GI paid the outrageous prices the Arab demanded for his goods. He knew he was being taken for a ride. But, by way of reciprocating, many times he sold the Arabs cigarette cartons cleverly filled with match boxes which weren't discovered until later by the luckless purchaser. Mattress covers, which the Arab desired as a raiment, were a particularly good source of revenue. A trick used occasionally was to tie a cover securely in the back of a vehicle, the method of tying concealed from the purchaser-to-be. After the money changed hands, the driver would merely drive off. The Arab would leave the air blue with naughty Mohammedan words but the resourceful GI had recouped some of their money.

The give and take between the Arabs and the Americans probably ended up about even with the overall economy of neither country suffering irreparable damage. We even changed the first names of the people. Ever Arab I ever knew had the handle of

The World's Greatest Message

By Rev. Jacob Ashburn

Editor's Note: The following Christmas message was written for The Hilltop Record by the Rev. Jacob Ashburn, Jr. Rev. Ashburn is pastor of the Oakley Avenue Baptist Church and is the senior Hilltop minister from the standpoint of service. He came to the local church almost 30 years ago and has been with that church ever since.

When the angel said unto the shepherds who were keeping watch over their flock by night,

"Fear not, for behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day in the city of David a Saviour, which is Christ the Lord," he delivered the greatest message of all times concerning the most momentous event. The event with relationship to all other events in history, was dated, a Saviour had come into the world. And because a Saviour had come they were to fear not.

Humanity was living in a state of fear on account of the evils and ills of life. For some there was no hope, they were confronted with doubt and despair. Now they are to fear not because a Saviour has come. This is the best news the world has ever

Rev. Ashburn

known. It is an all people, not for a select class or group. All are to have this message. There is no one in this world that cannot be obtained for money, but here is the greatest of all blessings within the reach of all. No one is barred.

It is a gift and does not come by any good we may do. It is the free gift of God. God has loved the world that He gave his only begotten Son that whosoever believeth in Him should not perish but have everlasting life. The price has been paid for the salvation of this world and humanity has only to accept it.

Jesus is for all time. "Jesus Christ, the same yesterday, today and forever." He does not change. Men change, systems change, but Jesus says of himself, "Heaven and earth shall pass away but my words shall not pass away." Thus he is dependable, he can be trusted. His coming settles all the problems of life and death. His promise, "And lo, I am with you always." Accepting Him will bring rich blessings into our lives and relieve men both in time and eternity from the heavy crushing curse of sin.

He is a gift of life. "I am come that they might have life and have it more abundantly." The world is concerned about a living-about things. It is possible to have a living without having life. If we accept the life that Christ gives a living will follow. "Seek ye first the kingdom of God and his righteousness and all these things shall be added unto you." What we call a living cannot be carried out of this world. A life moves on from time into eternity. It cannot be taken away from you. All who will may have it. Separate from Christ humanity is divided. In Christ we are one. The nearer we are to Christ the nearer we are to each other. With the life that Christ gives all problems of life will be settled. This is the greatest news the world has ever heard. "Unto us is born a Saviour which is Christ the Lord."

This little homestead, nestling in the hills of a quiet countryside, is one of the most typical things in America. It is the home of an American family. From homes like this, scattered throughout the land, have come the moral strength and inspiration to build the greatest nation on earth.

Man's rise from primitive conditions to a high state of civilization has been coincident with the development of his family life and the growth of his religious concepts. His noblest traits, his finest impulses, his fundamental skills and his most salutary habits have come from homes that were activated by religious faith.

Nations have flourished and grown great and prosperous as they have cultivated and preserved a strong family life. They have decayed and fallen when home ties and influences have disappeared or been seriously weakened.

No home can be strong without God and religious influences to guide the lives and shape the characters of its members. When children grow up strengthened and sustained by faith in God and by right living, they become the joy of their families and the strength of the State.

The Song of Christmas

THE long journey from Nazareth to Bethlehem... a new Star in the sky... heavenly music above the hills of Judea... the flutter of angel wings... the swift journeying of the Shepherds... Mary and Joseph and the new-born Child... the coming of the Wise Men, with their gifts of gold, frankincense and myrrh...

From these inspiring things the Song of Christmas was fashioned more than twenty centuries ago. The years have added new notes of happiness. Carols and songs upon the air... candles gleaming into the night... secret whisperings and laughter in the home... greetings going from friend to friend... deeds of love and mercy done in the name of a Child.

No great symphony or composition can match the Song of Christmas. It rises above the clutter and roar of the city; it throbs through the scattered town and hamlet; it sings through the sunlit islands of the South; it permeates the frozen wastes of the Northland. In ever-widening volume its strains echo around the world.

Before its magic the hosts of darkness take flight. It touches the slumbering chords of memory; it heals old hurts and scars; it binds loved ones in a closer and deeper tie. There are no friendless or forsaken within its sound; under its influence the strong reach out to help the weak. Peace and Love and Joy, these are its loudest notes, and they are for all men. For the Song of Christmas is the greatest of all songs because it is understood by every heart.

Richard Irvin will be "happy birthday" tomorrow for one-year-old Richard Irvin, son of Mr. and Mrs. Lawrence M. Irvin, 342 S. Richardson-av. Last year he was the winner of the ninth annual Hilltop Stork Derby sponsored by The Hilltop Record.

Today, as was also the case one year ago, his parents are still looking for a home for their own. Last year at this time they were on the point of being put out of the house they occupied. Today they are living with relatives at the Richardson-av address. Hoping that "something will open up."

Award Air Medal To Lt. Harrison

A permanent citation for an Air Medal was awarded posthumously to Lt. Howard M. (Howdy) Harrison, son of Mr. and Mrs. Miller H. Harrison, 3077 Parkside-rd, last week by Navy Secretary James Forrestal. The citation said Lt. Harrison shot down a Jap plane, probably destroyed two others and contributed materially to the success of the mission on March 31, 1944.

War Widower Brings Small Son To U. S.

Charles Reaver and his wife, Carol, flew in a Taylorcraft, taking off from Clegg's Airport, followed closely by sons, Robert and Donald, in the other plane. Both sons hold private pilot's licenses.

Mr. and Mrs. Frank Rose and children, Dorothy and Genevieve, of Clarington, visited with Mr. and Mrs. Dale Rose, 192 Haldy-av, several days last week.

Leading Carols

By LYN CONNELLY
A SONG which made its appearance in 1942 entitled "White Christmas," is in its fourth year and well on its way to permanent recognition as a Christmas favorite.

The amazing popularity of "White Christmas," as a yuletide song reached its peak last year when a poll conducted to establish the favorite carol of servicemen revealed that 32 per cent. of the votes went to this early war song written specifically for the occasion by Irving Berlin, graduate of Tin Pan Alley.
The birth of the song was entirely by accident despite rumors to the contrary which attribute its conception to the war. Actually, it was composed in 1940. A Hollywood studio had an idea for a motion picture to be called "Holiday Inn," starring Fred Astaire and Bing Crosby. The theme of the picture was based on the holidays of the year and a song was needed to represent each holiday. Irving Berlin was contracted for the composition. The picture, released in 1942, was synonymous with our second wartime Christmas, and in that year the song sold one million copies in four months. Although nothing is done by the poet of the publishers to exploit the song, it automatically rings the register each year as the holiday season approaches. Berlin calls it his favorite song, with the exception of his "God Bless America" written during World War I. "It's difficult to predict a song's future," says Berlin, "but judging from its past, I would say 'White Christmas' has a very good chance of becoming a permanent song along with other Christmas carols."

Used As Good Luck Charm
Rings of mistletoe were worn around the neck in Sweden to prevent sickness.

Gives Strength to Wrestler
In Holstein it is believed that it is not only a cure for all green wounds, but that it will insure success in the chase and give strength to the wrestler. If mistletoe is worn.

Siamese Population
A land of nearly 18 million people, mostly Siamese, Siam includes many Chinese, East Indians, and Malaysians. Chinese Buddhism is the principal religion.

May countless blessings bring true joy to you and yours at Christmastime.

Teeth Like Bones
Teeth are like bones in that they have several mineral elements, notably lime, in their make-up; they are supplied with

blood vessels to carry food to the various parts of the tooth structure; and they are well supplied with nerves, as many of us learn from experience.

LITTLE OL' SANTA

The little ol' santa propped under our tree... he's lost a leg and an arm, you see... but no one seems to care. Not that we're unsympathetic, rather, we are just a bit nostalgic.

Time was when our santa, bright and new, benignly welcomed Tommy and Sue... as they tiptoed downstairs to see... their presents spread beneath the tree... very early Christmas morning.

The Tommy and Sue have outgrown their toys... and entwined their hearts with grown-up joys... that little ol' santa, propped under the tree, symbolizes Christmas—as Christmas ought to be... with toys for children, good will among men... on earth, Peace dawning.

Better Tires From Rayon

Use of rayon for cords in tire-making promises a tire that will give increased mileage and operate with so much less internal friction than when cotton is used that it will reduce gasoline consumption. P. W. Litchfield, chairman of the Goodyear Tire and Rubber Co., announced. It will be some time before such tires are available for passenger cars, he states, as rayon manufacturers are unable to produce enough material to meet demands and all that is available is going into truck tires.

Richard Irvin
It will be "happy birthday" tomorrow for one-year-old Richard Irvin, son of Mr. and Mrs. Lawrence M. Irvin, 342 S. Richardson-av. Last year he was the winner of the ninth annual Hilltop Stork Derby sponsored by The Hilltop Record.

Today, as was also the case one year ago, his parents are still looking for a home of their own. Last year at this time they were on the point of being put out of the house they occupied. Today they are living with relatives at the Richardson-av address, hoping that "something will open up."

Award Air Medal To Lt. Harrison

A permanent citation for an Air Medal was awarded posthumously to Lt. Howard M. (Howdy) Harrison, son of Mr. and Mrs. Miller H. Harrison, 3077 Parkside-rd, last week by Navy Secretary James Forrestal.

The citation said Lt. Harrison shot down a Japanese plane, probably destroyed two others and contributed materially to the success of the mission on March 31, 1944.

Lt. Harrison lost his life the last day of the war, over Japan. The former bomber pilot is also survived by his wife and two sons.

War Widower Brings Small Son To U. S.

A former Hilltopper arrived in New York Sunday with his motherless 18-month-old son, who was cared for by two stand-in "mothers" during the voyage from Southampton aboard the transport John Ericsson.

The man is Lowell Fanning, 31, whose address was given as 2153 W. Broad-st. His British war bride, Emma Humphrey, mother of his son, Eric, died in October. Two women passengers, noting the army corporal's plight, helped care for the child during the crossing.

Charles Reaver and his wife, Carol, flew in a Taylorcraft, making off from Clickenger Airport, followed closely by sons, Robert and Donald, in the other plane. Both sons hold private pilot's licenses.

Mr. and Mrs. Frank Rose and children, Dorothy and Genevieve, of Clarington, visited with Mr. and Mrs. Dale Rose, 192 Haldy-av, several days last week.

Valuable Prizes Await 1st Arrival

With the stroke of midnight tonight the eyes of the Hilltop will be focused on the doings of Mr. Stork, for it will be the start of the 10th annual Hilltop Stork Derby sponsored by The Hilltop Record in cooperation with several business firms.

To the first baby born of parents of The Hilltop Record circulating area will go not only the honor of becoming 1947's first arrival but a long list of valuable prizes as well.

The winners of the contest will be determined by the attending physician's report as to the actual time of birth. Proof of the time of birth must be established at the Record office, 2485 W. Broad-st, not later than 12 o'clock on Saturday, Jan. 1.

The circulating area of the Record is described as all of the city west of Sandusky-st, plus all of Franklin-twp.

Last year's winner was Richard M. Irvin, son of Mr. and Mrs. Lawrence M. Irvin, who now live at 342 S. Richardson-av.

The following list of prizes will be given:

A solid gold baby ring from Hilltop Jewelers, 2421 W. Broad-st.

A beautiful basket of fruit for the mother, Fox Food Shop, 2422 W. Broad-st.

Warm baby blanket, C & S Dime Store, Sullivant at Richardson-av.

Vaporizer from Rausch Brothers Hardware, 2788 W. Broad-st.

A free ride home from the hospital in an ambulance is offered by Wylie S. Shroyer, 1278 W. Broad-st and 2535 W. Broad-st.

A \$5 supply of baby goods is offered by the Broadmoor Dry Goods, N. Westmoor-av at Broad-st.

Two dozen assorted strained baby foods are being given by Huntz Food Market, Powell-av at Broad-st.

A pair of Red Goose infant shoes is the gift of Broadway Shoe Store, 2390 W. Broad-st.

Two dollars worth of dry cleaning is offered by Riepenhoff Dry Cleaners, 2530 Sullivant-av.

A lovely bouquet of flowers will be given the baby and its mother by Yost Florist, 303 Belvidere-av.

A gift basket of groceries is being prepared by Kent's Modern Market, Sullivant-av and Hague-av.

Six 3 by 7 baby pictures will be furnished by Richey Photo Studio, 2343 W. Broad-st.

Two gallons of BOS Chlorox to sterilize baby's garments is offered by BOS Chemical Co., 3274 W. Broad-st.

A gift awaits the honored parents at the office of the First Federal Savings & Loan Association, 2369 W. Broad-st.

Thirty quarts of SoKurd milk will be given by the Hamilton Milk Co.

Sellers, 2404-12 W. Broad-st, are furnishing an infant's baby chair, a fold-up clothes tree rack and a fold-up clothes dryer rack.

A free shampoo and finger wave is awaiting the mother at the Opal Bell Beauty Shop, 1946 Sullivant-av.

Dad will come in for a share of the glory when he calls at Bill Spires Shell Service, 2811 W. Broad-st, for a complete lubrication job and an oil change free of charge.

Campbell's Pharmacy, 2786 W. Broad-st, will add to the impressive list of prizes a box of baby's own beauty kit, containing soap, powder and oil.

DAUGHTER IS BORN
Mr. and Mrs. John P. Camp of St. Louis are announcing the birth of a nine-pound daughter, Dec. 24. Mr. Camp's home is in Columbus, 186 S. Terrace-av.

CHRISTMAS MYN FOR MOTHERS

Jesus was but a little Boy,
As mine is now, and Mary's
feet . . .
Went many errands with great
joy
To make His hours more sweet.
And Mary's hands were hands of
good,
Toiling for husband and for
Son;
The holy angels understood
And blessed each service done.
And Jesus, looking from the
cross,
Knowing what was at last to
be,
Comforted Mary for her loss
With all eternity.

THREE YULE FIRSTS

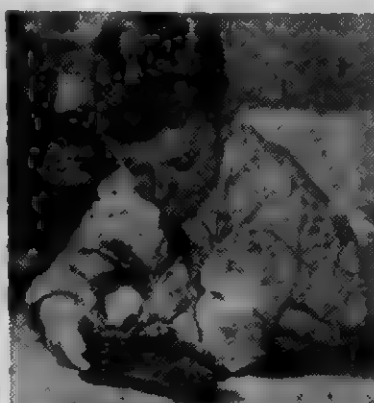

Claims to being "firsts"
among Christmas cards are
held by these early designs.

"Which came first?" and "who
thought of it first?" are the two
questions asked since time im-
memorial. These questions have
baffled historians, challenged de-
tectives, caused law students to
burn the midnight oil — but most
of all — have intrigued the public.
For the last few years there's been
a big to-do about the "first" Christ-
mas card and the subject has fas-
cinated many greeting card col-
lectors, art dealers, museum cura-
tors and a sizable portion of the
American and British public.

The earliest Christmas card on
record, in the light of recent find-
ings, appears to be that of W. M.
Egley, dated 1842. Discovered in a
mass of skating prints by the Brit-
ish museum, it is indisputably a
Christmas card and seems to have
been produced for general use. It
resembles the early New Year's
cards of German origin with its
various scenes enclosed in a half-
gothic, half-rustic trelliswork and it
depicts the Christmas pantomime
"Harlequin and Columbine," a pup-
pet booth, skaters and other scenes
relating to the holiday season. Its
sentiment reads "A Merry Christ-
mas and A Happy New Year to
You."

Until the Egley card was discov-
ered, the first known Christmas
card was, for years, thought to
have been the one designed by J.
C. Horsley RA for Sir Henry Cole
in London in 1846 who wanted a
card to send to his friends at Christ-
mas. Horsley's card was litho-
graphed by Jobbins of Warwick
Court and a thousand copies struck
off. These were colored by hand
and featured among other scenes a
merry family group holding allied
wine glasses aloft.

An eminent American author-
ity on greeting cards and a relent-
less collector of early creations, E.
D. Chase of Boston claims that he
has found what he believes to be
the "first" Christmas card — but
until some scientific corroboration
is forthcoming we must consider
his discovery a "dark horse" in the
running. That it is a very "early"
card — there can be no question.
Our collector traced R. H. Pease,
the lithographer whose name ap-
pears at the bottom of the card,
down to the year 1839 where the
latter was listed in the Albany,
N. Y., directory as an engraver.
The thing, however, that stamps the
card as the first is the fact that there is
no date on the card itself.

SYNCHRONIZE YOUR WATCHES
... It's zero hour as children
everywhere get their Christmas
scent cars and tanks for an all-
out assault. It is the first time for
several years that rubber tires
have been included with toys of
these types.

CHRISTMAS KINDNESS

There is no time in all the year
So filled with kindly thoughts
and cheer
As Christmas time when winter's
haze
And others come to mind.
Though we have trials on other
days
They melt away like clouds and
haze

If we fall in with Christmas ways
When everyone is kind.

Christmas Poem

The time draws near
the birth of Christ.
The moon is hid; the
night is still;
The Christmas bells
ring from hill to hill
to answer each other in
the night.

Four voices of four humors round,
From far and near, on wind and
moor,
Swell out and fall, as if a door
Were shut between me and the
sound.

Each voice four changes on the
wind,
That now glaze, and now de-glaze;
Peace and good-will, good-will
and peace,
Peace and good-will, to all mankind.
—Tennyson.

Humanity is a duty made
known and enjoined by revela-
tion, and ever keeping pace with
the progress of Christianity.

ness is our wish to all

A Volunteer Santa Speaks His Heart

"I know what it is to be a disappointed kid on Christmas morning—

"I always wanted a best, but my folks were poor and I never got one—that's why I became Santa Claus, I guess."

Working for the Volunteers of America, I've played Santa to thousands of youngsters during the last 10 years. I read a lot of minds, too, during the depression when people played a past my cardboard chimney; folks are happy now and the carols, that gave them a far-away look while war smog blacked out the Christmas spirit, make them smile and drop coins in the chimney.

"It's fun to have a part in the happy Christmases of so many youngsters. Most of these that I see come downtown with their mothers, and I try to get a nod of approval before I make any definite promises—kinda make sure the kids won't be disappointed.

"Just the same, I can't help thinking about the kids I never see who wait dolls, dishes, drums and sleds, picture books, skates, trains, and best of all, what a lot of helpers Santa needs to see that all these things get to the right places at the right time!

"With we could be sure there will be no broken hearts this Christmas."

Christmas Was At One Time Illegal

The Puritans disliked the celebration of Christmas, preferring their own celebration of Thanksgiving.

In 1659 the high court of Massachusetts held that "anybody who is found observing, by abstinence from labor, feasting or any other way such day as Christmas Day shall for each and every offense be fined five shillings."

THE HILLTOP RECORD—CHRISTMAS SUPPLEMENT

Peace on earth good will to men

ENJOY the richest fulfillment of Christmas . . . by attending the church of your choice when Christmas morning breaks. Obtain freedom from the worries of the present . . . gain new hope for the future. Meditate in prayerful silence as the notes of the organ float from the chancel. Rejoice again in the glory of the Nativity; join your friends and neighbors in the singing of the old traditional Christmas carols. Your church is the bulwark of democracy. There does freedom exist and flourish.

Come to church Christmas morning and every Sunday thereafter. "For what is a man profited if he shall gain the whole world and lose his soul?" "God is our refuge and strength, a very present help in trouble." Let the word of God penetrate our consciousness anew, guide us in the dark and troublous days ahead.

To the first baby born of parents of The Hilltop Record circulating area will go not only the honor of becoming 1947's first arrival but a long list of valuable prizes as well.

The winner of the contest will be determined by the attending physician's report as to the actual time of birth. Proof of the time of birth must be established at the Record office, 2468 W. Broad-st, not later than 12 o'clock on Saturday, Jan. 4.

The circulating area of the Record is described as all of the city west of Sandusky-st, plus all of Franklin-tw-p.

Last year's winner was Richard M. Irvin, son of Mr. and Mrs. Lawrence M. Irvin, 342 S. Richardson-av. Last year he was the winner of the ninth annual Hilltop Stork Derby sponsored by The Hilltop Record.

Today, as was also the case one year ago, his parents are still looking for a home of their own. Last year at this time they were on the point of being put out of the house they occupied. Today they are living with relatives at the Richardson-av address, hoping that "something will open up."

CHRISTMAS LEGEND

The legend runs: On Christmas Eve a little candle's ray, shining through the dusk, will light the Christ Child on His way. I've polished well my window-pane, and set my candle there;

Keep a taper gleaming far across the snow (Once a road was furrowed And a journey slow.)

Once a great star furnished All He knew of light. May a nation's candles Fuse their flames tonight. Dorothy P. Albaugh, in her book, SONGS AGAINST THE DARK

White House Christmas
The White House Christmas tree in the East Room. Presents are for the children of White House employees.

Coldest Regions
The North pole is not the coldest place in the Arctic circle, according to the Encyclopaedia Britannica. For more than a quarter of a century Europeans have lived in the coldest Arctic regions, which are the Yukon basin in Alaska, the Yukon territory in Canada and the Siberian province of Yakutsk. Temperatures of 90 below zero have been recorded in Yakutsk.

CHRISTMAS WISH

The flames of Yule-tide fires
must not die,
The light of Christmas candles
must not wane.
The world so sorely needs their
cheery glow;
The Christ-Child's birth must not
have been in vain.

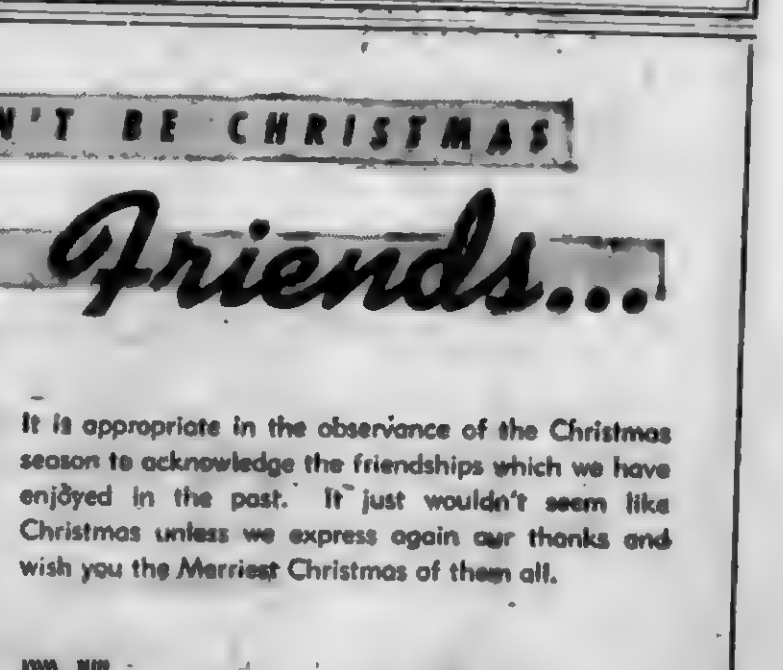

We need the angel's message to
the world
Of "Peace, Good Will" to weary,
care-worn men;
May all the world soon share the
blessed peace
Brought to us by the Christ of
Bethlehem.

Mistletoe Distinct As Yule Decoration

Mistletoe, that distinctive Christmas green so common in many parts of America, is usually thought of as merely good holiday decoration or as a creature of open season on ladies fair for otherwise bashful swains.

Mistletoe did not always hold this position in our lives. The Druids called it "all-heal," and thought it held many miraculous virtues. The Scandinavians dedicated it to their goddess of love, Friga. Probably this goddess of love is responsible for the custom of kissing under the mistletoe.

The power to heal, to protect against sickness, to perform magic deeds—all these and more are the qualities ascribed to this plant in legends, traditions and even in ancient histories and literature.

Mistletoe is a parasite, which infests branches of various trees of both hardwood and conifers, but mainly on hardwoods. One species is found exclusively, however, on conifers.

Among the Celts and others mistletoe which grew from the oak was considered to have peculiar magical virtues not possessed by that from any other trees. Some even considered it so rare as to be only cut with a gold knife.

Another old tradition is that the mistletoe supplied the wood for the holy cross, as previous to that time it was a forest tree but after the crucifixion was condemned to exist only as a dwarf parasite.

Mistletoe was taken over into the Christian tradition in due course and dedicated to the Christ Child. An old rhyme reads:

The mistletoe bough

At our Christmas board

Shall hang to the honor

Of Christ our Lord.

Edible Manger In Ukraine Rituals

That Ukraine's elaborate Christmas Eve supper, known as a "stuffed" fast during which no meat has been eaten. Twelve courses are served, one for each of the twelve Apostles: buckwheat and mushroom soup, pancakes of fish, prunes, fish, bread, and nuts are included in the menu.

An additional course of honey and porridge is also served: called Koutia, the dish represents the holy crib; the porridge represents the straw—as in the manger—and the Holy Infant is symbolized by honey and fruit; the honey is also considered symbolic of the spirit and blood of the Saviour.

CHRISTMAS
Tonight gaze toward the heavens; you will see
The same bright stars that shone on Bethlehem.
Two thousand years of human stratagem
Have not transformed the snow's white artistry;
Nor made less green the cedar's filigree,
Where choral winds chant solemn requiem;
Nor altered by a star, the diadem
Which sheds its light on dark Gethsemane.

The gleaming holly branch, the mistletoe.

Remain unchanged by man's inventiveness;
The moon's thin golden veil upon the sea
Eludes us now; as it did long ago.
Our hearts yearn neither more, nor any less
Than when Christ yearned and walked in Galilee.

ONE MOTHER'S CHRISTMAS
Her other children sent practical gifts:
Dress-colored dresses, durable and plain,
And heavy sweaters that would keep her warm
While she did the chores about her farm.

But Bill—her youngest, who the neighbors said
Would always be a shiftless wanderer—
Had sent her beautiful and foolish things:
Books of poetry and tape and jade ear-rings.

She was grateful to the others for their gifts—
The clothing and the sturdy, thick-soled shoes—
But that night when the lonely farm was still,
She knelt and said a special prayer for Bill.

A permanent citation for an Air Medal was awarded posthumously to Lt. Howard M. (Howdy) Harrison, son of Mr. and Mrs. Miller H. Harrison, 3077 Parkside-rd., last week by Navy Secretary James Forrestal.

The citation said Lt. Harrison shot down a Jap plane, probably destroyed two others and contributed materially to the success of the mission on March 31, 1944.

Lt. Harrison lost his life the last day of the war, over Japan. The former bomber pilot is also survived by his wife and two sons.

THE HILLTOP RECORD—CHRISTMAS SUPPLEMENT

Friday, December 24, 1946

The way to test wedding rings is by washing dishes.

The silence that accepts merit as the most natural thing in the world is the highest applause. —Emerson.

"Yes, Virginia, There Is A Santa Claus," Frank Church

Editor's Note: The following reply to a little girl's inquiry, "Is there a Santa Claus?" has become almost traditional with the Christmas season. It was written by Frank Church, an editorial writer for the New York Sun.

Dear Editor—I am eight years old. Some of my little friends say there is no Santa Claus.

Papa says: "If you see it in the Sun it's so."

Please tell me the truth: "Is there a Santa Claus?" Virginia O'Hanlon

Virginia, your little friends are wrong. They have been affected by the skepticism of a skeptical age. They do not believe except what they see. They think that nothing can be, which is not comprehensible by their little minds. All minds, Virginia, whether they are men's or little children's, are little. In this great universe of ours man is a mere insect, an ant, in his intellect, as compared with the boundless world about him, as measured by the intelligence capable of grasping the whole of truth and knowledge.

Yes, Virginia, there is a Santa Claus. He exists as certainly as love and generosity and devotion exists, and you know that they abound and give to your life its highest beauty and joy. Alas, how dreary would be the world if there were no Virginias. There would be no child-like faith then; no poetry; no romance; no make-believe; no joys; Christmas would be a common, ordinary, prosaic, commonplace affair, as are all the great, significant things of the world.

Not believe in Santa Claus? You might as well not believe in fairies! You might get your papa to hire men to watch in all the chimneys on Christmas eve to catch Santa Claus, but even if they did not see Santa Claus coming down, what would that prove? Nobody sees Santa Claus, but that is no sign that there is no Santa Claus. The most real things in the world are those that neither children nor men can see. Did you ever see fairies dancing on the lawn? Of course not, but that's no proof that they are not there. Nobody can conceive or imagine all the wonders there are unseen and unseeable in the world.

You may tear apart the baby's rattle and see what makes the noise inside, but there is a veil covering the unseen world which not the strongest man, or even the strongest men that ever lived, could tear apart. Only faith, fancy, poetry, love, romance, can push aside that curtain and view and picture the supernal beauty and glory beyond. Is it all real? Ah, Virginia, in all this world there is nothing else real and abiding.

No Santa Claus? Thank God!

Kind remembrances at Christmastide. May the Christmas of 1946 be among the most joyous you have ever known.

Richard Irvin

It will be "happy birthday" tomorrow for one-year-old Richard Irvin, son of Mr. and Mrs. Lawrence M. Irvin, 342 S. Richardson-av. Last year he was the winner of the ninth annual Hilltop Derby sponsored by The Hilltop Record.

Today, as was also the case one year ago, his parents are still looking for a home of their own. Last year at this time they were on the point of being put out of the house they occupied. Today they are living with relatives at the Richardson-av address, hoping that "something will open up."

Award Air Medal To Lt. Harrison

A permanent citation for an Air Medal was awarded posthumously to Lt. Howard M. (Howdy) Harrison, son of Mr. and Mrs. Miller H. Harrison, 3077 Parkside-rd, last week by Navy Secretary James Forrestal.

The citation said Lt. Harrison shot down a Jap plane, probably destroyed two others and contributed materially to the success of the mission on March 31, 1944.

Lt. Harrison lost his life the last day of the war, over Japan. The former bomber pilot is also survived by his wife and two sons.

War Widower Brings Small Son To U. S.

A former Hilltopper arrived in New York Sunday with his motherless 18-month-old son, who was cared for by two stand-in "mothers" during the voyage from Southampton aboard the transport John Ericsson.

The man is Lowell Fannin, 31, whose address was given as 2153 W. Broad-st. His British war bride, Emma Humphrey, mother of his son, Eric, died in October.

Two women passengers, noting the army corporal's plight, helped care for the child during the crossing.

Reaver Family Flies In Florida Air Tour

The air-minded Charles Reaver family of 1604 Reaver-in took off yesterday in two planes on the annual Gulf Oil Co. Air Tour to Florida.

Charles Reaver and his wife, Carol, flew in a Taylorcraft, taking off from Clevelenger Airport, followed closely by sons, Robert and Donald, in the other plane. Both sons held private pilot's licenses.

Mr. and Mrs. Frank Rose and children, Dorothy and Genevieve, of Clarington, visited with Mr. and Mrs. Dale Rose, 192 Haldy-av, several days last week.

Valuable Prizes Await 1st Arrival

With the stroke of midnight tonight the eyes of the Hilltop will be focused on the doings of Mr. Stork, for it will be the start of the 10th annual Hilltop Stork Derby sponsored by The Hilltop Record in cooperation with several business firms.

To the first baby born of parents of The Hilltop Record circulating area will go not only the honor of becoming 1947's first arrival but a long list of valuable prizes as well.

The winner of the contest will be determined by the attending physician's report as to the actual time of birth. Proof of the time of birth must be established at the Record office, 2445 W. Broad-st, not later than 12 o'clock on Saturday, Jan. 4.

The circulating area of the Record is described as all of the city west of Sandusky-st, plus all of Franklin-twp.

Last year's winner was Richard M. Irvin, son of Mr. and Mrs. Lawrence M. Irvin, who now live at 342 S. Richardson-av.

The following list of prizes will be given:

A solid gold baby ring from Hilltop Jewelers, 2421 W. Broad-st.

Star of Bethlehem

Phenomenon of Age

The Star of Bethlehem has been the subject of extensive research and discussion. Modern astronomers have considered several natural phenomenon theories without attaching too much weight to any such hypothesis.

Skeptics regard the whole thing as mere invention, colored with Oriental imagery, designed to honor Christ; and faith accepts the star as the supernatural phenomenon which proclaimed the birth of Jesus.

The first chapter of the gospel according to St. Matthew begins:

"The book of the generation of Jesus Christ, the son of David, the son of Abraham . . ."

And confirming Bethlehem as the city of David, the angel of the Lord declared:

"For unto you is born this day, in the city of David, a SAVIOUR which is CHRIST the Lord." St. Luke 2:11.

Considering tradition, which accepts that King David's shield formed a six-pointed star, the Star of Bethlehem appropriately . . . stood over where the young Child was." St. Matthew 2:2.

Said of Humility
I believe the first test of a truly great man is his humility.—Ruskin.

Humility is to make a right estimate of one's self.—Spurgeon. Humility, like darkness, reveals the heavenly lights.—Thoreau. Humbleness is always grace; always dignity — James Russell Lowell.

Brown Road Community
By Dorthea Larkin
Mr. and Mrs. Harold Lemmings and son, Frankie, 906 Harrisburg-pk, spent Christmas with his parents, Mr. and Mrs. Omer Lemmings, Williamsport.

Mr. and Mrs. David Grishbaum, 1593 Withers-rd, have had as their guests for the past week their daughter, and son-in-law, Mr. and Mrs. James E. Massie of Tamaqua, Pa.
Mr. and Mrs. Dean Parker and daughter, Nina, spent Christmas with her parents, Mr. and Mrs. Omer Lemmings, Williamsport.
Mr. and Mrs. Campbell Brammer of Aid, Ohio, spent Christmas with Mrs. Brammer's sister and family, Mr. and Mrs. Charles Fannin, 1688 Jackson-av.
Mrs. Frank Lomerson, 1607 Reaver-in, spent Christmas with relatives, Mr. and Mrs. D. B. Lashley, Deere-rd.
Mr. and Mrs. W. A. Sibley of 1250 Brown-rd had all of their children and families at home for Christmas dinner.
Amos Skiver, 1901 Jackson-rd, spent Christmas Day in Mt. Sterling.

Ralph Murphy, who attends college at Findlay, visited his mother, Mrs. Murphy, 743 Brown-rd, Christmas Day.
The Spanable family, 1228 Hart-rd, spent Christmas Day in McArthur visiting at the home of Mrs. Spanable's parents, Mr. and Mrs. Henry Meadows.
Mrs. George Goodrich, 1905 Jackson-rd, entertained Mrs. James Duffey and children, Jimmie and Gloria Jean, last Thursday afternoon.

Lloyd W. Elliott, 1832 Rosemont-av, is getting quite a kick out of attending these week-end fox drives which are being held in small neighboring towns. The Saturday before Christmas he attended the one at Johnstown, while the Saturday after the holiday saw him with the group of men in the drive at Harrisburg. He says, "It's good sport for one thing, while the farmers benefit by getting rid of the pests. And on the other hand, the churches benefit by the proceeds from the bets, so all in all it makes the efforts expended very worth while."
Mr. and Mrs. Maurice Douthitt of 1695 Hopkins-av spent Christmas Day visiting with Mr. Douthitt's parents, Mr. and Mrs. Ralph Douthitt, at Waverly.
Mr. and Mrs. B. C. McNeal and son, Gary, 1033 Harrisburg-pk, attended the championship game of the Browns at Cleveland a week ago Sunday.
Roy Howell of Denver, Colo.,

was here to visit his brother, Charles Howell, 1089 Geneva-av, for the Christmas holiday.

Mr. and Mrs. Frank Stamer of 1595 Reaver-in are holding their annual New Year's watch party. Miss Ruth Groves, teacher at the Wilson School, spent her Christmas with friends in Chicago, Ill.

Mrs. William Chittum and sons, William, Jr., and Herbie, 1630 Reaver-in, had their Christmas dinner at Mrs. Chittum's mother's home, Mrs. Minnie Vance, 1474 Union-av.

A group of Sunday School class members from the Sullivan Avenue Friends Church held their annual Christmas party at the home of their teacher, Mrs. Charles B. Reaver, 1604 Reaver-in, Saturday evening, Dec. 31. Those in attendance were Dorothy Tilley, Marie Tilley, Alice Upperman, Mary Truit, Ted Rickensbacher, Pat Smith, Ora Truit, Mary Tompkins, Dick Wise, Bob Reaver and Don Reaver.
For treatment in the home Bob Reaver served as chairman for his mother. After having tuned their radio in on his station, he withdrew to his radio shop, which is above his father's garage, and began giving instructions, over the mike, to those he had just left in the house. Every one listened to that radio with undivided attention, for no one could know what kind of order would be issued next.
Mr. and Mrs. William R. Williams and family, 1245 Hart-rd, and Mr. and Mrs. Walter Poesch and family, 1232 Hart-rd, recently visited relatives in Carroll.

Mrs. Frances Hearing was a holiday visitor in the home of her niece and family, Mr. and Mrs. Charles Reaver, 1604 Reaver-in. On the night of Dec. 23 the skies were suddenly lightened above 887 Hart-rd, where a fire had originated in the furnace.

Our Wish For You
A Happy — Healthy, Prosperous 1947

The melodious pealing of the bells heralding the New Year echoes the many good wishes in our hearts for you and yours. May each day be filled with happiness and health — may love, tranquillity and peace encompass the world that all may reap the full benefits of life.

Thank you friends for your patience and understanding during the past year. There were times when rationing, shortages and other conditions resulting from the war made it hard for both of us.

It is our sincere hope that in 1947—with rationing no longer necessary and a more normal supply of foods and meats—we shall be able to serve you better than ever, and by so doing merit your continued good will.

Sincerely yours,
HAROLD FOX

When We Were Young Folks Forty Years Ago:

Beer was five cents a glass and lunch was free. Eggs sold at ten cents a dozen and milk was five cents a quart. The butcher gave liver for the cat and treated the kids to bologna. The hired girl was satisfied with two dollars a week and did the washing. Women didn't paint their lips, smoke, drink, or play poker. The men wore boots and whiskers, chewed tobacco, spat on the sidewalks, worked ten hours a day and never went on strike. A hand-painted kerosene lamp and a stereopticon in the parlor were luxuries. Folks worked hard, had lots of fun, and lived to a good old age.

But today: Everybody rides in automobiles or airplanes, plays poker, shoots craps, drinks cocktails, gets psychoanalyzed and blames the high cost of living on the Republicans. They never go to bed the same day they get up and they think they are having a wonderful time. This is the age of loafers, strikes, bureaucrats, demagogues, labor gangsters, racketeers and New Dealers. The government pays a man more for not working than a business can pay him for working—but we still think life is worth living and we wish you a . . .

Happy New Year!

The Arab Learns American Ways

When I was in Africa I didn't make the acquaintance of any Grand Muftis or see any white turbaned sheiks "on splendid chargers." I suppose they were around. I just wasn't in the right places at the right time. The Arabs I knew were the good, substantial average rural citizens who rode on donkeys. They live in mud hovels, own a little untillable land, have seeds of children, six or eight wives, and a number of farm animals.

With all these dependents to support, John Q. Arab is a very busy man. His responsibilities are many and pressing. He doesn't have time for lodge meetings or bowling. He spends his time in the village cafe's playing cards, discussing the price of eggs in Algiers, and smoking Arab cigarettes. These cigarettes are a very peculiar type. Anyone who smokes them dozes off into a heavenly stupor.

John Q. Arab delegates most of the heavy work to his farm animals and his numerous wives. The women do practically all the work. They carry heavy burdens on their backs, much the same as the stubby burros. A typical Arab procession along any of the dirt roads in the farm country consists, first, of the head of the household riding magnanimously, side-saddle, on his donkey, his bare feet dragging the ground. Next in line is a tiny burro about three feet high, loaded so completely with twigs or straw that only his ears and tail are visible.

Then come the wives, loaded down with branches and twigs too cumbersome for the animal. Bringing up the rear are a few of the older children.

My pet Arab was a little fellow about 10 years old. I called him "Mitch" because he looked like our first sergeant. He was a bright little fellow. He was always around the area doing something or other. I thought he was sharp. He could do the manual of arms and drill as well as any of us. Each night he stood retreat ceremony with us. What I didn't know was that he was "casing" the place. He watched us place our guards every night; then he would disappear. Every night something was stolen. This went on for some time. Guard was doubled, barbed wire was placed all around the area and even "booby" traps set up at all possible entrances. Everything failed. The Arab gang was too slick. No one ever saw the raiders. One night they made a great haul. They got into the first sergeant's tent and stole his fatigue shirt. Then apparently satisfied they departed for several days. We relaxed. But as all criminals do, they made one mistake. One bright sunny day an Arab came strolling by the area wearing a fatigue shirt. The first sergeant's serial number was emblazoned across the back. The Arab was apprehended, and after a little persuasion he confessed. He also implicated his associates, among them my little friend "Mitch." All the loot was recovered, and no charges preferred.

The benumbed sergeant was practically beside himself for days. He would point to the hole cut into the side of his tent and insist that it could just as easily have been his throat. Some people wished that it had.

Coach Williams Has Several Things To Be Thankful For

By Paul Wichlerman

Basketball Coach George Williams has at least one thing to be thankful for as he looks ahead to 1947. He's not losing any of his boys by mid-year graduation.

West High School students and basketball fans will recall that mid-year graduation of Jim Remington last season was no small factor in keeping the team down through the crucial part of the season. Jim had been a spark plug in the quintet in addition to being one of the city's leading scorers. Removing such a player is bound to have devastating effects.

Actually, Coach Williams has several things to be thankful for and no one appreciates them more than George. He has a string of aggressive, clean-playing boys. There may be stronger scoring threats in the league but no more all-around fine bunch of boys. They will be the underdog in several contests but you can count on them to play a good game every minute.

With only two league games played by most teams in the city (West has played only one), Central is again shaping up as the team to beat. Those who have seen the Pirates in action say they are a better club than the one that won the city championship in '46. They have speed, they have height and they have Hertz and Jackson, two boys any coach would be glad to have as a Christmas present.

Won 4 Out of 9

Williams didn't start out with championship aspirations this winter but he is looking for his boys to knock off some one when they are not expected to and unless we miss our guess he's not going to be disappointed, having seen the Cowboys in four out of nine games played to date. Incidentally, they were the four

that West won so we haven't watched them in defeat thus far. With only one league game played to date, West resumed daily practice again yesterday in preparation for a tough schedule which opens with East coming to the local court on Jan. 10. From then on it will be two games per week and with the exception of a return game with Marion Harding, they will all count.

Coach Williams has done a lot of experimenting with his squad in the nine games played, both offensively and defensively. In the Chillicothe game he had his boys working the man-to-man defensive set-up and may use it some more before the season ends.

Offensively he has been striving for better distribution of his scoring threats. Thus far he has had four boys alternate at taking individual scoring honors. Heading the list are Jack Thrush and Walter Hicks but Paul Thielen has been coming into his own in recent games and Don Borror surprised every one by carrying off scoring honors in the single league encounter against South. Consequently he is the only West player whose name appears in the "leading scorers" column for league competition to date.

In the Greater Columbus standings Thrush rates the number three position behind J. Millhon of Arlington and Faxon of Rossary. Thus far he has sunk 39 baskets and 17 free throws for a total of 95

YMCA and YWCA Offer Health Courses

Most of us Central Ohioans spend as little time as possible outdoors during the winter. This results in many persons getting little exercise. Bowling and other indoor sports provide physical exercise for some. Others, however, not interested in such activities, also feel the need of engaging in activities for their physical well-being.

The health education departments of the Y. M. C. A. and Y. W. C. A. have the answer for them. Both organizations have excellent facilities for their physical education programs. Everybody in a community benefits when the health of its citizens is good, and that's one reason the Y's are in the Community Chest, making possible their services for fees within the reach of all.

Classes For Hard of Hearing Will Start on January 1

The Columbus League for the Hard of Hearing is anxious for all who need its services to know that the classes in lip-reading will be resumed the second week in January. The afternoon classes on Jan. 6 and the beginning class Wednesday evening, Jan. 8, will be held at the club rooms on the fourth floor of the Grand Theatre building.

The League is one of the agencies of the Community Fund. All courses are free of charge.

points. Millhon bettered that by only three points and has four less baskets to his credit than the West forward.

Walter Hicks rates the No. 9 position with a total of 75 points while Thielen is No. 11 with 70 counts.

So with four boys looming as scoring threats the coach is beginning to accomplish that goal. Less spectacular as a scoring threat but always an aggressive player is Don Any, who recovers his share of the shots off the bankboard when they are needed. Ralph Watts, a guard, while not generally considered a dangerous shot, won the Marion Harding game by dropping in a last-minute two-pointer. Watts is a dependable defensive man, having been in almost every game this season.

Two other promising players may contribute their share before the end of the season. Chuck Weeks has recently worked his way up to the first string after playing in all of the reserve games. He's a sophomore and with a little more varsity experience should be a valuable boy to have on hand. Wally Watkins will be eligible for the squad at mid-term. Ineligible because of scholastic difficulties, Watkins is said to be a fast court performer with a good eye for the basket. If he comes along as planned he too should be a good boy to have around.

So, all-in-all, Coach Williams is not too downhearted at the prospects for his first athletic team since returning to the high school coaching ranks.

That the New Year may see a world living in harmony and tranquility—a world at peace is the best wish we know.

Accident Rate In Ohio Up 9% In '46

Making New Year's resolutions? Jean C. Hiestand, president, Ohio State Safety Council, suggests that all Ohioans add this resolution to their list:

"Hold on for dear life everywhere. Rid home of hazards, work with care.

Take it easy on the road.

Make courtesy my driving code!" Ohio's accident deaths for 1946 will be about nine per cent higher than last year. Home accidents will account for 39 per cent, the motor vehicle for 38 per cent, public mishaps for 21 per cent and occupational injuries for seven per cent.

Home and motor vehicle deaths have been increasing rather steadily since V-J Day. Hiestand said that fall and fire hazards account for most home deaths while collision between motor vehicles and collision with pedestrians produce many traffic deaths.

Almost everyone knows how to avoid these mishaps—but they don't think and act safely! "If the resolution is carefully followed we can save 1,000 lives in Ohio during 1947," Hiestand said. "Be careful and courteous—it may save your life."

The heart that hopes with the earliest hopes

The soonest finds those hopes untrue.

The earliest wither too.

By friendship we oft are deceived

And find the love we cling to past.

Yet friendship will still be believed

And love trusted on to the last.

BELLS of the YEARS

When the bells ring out this New Year's morning, proclaiming the birth of another year, many will look back upon their past lives with dissatisfaction or regret, and will resolve to mend their ways and make a better record during the year that lies ahead.

Many of these good resolutions may soon be forgotten; others, doubtless, will be faithfully kept. But the habit of looking back and appraising the past, and the impulse to make our lives better each year, bespeak character that is fundamentally sound.

A resolution which every person should make this New Year's Day is the resolution to place greater stress on the spiritual elements in life during the coming year than they have done in the past. For spiritual values are the highest and most enduring values in human life.

The Church can be of great help to those who seek to enlarge their spiritual outlook and enjoy the happiness and rich blessings of a living faith. This is the message of the New Year bells, as they call us to the House of God and the paths of eternal peace.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

Judith Marie Caldwell Wins Tenth Hilltop Stork Derby

Judith Marie Caldwell, who put in her appearance at White Cross Hospital at 3:42 a. m. on New Year's Day, was declared the winner of the tenth annual Hilltop Stork Derby sponsored by The Hilltop Record in cooperation with business firms of the community.

The Hilltop's "first lady of 1947" arrived almost four hours ahead of the next closest contestant in the race that ended up with four entries on Jan. 1. Dr. R. A. Rogers, 255 W. Fifth-st., was the attending physician.

The proud parents, winners of more than a score of gifts, are Mr. and Mrs. Lawrence Caldwell, who live at 146 N. Eureka-av. The father is employed in the shops of the Pennsylvania Railroad. The mother is the former Mildred Batson, a graduate of West High School.

Judith Marie is the first child for the Caldwells, who are looking for a home of their own. At present they live with her parents, Mr. and Mrs. W. E. Caldwell, at the Eureka-av. address. They would welcome an opportunity to get into either a furnished or unfurnished house or apartment.

Parents of last year's first baby of the year, Mr. and Mrs. Lawrence M. Irvin, were house hunting when Richard arrived to win the prize list. This year they are still looking for a home of their own. At present they are living with relatives at 342 S. Richardson-av.

The family collected the first of the many prizes they will receive Sunday when Willie S. Shreve provided a free ambulance ride from the hospital.

Father a Returned Veteran

Mr. Caldwell is a returned veteran of World War II, having served five years and eight months in uniform. He served in the Fifth Infantry Division in Europe. He was discharged June 12, 1945. The couple was married shortly after his return from overseas.

The birth of a girl in the 1947 Hilltop Stork Derby tied the score, there having been five boys and five girls over the year period that the contest has been held.

Funds raised in the annual March of Dimes campaign serve a twofold purpose, to help the county for direct aid to patients. The Franklin County Chapter has paid for hospital treatment, orthopedic appliances whenever needed, and transportation to and from the hospital for polio patients, and has purchased hospital equipment for their use. The total amount spent is over \$36,000.

The Franklin County Chapter pledges that no polio victim, regardless of age, race, creed, or religious affiliation, shall go unaided. Every family in Franklin County is assured that if infantile paralysis strikes, complete care will be afforded the afflicted.

The chapter contacts the family and offers aid as soon as a new case is reported.

Hilltop Record Adds Two Employees To Business Staff In Expansion Move

Two new employees have been added to The Hilltop Record staff, effective Jan. 1. C. Carlton Hartley, publisher of the paper, announced this week.

Ralph Gavey, 36 Avondale-av., heads up circulation in an expanded program in that department, and Rhoma Van De Mark, 79 N. Wayne-av., has taken charge of the classified advertising department.

Gavey, a sophomore at Ohio State University, is a World War II veteran. He comes from Dayton where he formerly worked on the Journal-Herald and the Greenville Advocate. He takes over some of the work formerly handled by Paul Wichterman, who will now devote his entire time to news writing and editing of the paper.

The new circulation manager stated that a money-making proposition of interest to many churches and civic groups is now available in the circulation department. He will be glad to explain this plan to any representative of such groups.

He also states that he has openings for several boys and girls, 12 to 17 years, on a part-time basis.

Mrs. De Mark is a native of Piqua. She formerly worked on the Piqua Daily Call and the Dayton Journal-Herald. More recently she was associated with Ohio Weeklies, Inc.

Police Search For Burglars

Police were on the lookout this week for burglars who have entered or attempted to enter several homes in the Hilltop area in recent days.

The home of Perry Morrison, 254 Crescent-dr., was ransacked Friday night when thieves gained entrance through a rear door. A German Luger pistol and \$11 cash were taken from the room of Robert Morrison, a returned service man.

The same night three persons had attempted to enter the Frank Allen residence at 88 Binn-bldg. but were scared away when members of the family returned home unexpectedly.

Ernest Evans, 584 Highland-av., was beaten and robbed of his car early Saturday morning by two men in the 1300 block of W. Broad-st. and a passenger, Arthur J. Williamson, 101 Stevens-av., was robbed of \$80, a \$150 diamond and \$35 watch, police reported.

Among other police reports over the week-end was that of Glenn Wilson, 625 Cheshire-av., who reported that his home was ransacked and \$50 stolen, and Tinker Leach, 639 N. Wayne-av., said a thief entered his house, stole a 1935 silver dollar, valued at \$25, and then scattered \$50 in cash over a second story floor.

Dr. Shetrone Retires From Historical Society Post; To Continue Writing

By Paul Wichterman

A Hilltopper for more than 30 years, Dr. H. C. Shetrone, 3058 Crescent-dr., resigned as director of the Ohio State Archaeological and Historical Society on Jan. 1, after serving in that post for a third of a century.

But freedom from the responsibilities of the directorship does not mean that he is retiring from the field of endeavor that has been his life for more than three decades. Quite the contrary, he will be devoting his time to the completion of a book about Ohio archaeology which he hopes to have ready for publication some time next summer and to carry on a special writing project for the society.

Little known to most Hilltoppers is the fact that under Dr. Shetrone's direction Ohio has become the leader among states in the preservation of and research into the field of archaeology and history. The collections in the Ohio Museum are said to be the finest to be found anywhere.

John W. Fisher, veteran Dayton Daily News journalist, wrote of him recently, "He was a big place in the ranks of eminent Ohioans."

Dr. Shetrone is recognized nationally and internationally as an authority in his field and is much in demand as a speaker before archaeological groups all over the country. His most widely read book to date is "The Mound Builders," published in 1930. It covers the archaeology of eastern United States. A bibliography of his writings includes 24 published items.

His forthcoming book will cover technical reports of mound explorations and will be published by the society. It will partially take the place of "The Mound Builders," one of the results of the paper shortage.

Will Resume Exploration

During the Spanish-American War he served under General "Billy" Mitchell and remained for a time in the field of telegraphy in the Cuban government.

Mound-st is scheduled for resurfacing from Wayne to Binn-bldg at an estimated cost of \$115,000 and Sullivan-av from Hague-av west to the corporation line will be resurfaced at a cost of approximately \$144,000. A third project to be undertaken this year is the resurfacing of Hague-av from Broad-st to Sullivan-av, but this is not a part of the bond issue and may or may not be undertaken at a later date. No estimate on the cost of this work has been made.

Henry Koons, 485 Hilltop-av., will serve as chairman of the committee scheduled to hold the hearing. The meeting is open to the public.

Koons explained that it was not necessary to change the zoning ordinance to grant the request. It is understood that Neth plans to build the back from Broad-st on a lot on the front of the lot. The Telephone Co. building to the west of the property. The building is to be on a part of an old Western Union building, the site was just west of the site was new Socony Vacuum service station is being erected.

Prices Are Skidding Fast

"Used car prices are on the skids all around the country." The above item from the Jan. 6 issue of the Wall Street Journal is further substantiated by reports of reductions up to 40% on Detroit, New York and Los Angeles lots. Dollar reductions run from \$200 to \$300. In Philadelphia a dealer is advertising at "not a cent above the price it cost as new."

Such is the trend in prices all across the nation. And the same thing is true in most lines of business. The public has demanded that prices come down and down they are coming as we again reach the place where we have a competitive market.

A few weeks ago a car was advertised in the Record at 500 per pound. Now the dealers are off we invite you to a reduction of land prices. The Record, a remarkable paper and one that the housewife will welcome.

Sege Of Main Street USA

That the "Gay Philippines" as pictured on the Hilltop Record calendars, is a piece of art that has registered favorably with many is attested in the article in color in the current Coronet magazine.

"He looks at the world with magnificent detachment, and the world rebuses him, is giving the faults, just by forgiving the faults of his mischievous but lovable wife finds it a very good thing indeed."

Post Holiday

Mrs. Wallace In Germany

MAPS OUT WORK—Mrs. Helen Wallace is shown as she instructs a class in social science in the community high school at Erlangen, Germany.—Official AAF Photo.

A former teacher of West High School is among the first group of American school teachers to arrive in the European theater, headquarters of the 9th Air Force Service Command in Germany announced recently.

She is Mrs. Helen Wallace, who during the second semester last year taught English at West High School, and earlier in the year taught history at South. She left Columbus this fall.
 Mrs. Wallace, the only teacher from city schools to go overseas, has been assigned to Erlangen, Germany. The school is one of the six high schools available to American dependents in that country.

The teacher is the wife of Dr. Ervin B. Wallace, an Army veteran in Los Angeles and who formerly maintained offices at 683 E. Broad St. The Wallaces resided at 98 Brevoort Rd.

Mrs. Wallace, substitute teacher in Columbus schools, during eight years in the system taught at various times at all the senior high schools and at some of the junior high school records show. While abroad she plans also to travel and in the near future will visit Switzerland and Rome, the announcement said.

Twins Plentiful at Local School

Four sets of twins at West High School

At West High School members of the student council believe their school sets a record for twin students. Five pairs of twins are enrolled this semester. Mary Jane and Betsy Ann Ernest, 649 Hague-av, are the

By Farcasin

West High is lucky to be able to say she has five sets of twins roaming her halls each day. The Ernest twins, Betsy Ann and Mary Jane (not pictured) are 12A's registering in Bal C. Both of these girls were on the stage recently to receive honors for National Honor.

Talking to them we find they get along "nobly." Betsy Ann is the oldest by ten minutes. Dana Andrews rates first as their favorite actor, favorite actress favorite actor, and Ingrid Bergman

only identical twins among them. The others, above, are, left to right, sitting: Faith and Hope Dentner, 118A, 118 Grenard-rd; Corinne and Connie Taylor, 10A's, 110 S. Westgate-av; rear, Royce and Joyce Huegely.

As their favorite actress, Mary Jane's favorite song is "Clair de Lune," while Betsy Ann's is "Spellbound." The twins always dress alike. Both are planning to attend Ohio State after they graduate.

The next set described are the Dentner twins. Their names are Faith and Hope, and they register in 233. They, as the others, get along fine. Faith is a couple of minutes older than Hope. These girls really don't look so much like twins. Faith weighs 118 and has dark brown hair; Hope weighs 108 and has light brown hair. They are 11B's.

When it comes to eating they like everything. They don't dress alike very often. Both the girls are interested in baton twirling, and plan to try out in the spring. As far as sports are concerned, they like them all.

The next set is the Huegely twins, Royce and Joyce, who register in the auditorium. Joyce is 15 minutes older than her brother. They usually run around together.

Joyce has no special hobby but her favorite dish is chicken and mashed potatoes. Royce's favorite sport is football and his ambition is to be a pharmacist, and ham and scalloped potatoes rate first on his menu.

12B's, 254 Demorest-rd, and Dick and George Koyro, 11B's, 643 S. Hague-av. The identical twins, Mary Jane and Betsy Ann, were not present for the photograph. Citizen Photo

When asked how they like West, they replied "O.K." The twins are from Dearborn, Mich., where they plan to attend college when they graduate.

The Koyro twins, Dick and George, register in 309. These good looking kids come from Aquinas High and are 6' 1" and 16 years of age. Their hobby is collecting pool balls from different countries.

Dick's favorite sport is football, while George prefers basketball. His ambition is to be a flyer. The boys are both taking an academic course. Dick is one hour older than George. Steak rates first on their menu. These kids are really sharp, girls, and just think, they are two of them.

The Taylor twins, Connie and Corinne, who register in 304 are 16 years of age. In sports Corinne prefers basketball. They both like swimming. Connie aspires to become a model and have a date with a certain 12B boy, who hates girls.

Corinne is five minutes older than Connie and her favorite song is "Runners Are Flying." Corinne like "Honey." When it comes to eating, Connie likes French fries while Corinne prefers Italian dishes. They run around together, and get along fine. The girls' mother was also a twin.

What Three Boys Did

Had Thomas A. Edison, the Milan, Ohio-born electrical wizard lived until Feb. 11, 1947, he would have observed his 100th birthday anniversary. Edison dreamed and worked until he harnessed electricity: to make life easier, cleaner and more pleasant for millions throughout the world. Three Ohio boys—Thomas A. Edison and the Wright brothers who invented the airplane probably did more to change the course of history and life in the world than any other men.

Free Courses Are Offered By Red Cross Instruction

Two free courses in food budgeting and preparation are being offered to men and women in Franklin County next week by the local Red Cross.

The first class will meet Tuesday evening, 7:30 to 9:30 p. m., in Room 210 of the Ohio Fuel Gas Co., 69 N. Front-st.

A "daytime class" will start Thursday afternoon, 1:30 to 3:30, at the same place. Both classes will be taught by Miss Jeanne McDonald, Red Cross nutrition instructor and director of the home service department of the Gas Co.

Each course consists of six lessons demonstrating new ways to stretch the family budget to meet the present high food costs. Budget-wise main dishes will be prepared at each class.

Substitutes for hard-to-get foods, what to use instead of meat to give equivalent food value and taste satisfaction, buying for economy, and grade labeling are only a few of the discussions to be taken up in these classes.

Demonstrations of the latest cooking methods, including pressure cooking, will be made. Hints for full household budgeting will also be given.

Reservations for either of these two short six-lesson courses, two hours each week, may be made by calling nutrition service, Red Cross headquarters, MA. 6841; Red Cross nutrition certificates will be awarded on completion of the course.

The Red Cross sewing department is again making an urgent plea for women who can sew, either at home or at Red Cross headquarters, 74 E. Gay-st., to call and state when and where they can help in completing the quota of 6,000 children's garments by April 1. Only about one-half of the assigned quota has been completed. Your volunteer effort will be appreciated in this emergency Red Cross program.

The train for Washington had just pulled out of Norfolk and the passengers had settled themselves for the journey when a tall and dignified man presented himself in the club car and, addressing the passengers there, asked: "Is there a gentleman from Alhambra county present?"

One man stood up and stated that he was a native of that county.

"Fine!" beamed the first man. "I wonder if I might borrow your corkscrew for a minute?"

Pedestrians, now is the time to have that "icy look" in your eyes. The Ohio State Safety Council reminds you to be on the lookout for ice and slippery snow on sidewalks and steps and in the street. And to help keep your heels from flying out from under you, try to get the habit of walking on the ball of your foot. If you should slip, yourself slapping, to crumple as loosely as possible. Falling with the body tense and rigid is more likely to cause serious injury.

Sparkling snow air—the ring of blades on ice—it's FUN TO SKATE! But the Ohio State Safety Council urges parents to protect children's good times by insisting that skating be done on shallow ponds or skating rinks. "Going through the ice" on a lake or river may cost lives.

We service all makes of cars, motor repairs, body and fender, brake service, painting, washing, polishing and lubrications.

several years in the field of journalism, serving as telegrapher, telegraph editor, financial editor and then feature writer on the Columbus Dispatch, the old Press-Post and the Ohio State Journal.

After studying archaeology and museum administration under the late Dr. William C. Miller, former director of the Ohio Society, he was made curator for the state. His early work in that field included a study of petroglyphs in the Ohio River region of southern Ohio. He surveyed many mounds, and earthworks and prepared the Archaeological Atlas of Ohio, published in 1914.

His research and field work have taken him to the great southwest country where he covered the prehistoric irrigation systems in the Salt and Gila River valleys of Arizona. He also made a study of flint-knapping at Brandon, England, and participated in a field trip of the American Prehistoric Research in France.

Dr. Shetrone's work has been recognized by many schools and universities. An honorary Master of Arts degree was conferred upon him by Ohio University. Later Denison University made him a doctor of science. He holds fellowships in the American Association for the Advancement of Science and the American Anthropological Association. He is a past president of the Ohio Academy of Science and a member of the Council of American Association of Museums.

He came to the Hilltop in 1908 and has lived here ever since with the exception of four years. He and Mrs. Shetrone moved into their comfortable home, which they designed, on Crescent-dr. on Pearl Harbor day, Mrs. Shetrone's brother, John Klinger, also makes his home with them.

Dr. Shetrone's hobby is collecting desert plants. Already he has assembled more than 500 different species, most of which are in a collection at Ohio State University. He has several specimens in the sunroom of his home.

5 Inmates Are Still At Large

Five inmates of the Columbus State School who escaped earlier this week were still being sought by authorities as The Hilltop Record went to press Wednesday noon.

Included in the list were three men and two women. Three other men who walked off the grounds Sunday had been brought back by sheriff's deputies.

Dr. F. L. Keiser, superintendent, said the men ranged in ages from 15 to 22. The two women were 17 and 22, respectively.

No Change In '47 Fishing Laws

The Ohio Conservation and Natural Resources Commission in session last week at Columbus to consider enacting tentative fishing regulations for the 1947 season, to be officially adopted later in the January meeting, voted to make no change in the legal lengths, bag limits and seasons.

Chairman Emory Beetham of Cleveland said, "Considering the information from the commission's intensified fact finding program, together with recommendations and suggestions growing out of the December public fish hearing, the commission took the position that the legal lengths and seasons for 1947 remain the same as in 1946.

Regarding the unrestricted fishing areas of experimental waters comprising nine lakes and one stream, Beetham stated, "From all the facts gathered so far the indication is that restricted fishing—that is, bag limits, legal lengths and closed seasons, is not helpful to fish population of the state, and that if sufficient fact findings continue to indicate the advisability of such liberalization of fishing, Ohio may some time in the future look forward to unrestricted fishing throughout the state."

Recommendations received at the public fish hearing from two of the conservation districts favored adding Indian Lake to the waters included in experimental waters, but the commission felt the added expense involved in

4 Shows On Display At Col. Art Gallery

Well worth a visit these days is the Columbus Gallery of Fine Arts, currently displaying four shows of extremely varied interest.

The low corridor is "Pass Review," paintings, drawings and sculpture done by local ex-service men and women. Of particular interest to parents and teachers is "Understanding the Child Through Art" in Gallery 2, also from the Museum of Modern Art's collection of art work done by children all over the United States, from tiny tots of 4 and 5, to high school students.

The drawings are originals, while pottery and sculpture is represented by photographs. The printed matter accompanying the exhibit explains the development of a child's personality as expressed in his creative efforts.

If you are looking forward to building your own home, or are merely interested in keeping up with modern trends, don't miss "If You Want to Build a House" in Gallery 3, also from the Museum of Modern Art. This very practical collection of photographs, cartoons and written text suggests no dream house that will satisfy every one. But it does give some very down-to-earth suggestions on choosing the architect, choosing the land, how to make a small house seem large, and other valuable information for the future home owner.

Last but not least is the display of 18 paintings by Pedro Figari, one of South America's foremost artists, in Gallery 4. This rich and colorful collection of creole dancers, Gaucho scenes and landscapes are with recollections of life in Uruguay during the early 19th century. The exhibition, organized by the Council for Inter-American Cooperation under a grant by the Department of State, is presently on tour of leading museums all over the United States.

The gallery is open and is always free to the public. including additional study areas would warrant the little extra information to be derived from it.

British Leader To Visit Here

Patrick C. Gordon-Walker, 39, one of the youngest and most brilliant members of the British Labor Government, will be in Columbus for a day-long visit Jan. 15 it was announced today by Bill Gibbon, 43 N. Ogden-av, general chairman in charge of arrangements.

A member of parliament from Smethwick and a cabinet member, Gordon-Walker's visit is being jointly sponsored by the Union for Democratic Action and the Franklin County Citizens' Committee.

Gordon-Walker is well qualified to speak the Labor party viewpoint. As parliamentary secretary to Herbert Morrison, Lord President of the Council and Deputy Prime Minister, his position in the House of Commons corresponds in effect to our majority party floor leader in the House of Representatives.

Highlight of his visit will be a public address in the evening at the Seneca Hotel. A reception will precede the meeting. City groups, whose membership is especially interested in the British Isles, are being issued special invitations. Tentative plans also include an address and luncheon meeting at Ohio State University, a visit with the governor and the mayor and a radio speech. He is expected to appear before a joint session of the state legislature.

Glenwood Church Gives \$1000 Check To New Church

The good wishes of Glenwood Methodist Church were extended to a new sister church in the community on New Year's Eve when Rev. Joseph Bhehinas, pastor at Glenwood, presented members of Westgate Methodist Church with a check for \$1000 to apply on the building program.

Rev. James Lorenz, pastor of the Westgate Church, reported that the contribution brought the total of money raised since last fall to \$12,000. Total cost of the basement to date, exclusive of the lot and equipment, is \$60,000. The location cost \$7500 and church equipment already on hand is valued at \$3000, Rev. Lorenz said.

The congregation is now holding services in the basement part of the new building, located at 345 S. Brinker-av. The total money raised since August, 1945, including \$5000 in war bonds previously accumulated, is \$30,000, it was reported. A membership and financial drive will be conducted between now and Easter with a financial goal of \$5000 already set.

Hilltop Kiwanis Club Installs New Officers For 1947

New officers of the Hilltop Kiwanis Club installed last Thursday night are shown in the above Record photo. Seated at the table (left to right) they are Curtis G. Wilcox, treasurer; Noble L. Allen, secretary; Jack Sensenbrenner, second vice president; Dr. R. J. Miller, first vice president; Edgar Planck, president.

Standing, left to right, are Clarence Story and Charles Reichelderfer, directors; H. G. Deems, retiring president; E. O. Melvin, Charles Kent, Jim Miles and Dr. C. O. Cramer, members of the board. Franklin Sparks, the other board member, was not present when the picture was taken.

Service Acquired Oran Functions As Supply Base

Our unit was in Oran for three weeks awaiting equipment. There wasn't a great deal to do. So someone figured out a way to pass the time. Close order drill, callisthenics, hikes and organized ball games made up the menu. Close order drill was the favorite. Everyone liked to get out there in the thick red Oran dust and drill.

When we got off the boat, I heard a remark that lived to be a classic misstatement. One hopeful dough-foot breathed a chest full of African air and babbled hopefully, "Now I am overseas. No more close order drill!" The army advocated plenty of COD and hiking for troops not otherwise employed. Any rest period was usually taken up with plenty of this. They said it was good for morale. The only way to get out of it was to lose a foot. I've drilled in some pretty fine places—Algerian goat fields, Tunisian olive groves, Italian peach orchards, French farm yards, and on German cobblestones. It certainly is not a pleasant way to put in time. It seems that someone always took time out in the middle of a war to see that our morale was in good shape. Bless them.

Oran, in August of 1943, was a thriving base for Allied operations in the Mediterranean theater. It served as the principal unloading point for men and material to be used in the coming Italian campaign.

Huge dumps were piled high with supplies that would be needed. Ordnance came from the States and was assembled here. Rail facilities were available to eastern points. Air bases were functioning and hospital units were in operation, caring for the wounded from the recently completed Tunisia campaign.

Oran, with its excellent harbor, was a tremendously important link in the American supply system to Tunisia and Italy. With such a gigantic task to perform, the base sector chiefs didn't allow staging units such as ours to lie around. Soon all foolishness except close order drill was dispensed with, and we went to work unloading ships, stacking rations in dumps, loading trucks and box cars, driving trucks and guarding prisoners. For three weeks we were well utilized.

The truck driving and prisoner details were the most coveted. The prisoners were guarded were Italians, taken in Tunisia, who had enough of American artillery and airplanes. They were genuinely glad to be out of the war and filled the air around the stockades with hearty songs. They weren't difficult to guard and presented an interesting novelty

to men who had just arrived from the States.

These Italians subsequently were organized into service units to perform a useful non-combat function in Southern France more than a year later.

The truck driving was attractive because it took the driver to places of interest around the countryside. It was in a truck convoy that I had the opportunity to see Sidi Bel Abbes, a small city southeast of Oran, which houses the headquarters of the French Foreign Legion.

The other jobs were downright hard work. Arabs, prisoners of war and G.I.s were employed in the ration dumps and in the stevedoring. Such tasks as these gave rise to the "aching backs" so many complained about.

Military Cemetery

Oran had one of the best kept military cemeteries in Africa. It was located on the side of a high hill. On top an American chapel had been erected. The American flag floated high above neat rows of crosses that marked the final resting places of those who lost their lives in securing North Africa as a base for future Allied operations.

Downtown Oran offered a hodgepodge of military personnel. Soldiers of all allied nations were seen on the streets. It was an offense not to salute any officer, regardless of nationality. Needless to say, this rule was frequently violated, but MP's rarely picked up anybody on this score.

It was a great mystery to me why Oran wasn't bombed at this time. The harbor was always full of the huge dumps were inviting targets. But the Jerry planes based conveniently in Southern France stayed away. In three weeks we had only one alert. However, Bizerte, located to the east a few hundred miles, was getting a regular going over.

Finally, we were scheduled to leave the staging area. We cleaned the red dust from our equipment as best we could, took down the tents and packed 'up to go to Tunisia. Some one said there was green grass around Bizerte and not so many files.

The Scouts received part of the flying instruction Sunday, Dec. 8, and will receive the balance as soon as conditions permit. This award was presented by Shady, who recently took over the leadership of the squadron.

The squadron meets on Monday nights. The first and third Mondays of each month the meetings are held at the Sullivant Avenue Airport and on the other Mondays the meetings are held at

the Hilltop Sporting Goods Store, 2461 W. Broad-st. The meetings at the airport were made possible by Gomer Jones, operator of the Jones Flying Service.

Under Shady's leadership the Air Scouts receive instruction in many phases of aeronautics. This organization is a part of the senior scout program now being offered to young men 15 years and older. No previous scouting experience is necessary.

Air Squadron No. 3 is sponsored by the Hilltop Kiwanis Club. Charles Reichelderfer, 564 S. Eureka-av., is chairman of the committee in charge of scouting activities. The squadron will soon be completely uniformed. Any youth interested in this senior scouting program should attend the meeting which starts at 7:30 p. m. or call Reichelderfer, RA. 3822; Dal Shady, RA. 6145, or Herman Ewele, RA. 6652.

THE HILLTOP RECORD
Published Every Thursday Morning By
The Hilltop Record, Inc.
2463 W. Broad St. Columbus, Ohio Phone RA. 1128

As Independent Newspaper Devoted To The Interests of The Hilltop and West Side.

Entered as second class matter Jan. 21, 1942, at the Post Office, Columbus, O., under the act of March 3, 1879.

C. Carlton Hartley, Publisher; Paul Wichterwas, Editor; Joseph W. Agee, Manager.

Boost The Boosters

One of the newest organizations on the Hilltop, and yet one of the most aggressive, is the West High School Club. Scarcely a year old, this group of West High School graduates and friends of the school have taken an active place in the community and life of the school.

The principal interest of the Boosters is the promotion of better sports facilities for the school and to make possible greater convenience for patrons to athletic events.

Already the Boosters have funds to install a new electric scoreboard for Magly Field. This board is on order now and will be erected in time for the football season next fall when lights for the field will have been installed. Together with additional seating facilities, the lights should make the athletic plant at West one of the finest in the state.

Motion pictures of three of the 1946 West High football games were taken and are available for showing to any interested groups as a result of the work of the Boosters. At present they are taking them into the local elementary schools for showing, thus sowing the seed for school spirit in the minds of thousands of future West High students.

These are only two of the projects started by the Boosters during their first year of organization but they have many more things in mind and the Hilltop will be hearing more from them in coming months. One of the spark plugs of this organization is the president, Dick Francis. Dick is a graduate of West and was an outstanding athlete in his day. He works untiringly for the cause of his alma mater and helps inspire others to do the same. They deserve the backing of the entire community. **BOOST THE "BOOSTERS."**

Great joy, especially after a sudden change of circumstances, is apt to be silent, and dwells in the heart rather than on the tongue.

Be faithful over home relations; they lead to higher joys; obey the Golden Rule for human life, and it will spare you much bitterness. —Eddy.

The city and county "Master Plan" promises beauty and convenience to our community. Our trained personnel and modern equipment offer leadership and service that account for our existence.

Modern Poetry

By Esther Wearlev

WINTER MIDNIGHT
The watchdog bark from farm to slumbering farm
Some coded message through the tranquil night
Across the level fields the moon shines bright
To aid that sharp, vociferous alarm
With drowsy dread of some impending harm
The henhouse stirs to undefined fright
And in his place the plow horse, sleeping light,
Is roused to misty snortings, moist and warm.

The rumor goes its round. The bayings cease.
Our dog comes back to curl against the door.
The barnyard rushes into rest once more.
Through all the countryside good silence falls.
Sleep bends over the land, the roofs, the stalls;
And every living thing returns to peace.

Frances Hall,
in AMERICAN ALBUM OF POETRY.

WHEN ALL THE OLD LEAVES GO
Here in the quiet woods,
Who comes for peace shall find
The silent thrust of grief
An echo in the mind.

What will not yield to time,
Yields to the stricken tree
That stands with branches stripped
Yet reaches out to me.

And wordlessly repeats:
"My branches that are bare
Await the coming spring
With bright green leaves to spare."

Lord, make me like a tree,
That I may come to know
There will be new green leaves
When all the old leaves go.

Hannah Kahn,
in FLORIDA MAGAZINE OF VERSE.

HOLIDAY MEMORY
Through zero weather will he dare to come,
Braving exposure in an open night,
While the taut wire's incessant, rankling hum
Reveals the rigor of the winter day?

Hark! Out beyond the ghostly, snowbound lane,
A muted rhythm stirs the gelid air;
It shivers into sounds that quickly gain
Clear definition, depth, and everywhere

The night is liquid, tinkling with the chime
Of golden-throated bells, a mellowed singing;
Soft cadences grow louder, keeping time
With Dobbin's iron-shod hoofs' metallic ringing.
Before our door the peeling throats are still;
Once more, grandfather stands upon the sill.
Edna St. John,
in TALARIA.

Smiles

In the University of Wisconsin, students undergoing an examination in English were asked: "Write out examples of the indicative, the subjunctive, the potential, and the exclamatory moods."
To which one struggling pupil complied with the following:
"I am endeavoring to pass an English examination. If I answer 20 questions I shall pass. If I answer 12 questions I may pass. God help me."

"It may seem odd, sir, but I know very little about getting married," began the young man.
"Tut-tut," boomed the girl's grandfather, "don't let anything bother you—the family has planned every detail since the first night you rang the bell here."

A WORLD WITHOUT WAR!

Throughout history man has looked upon this world as his own possession. When the peoples of any one country became prosperous, ultimately they were attacked by neighbor nations.

Ancient and medieval history records many acts of aggressor nations. In modern times great powers have conquered and ravaged neighbor states in their attempt at world dominance.

There have been many apostles of peace, but in every generation the advocates of rule through force of arms have dominated. War with all of its injustices and horrors, has been the ultimate arbiter.

Even today, the great nations are spending more in preparation for war than in any previous peace-time period—although it is generally conceded another war would blot out our civilization.

But there is a concept of living that could and would eliminate war, and hatred, and injustice, and selfishness. It is the doctrine of peace, and love, and tolerance, and brotherhood as taught by Jesus Christ.

Faith in God and the practical application of Christian living by individuals and nations is the one hope for world peace and individual success and happiness.

West Meets Aquinas Next Tuesday Night

With the holidays a thing of
the past West High School will
resume play in the City Basket-
ball League by playing host to
East on the local court tomor-
row night. The Reserve game
will get under way at 7, followed
by a feature attraction at about 8
o'clock. From then on it will be
two games per week throughout
the remainder of the season.

Victor over South High by a
scant one-point margin, the Cow-
boys have been working against
the Tiger style of defense in an
attempt to develop scoring pos-
sibilities. Last Friday afternoon
Paul Schlosser brought his team
from Mifflin Township for a
scrimmage game, using the East
style of offense and defense.

In league competition East has
won and lost in the two games
played. West and North are the
only league teams that have play-
ed only one game. Central has
staked out a claim to the top
title again this year and from the
several observers who have seen
the Pirates in action, they have
plenty to back up said claim.
Central does not come up on the
West schedule until Jan. 24.

Following the layoff of
East tomorrow night, the Cow-
boys go to Aquinas Tuesday
and entertain North here on
the following Friday.
Unable to schedule games last
week, Coach George Williams
worked with his boys every af-
ternoon except on New Year's
Day, ending up with the scrim-
mage against Mifflin Friday af-
ternoon.

Thrush Recovered
Jack Thrush, who suffered a
sprained ankle earlier in the
season, seems to have fully recov-
ered from that injury and will be
a starter at forward and will be
the pivot position with Walter Hicks
at the other forward. Ralph
Watts and Don Borrer will be
the starters at the two guards,
with Don Anderson pretty cer-
tain to see action at one of the
forwards. Another Cowboy
Coach George Williams will have
in readiness for a relief man at
guard is Ed Sahr. Ed has seen
little action in earlier games but
has been showing up well in re-
cent practice sessions.

Westgate Defeats Glenwood Mon. In League Opener

By Dick Ardle

Glenwood, the defending
champs of the West Senior
Church League, lost their first
game of the season to Westgate,
34 to 33. Westgate controlled the
game during the first half, lead-
ing 20 to 11 at half time. During
the third period Glenwood kept
pulling up and at the beginning
of the fourth quarter were all tied
up. With less than a minute re-
maining, Al Williams, former
West High star, sank one from
the middle of the floor to put
Westgate ahead, 33 to 32. Each
team added a foul shot and the
game ended 34 to 33. Bob Hurd
was high scorer for both teams
with 14 points.

In the second game of the eve-
ning Salvation Army defeated
Avondale 35 to 23. Dale Boudier
was high scorer with 13 points.
Hoge Memorial defeated West
Park 21 to 15 in the third game
and Holy Family took the final
from Central Presbyterian, 28 to
20.

West Junior To Play Crestview

The West Junior basketball
team will meet Crestview on the
West court tomorrow afternoon
at 4 o'clock in what promises to
be a real tussle. Both teams are
undefeated to date.
Prior to the Christmas holidays
Coach Orrie (Red) Lehman's
boys had defeated Mound and
Starling in early season games.
Lehman is enthusiastic about this
year's squad.
"We have some real comers,"
he said.

West will meet Everett next
Tuesday afternoon and Indiana
Friday afternoon. Both games
will be played at home.

I'll never eat here again—your
alphabet soup just insulted me.

Hoge Girls Win Opener Monday

Sinking a basket for two points
in the final minute of play, the
Hoge Memorial Intermediate
girls' team eked out a one-point
victory over South Congrega-
tional Church at West Market
Hall Monday night. This was the
first game in the new South
West church basketball league
for girls.

The team is coached by Jean
Bailey, 196 N. Warren-av., and
Pat Monette, Baker Hall, both
sophomores, majoring in physical
education at Ohio State Univer-
sity.

Members of the team are Eu-
clye Braithwaite, Baileen Gary,
Jeannine George, Carol Jackson,
Katie Klein, and Barbara Vana,
with several others planning to
join the team this week.
The team plays South Metho-
dist next Monday night at West
Market Hall at 8 o'clock.

West Side entrant in the league.

a loss to St. Mary. The score was

Churches Here Plan Campaign

Civic Groups To Back Ministers

Hilltop churches of all faiths will cooperate in a "go to church" campaign to be launched in the community through the Lenten season. The plan will be further backed by the Hilltop Business Men's Association, the Hilltop Kiwanis Club and the Hilltop Community Council, three of the most influential civic groups here.

The plan was outlined at a luncheon meeting Monday, attended by a committee from the Hilltop Ministerial Association, organizers of the idea, and representatives of the three organizations.

Present at the meeting were Rev. Harold Dutt, president of the ministerial group, Rev. Herbert Haldy, Rev. W. Howard School, Rev. C. F. Lutz, Harold Fox, Dr. C. O. Miller, D. E. Jacques, Frank Frowner, Mrs. Phillip Stout and Paul Wichter.

An intensive campaign of advertising and publicity reaching into every home and business place on the Hilltop is included in the plan for the program. The drive will start with the first Sunday of Lent, Feb. 23, and continue through Easter Sunday.

Ministers To Meet

The ministerial group will meet at the Hope Memorial Presbyterian Church Monday morning at 10 o'clock for the regular January meeting. Rev. Glendon Herbert will bring a devotional message. Plans for the coming attendance drive will be outlined in detail.

Each minister is asked to bring to the meeting the number of families in his parish so that materials can be ordered for the "go to church" movement.

Two Civic Groups Install Officers

Gathered around the conference table in the office of the First Federal Savings & Loan Association, 2388 W. Broad-st., are the 1947 officers of the Hilltop Business Men's Association laying plans for the activities of the year.

Seated, left to right, they are Charles Reichelderfer, Ed Witherspoon, Dr. R. J. Miller, the new president, Edgar Planch, the retiring president, J. P. Merriman, treasurer, and C. H. (Doc) Campbell, secretary.

Standing are Clarence Story, left, and Curtis Wilcox. The officers were officially installed at a meeting last night by Judge Cecil J. Randall.

Hilltop Fire House To Be At Sullivant-Roys

Chief Says "Good Chance For Start In '47"; City Attorney Ordered To Buy Location

The Hilltop's new fire house will be built at the southeast corner of Sullivant and Roys-ave. That matter was virtually settled as city council Monday night ordered the city attorney to proceed with negotiations toward the purchase of the corner lot and one inside lot immediately to the east.

City Attorney Richard Gordon told The Hilltop Record that there was little possibility of a "hitch" developing in the deal since unofficial conferences have already been held with the owner and he has indicated his willingness to sell.

Fire Chief E. P. Welch was optimistic over the possibility of getting the Hilltop fire house started yet this year.

Good Chance In '47

"There should be a very good chance of getting it (the fire house) under way this year. It is a badly needed engine house," was his comment.

The chief pointed out that plans for the actual building would be drawn shortly after title to the property is acquired.

According to Mr. Gordon, the location has been appraised at \$2150. It is owned by a Mr. Sheehy, an electrical contractor in London. It is understood that he was in business on the Hilltop at one time.

City council did not approve the request of J. Real Neth, the city engineer, to permit him to extend his proposed Hilltop theater building over into an area zoned for residence only. The matter was turned over to the city attorney following a hearing Thursday night. A final decision will be reached by council following the attorney's study.

Hilltop Minstrel Dates Set

HBMA Installs New Officers

The 18th annual Hilltop Minstrel will be held Apr. 8, 10 and 11, it was decided at a meeting of the newly named minstrel committee following the regular meeting of the HBMA Tuesday night. C. Carlton Harkey has been selected to direct this year's show.

New officers were installed by Judge Cecil J. Randall, 1889 W. Broad-st. Edgar Planch, the retiring president, was presented with a gold watch. G. Deems was given a beautiful electric clock for his services as treasurer of the organization for five years.

Named to the minstrel committee by Dr. R. J. Miller, the new president, were Charles Reichelderfer, advertising; Ed Witherspoon, tickets; L. E. Saunders, arrangements; Del Pack, scenery; Dr. E. E. McNamara and Noble Allen, costumes; Hazel Beraw, Harriet Huff and Mary Lou Kimball, makeup; Curt Wilcox, Paul Wichter and Mose Williams, publicity; Dr. C. O. Cramer, Dr. W. W. Bates, Robert Miller and Don Rice, hosts.

Dr. Miller outlined a six-point program of community betterment which his organization will follow in the coming year.

Five new members were voted into membership. They are H. O. Craft, Kent's Modern Market, Hilltop Sporting Goods Co., Westlake Ruby Glass Works and Jerry Nelson, Norge parts and service.

Jerry Spears introduced a plan for acquiring a six-acre tract of city-owned land at the foot of Hospital Hill into a recreation center and many-purpose community building. He showed an architect's drawing of what could be done with the natural amphitheater there. He asked that representatives of the HBMA be appointed to work on a community-wide committee carrying out the proposed plan.

Open Tryouts Eliminated

In an effort to provide a more streamlined show this year, the minstrel committee has decided to handpick the acts rather than select them by tryouts as has been customary in the past. Harkey immediately sounded a call for talent for the show. Elsewhere on the front page of today's Hilltop Record is a coupon for talent. Persons interested are asked to fill out the coupon and mail or bring it to The Hilltop Record office, 2465 W. Broad-st. A deadline for applicants will be announced later.

Needed talent includes a banjo player, singers, dancers and miscellaneous entertainers.

Mrs. Genevieve Burr, 31 N. Wayne-av., an employee of Seiler's, will be the letter-writing contest held in connection with the Hilltop Minstrel.

Gauthier is widely known in sports circles, both collegiate and high school. He is now in his 26th year as athletic director at Wesleyan, where he also coaches football and track. He is president of the Ohio State Track Coaches Association and has managed the high school basketball and track tournaments for this district for several years.

Born in Canada, the Kiwanian graduated from Michigan State, where he served as coach for seven years. Later he served as recreation director of Bay City, Mich., before coming to Delaware. He has been active in Kiwanis since 1922. He was elected lieutenant governor of the Fifth Division last fall. His territory includes 14 clubs from Portsmouth to Mt. Vernon.

Last week Judge Joseph Clifford spoke on the subject, "Is Crime on the Decrease?"

He answered his own question in the affirmative when he pointed out that juvenile cases in his court had been reduced by 50 per cent in recent months.

Judge Clifford attributed this encouraging condition to the fact that many mothers have returned to the home after spending months in the war factories, thus neglecting their children; and the return of service men to civilian life. Most of these men have now successfully adjusted themselves to civilian life following the war period, he pointed out.

Canada Dry To Build Plant On West Side

The Canada Dry Ginger Ale Inc., will build a bottling plant on the West Side as soon as materials are available, it was learned this week.

The property fronts on West Mound-st. and is immediately east of the city-owned circus grounds.

Mr. Mann was unable to give any details of the proposed plant. The company has operated only a warehouse in Columbus in the past. The transaction involving the land was completed on Jan. 10 through William P. Zinn & Co., 37 N. Third-st.

Women Is Business — No. 11 In A Series

Mrs. Cora Darden Operates Darden Bronze Tablet Company On Hilltop

"It's a one man band," Mrs. Cora M. Darden appropriately quips about her business as sole buyer, salesman, delivery agent and manager of the Darden Bronze Tablet Company at 391 N. Hague-av.

The death of her husband, Frank Darden, in 1940, made it necessary for Mrs. Darden to take over the business the two of them had begun, and she has done the task in a most businesslike and efficient fashion.

Mr. Darden had the idea of an inexpensive grave marker in 1934 and this was the beginning of the business. At his death, his wife felt that the idea was still a good one, and carried on. Today there is only one other woman in the state of Ohio who owns and operates a similar establishment.

Handles All Types of Markers

Originally the business was limited to the sale of bronze tablets but today Mrs. Darden deals

in all sorts of grave markers and monuments in bronze, granite or marble.

Mrs. Darden has a natural cheerfulness and believes in "serving" her customers. Her primary reason for keeping the Darden Bronze Tablet Co. company and small is so that she may give each buyer personal service.

She is now prepared to offer anything in the way of a permanent decoration and can duplicate a marker exactly if necessary. She has become well acquainted with the different kinds of stone, the various colors, lettering styles and designs.

A native of Gallon, Mrs. Darden has lived on the Hilltop since 1931 and now has her father, Robert J. Gillopie, with her. She is a member of the Hilltop Business Men's Association, the White Shrine and Eastern Star. Although she does not pursue a hobby, she is well-read and particularly enjoys historical novels.

George Kline Hits 900 For Series

George (Bud) Kline, well known Hilltop and Columbus bowler, turned in a near record performance on the Higdon alleys Saturday when he was credited with 900 pins for a four-game series. His games were 255-241-218-185.

The all-time record of 933 was set by Cliff Robling in 1938.

Kline is a veteran of 43 months in the ETO. The morning before he rolled the unusual score he had received notice from the Veterans Administration that he's due for hospitalization. As a result of it he will miss out on a trip to Los Angeles for the ABC tournament.

Vogue Venetian Blinds
Ours is an old-established Hilltop manufacturing institution, founded over twenty years ago. During that period we have earned a well-deserved reputation for fine craftsmanship.
Each **VOGUE VENETIAN BLIND** manufactured during our business life has been tailor-made for a specific window. We measure and manufacture down to an eighth-inch. We use only the finest materials obtainable. Our business is built on the belief that discriminating Columbus folks prefer Columbus-manufactured products, and that they believe their homes and offices are entitled to our custom-built product, rather than over-the-counter, self-installed, even-inch, over-length, mass-produced Venetian Blinds. The cost of our product is not greatly in excess of the standardized Venetians.
Please permit us to send our representative to confer with you and give you an estimate. Of course, there is no obligation.

15th Police Ball To Be On Feb. 17

Plans are rapidly taking shape for the 15th annual Police Ball to be held this year on Feb. 17 at the Rollerland Skating Rink, De-

Nance, Charles Johnson, Jack Mayberry, Arthur Remmert and Walter Trapp. The board of the Police Sub-Relief Fund is composed of Sgt. George Webb, E. H. Hinckley, Leo Phillips, Chester C. Cook, James Hale, James Ferrell and Robert Oestricher.

Deadline For Dog Licenses Is January 20

The deadline for making the application for dog license with the county auditor's office is Monday, Jan. 20. All dogs three months of age must be licensed. Failure to apply for a dog license makes the dog's owner liable to a fine of as much as \$25 and costs, and all dog owners who make application after Jan. 20 will be subject to a penalty of \$1.

The fees for dog licenses are: for male or spayed female, \$1.00; female, \$2.00; kennel license, \$10. The county auditor's office will accept applications for dog licenses by mail if the dog owner will give his name, address and the breed, age, sex, color, and markings of the dog, and enclose the proper fee.

In order to assist the dog owners residing in the rural sections of Franklin County, a deputy dog warden and humane officer will be on hand at the following places and on the following dates for the purpose of taking applications for dog licenses: Jan. 14 — Farmers Exchange, Grove City; Jan. 15 — Thompson's Market, Harrisburg; Jan. 15 — Harrison's Self-Serve Market, Rome; Jan. 15 — Arch Alder Filling Station, Hilliard; Jan. 17 — Ringers Grocery, Darbydale.

Cat Show Set For Sat. & Sun.

Approximately 200 pure-bred cats and kittens of a wide variety of breeds and colors will compete for the galaxy of cups, trophies and cash prizes being offered at the 26th Championship All-Breed Cat Show, Saturday and Sunday, Jan. 18 and 19, at the ballroom of the South-
ern Hotel. The show will be open from 10 a. m. to 10 p. m. both days.

The cat show is being conducted by the Ohio State Feline Club, which according to William C. Bryant, president, is composed largely of Columbus and Central Ohio residents. It is being put on for the benefit of the Columbus Zoo, to which proceeds of the show have been pledged.

Entries from some of the finest cat breeders in the United States will be on display, coming from as far west as Montana, as well as Georgia and as far east as Connecticut and New York. They include a number of double champions, near-champions and novices, all of whom will pass under the exacting eyes of Mrs. John S. Hunter, of Mt. Vernon, New York, renowned breeder and judge, who will select the winners.

Reunion Of Veterans Of 37th Is Planned

Chinese Culture Is Art Gallery Theme

If you're interested in Chinese culture, take a look at the display in the east corridor next time you visit the Columbus Gallery of Fine Arts. The present show, arranged by Mrs. Harry Cope, honorary curator of oriental art, is centered around the Chinese printed word.

There are books showing how the Chinese language is formed, modern Chinese primers, and some wood cuts reproduced from prints made centuries ago. One of the most interesting pieces is an early Chinese book with illustrations from the Buddhist Gospel painted in silk, the type of thing which was popular around the 12th century. Other items include ink sticks and inkstones, Chinese war posters, and some little Chinese figures representing the God of Literature, a Chinese poet and a Chinese student.

RECREATION NEEDS Aired At Hearing

A packed house was on hand last Wednesday afternoon at city hall when the city recreation department commission heard representatives of groups from all over the city on what they considered the most essential recreation needs. It was one of a series of public hearings the agency may hold in setting up an overall recreation plan for the city.

Taxpayers had made available \$775,000 by a special bond levy passed in 1945. The commission is now laying the ground work for use of the first portion of this sum that is supposed to be spent over a five-year period.

N. J. Barack, city recreation director, outlined some of the things the commission has already decided to do with part of the appropriation. This included the following items:

1. Provide 30 new tennis courts

2. Lay out 15 new baseball and 25 new softball grounds

3. Provide toilet facilities and drinking water for each of the city's present playgrounds. Install wading or spray pools in all playgrounds where there is enough space.

4. Build fences around certain of the present playgrounds where they are adjacent to dangerous street intersections.

Survey Being Made Barack further said that a survey of the whole recreation program is being made by Ohio State University. The results of the survey are to be used as a guide in planning improvements to recreation facilities.

Joe Goodwin, representing the Hilltop Business Men's Association, as well as the Central Ohio Academy of Pharmacy, Edgar Pleas, president of the Hilltop Kiwanis Club, and Paul Wichter, of The Hilltop Record, were present as representatives of this section of the city.

The Hilltop delegation was the only one of a score or more such groups present that did not make specific requests for a share of the \$775,000.

Barack pointed out that low salaries being paid to playground supervisors made it difficult to get the type of supervision needed for most advantageous use of present park and playground facilities. He pointed out that his entire department would probably be limited to a budget of \$70,000 for the year 1947.

Requests were made for every conceivable facility in the way of recreation facilities ranging all the way from golf courses to community gardens.

It was pointed out that representatives of the Hilltop would be invited to appear at a later time before a survey board to outline needs that might be considered important to this community.

Note for the small fry! A combination wagon and sled has been invented by a man in New York. It even has coil springs to take the bumps. When the youngsters are through playing with the sled at the end of winter, the runners can easily be removed and replaced with wheels.

West Downs Aquinas In Close Game Tues.

West High won a close game from Aquinas on the Aquinas court Tuesday night by a score of 44-43.

The Terrier guards did a good job bottling up Jack Thrush all evening but in so doing they gave Walter Hicks and Paul Theisen an opportunity to rack up 17 and 15 points respectively.

It was a close game all the way with the score tied three times and the lead changing hands twice in the first period before West pulled into a 25-17 lead shortly after the third can to get under way.

Aquinas came back strong to tie the score at 37-all at the automatic timeout. The Terriers

then went ahead 41-39 but Hicks dropped through a two-point shot to tie the score and Thrush tossed in three points to settle the issue with a scant 30 seconds of time remaining.

The Cowboys Reserves won the preliminary game 25 to 21.

Score at end of each period:
West 7 33 35 48
Aquinas 7 17 32 43

Officials — Elmer Reger and Stanton Jones.

The Cowboys did a good job of taking the ball off the bank-board throughout the evening.

Other close City League games saw Central defeating Linden 38-35; North downing South, 49-48.

- Fourth of July celebration.

Radio Provides Way for Visit of Local Man With Son In Liberia, S. Africa

The magic of radio that has spanned the world in recent years became the instrument for a half hour visit of a Hilltop father with his son in Liberia, South Africa, last week.

Chester Hill, 175 N. Oakley-av, talked via short wave radio with his son, Chester, Jr., in Africa after a Newark "ham" operator had picked up a station the night before which had been trying to contact Columbus.

A Mr. Eis, amateur radio operator at Newark, was busy with his set Monday night when he heard a station in Liberia trying to contact Columbus. After failing to get an answer, Eis came in

to see if he could be of assistance. The Liberia operator asked if he could contact the Hill residence in this city.

The local family was much surprised when the long distance telephone operator asked if they would accept a collect call connection were made. The connections were made but the signal was too weak for conversation via the radio-telephone hook-up.

Mr. Eis volunteered to make a date for the following night if Mr. Hill, Sr., would call Newark where he could speak directly. On Tuesday night broadcasting conditions were nearly perfect. The father and son visited together for almost half an hour.

"I could hear him as distinctly as if he were calling from a telephone here on the Hilltop," the older Hill said after the broadcast.

Around West High

By Janet Baker and Judy Jones

"Let There Be Lights" is the "calling name" for the variety show to be given Jan. 29 for the purpose of obtaining money for stadium lights. The senior dramatics classes will be presented, together with song and dance acts. We want each guy and gal (Dick Hershberger, too) to buy his ticket early 'cause there is sure to be a rush. All tickets are general admission and go for two bits. The master of ceremonies will be Bill Woolson, so we personally guarantee you a lively show.

Evidently Wanda Getru and Jo Lauer did not make the New Year's resolution that some people wish they had. They can still be seen wearing their socks up in true Bexley style.

Congratulations go to Jean Grady and Jim Gardner for being chosen as class speakers. We're convinced they will do the occasion honor.

Best wishes to Jo Heischman's mother and father (Mr. and Mrs. Larry Heischman) on the birth of a bouncing boy.

Dick Hush's colorless pants were conspicuous by their absence at the letter assembly last week. Now wait a minute! Don't take us wrong. Dick's a modest fellow, and the pants he wore happened to be bright red!

We want to take this opportunity to say, "Hello" to West's two new students who were acquired over the holidays. Ruth Peters, a 10A, came all the way from Springfield, and Frances McDaniel, an 11B, hails from South High.

Rumor has it that the Friday noon dances are going to start again for a while, in order to pay for a new bass viol.

See everyone at the North game tomorrow night. Au Revoir.

West Outscored By East; North To Play Here Friday Night

West Reserves Win In Overtime

The West High School quintet came out on the short end of a 49 to 35 score on the local court Friday night as the boys from East "came West" and found what they wanted. The Tigers went into the lead early in the first period and were not seriously threatened at any time throughout the evening.

On Tuesday night the Cowboys invaded the Aquinas stronghold. (See Section A of today's Hilltop Record for a late account of that game.)

The City League schedule rolls along on Friday night with North paying a visit to West. The Cowboys journey over to Linden McKinley Jan. 21.

A rangy Tiger quintet experienced little difficulty in outscoring

ing the Coach Williams five. East set up a defense that West penetrated only a few times during the evening. Most of the shots had to be made from a considerable distance back court. Meanwhile the Tigers were shooting with a deadly eye for the bucket and doing a good job of "pushing up" shots that failed to register the first time.

The shorter West players were at a disadvantage in trying to stop the rangy Binns and Towers. Binns almost blew his chance to figure in the game when he went out and got four personal fouls called on him before the end of the first period.

Towers Stars
Towers played a bang-up game all the way, racking up 18 points. Fenneken and Jackson added 11 and eight points respectively.

The West Reserves gave the capacity crowd a good show as they snatched a 38-34 victory in an overtime game after trailing most of the way. West was behind 30 to 13 as the final period opened.

Thrash took scoring honors for West in the feature with nine points. Hicks and Theisen were close behind with eight each. For the most part the Cowboys

Air Scout Ship Studies Aviation

A typical senior scouting activity is represented by the group in the above Record photo taken by Ray Gaugler. Reading from left to right, they are Charles Reichelderfer, chairman of scouting activities for the Hilltop Kiwanis Club, sponsor of Air Scout Ship No. 3, Ted Webb, chairman of campfire activities, Del Shady (standing), squadron leader, scouts Harry Randolph, Don Eisele, Deane Thomas, Don Davis, Carl McKenna, Thomas Holcomb and Gomer Jones, operator of Jones Flying Service at the Sullivan Avenue Airport.

were not "on" in their shooting. Several scoring opportunities were missed when they would have counted.

Official Stanton Jones and Chuck Koterba commented on the fine conduct of the players on both teams. Said Koterba, "I never heard a squawk all evening."

The score by periods was as follows:
West 10 18 24
East 14 27 39 49

Senior Scouting Open To Young Men Of Hilltop

What boy wouldn't welcome the opportunity to study aviation under competent leadership from serving to the actual handling of the controls of a plane?

That opportunity is now available in the senior scouting program offered by Air Scout Ship No. 3, sponsored by the Hilltop Kiwanis Club.

Giving the actual instruction and serving as squadron leader is Del Shady, well-known Columbus flyer, who is also a qualified instructor. Charles Reichelderfer is chairman of the committee in charge set up by Kiwanis in this new scouting activity. Ted Webb, Herman Eisele and others are helping on the project.

Gomer Jones, operator of the Jones Flying Service, has made available all of the facilities of his airport at no expense to the scouts. The 15 boys now members of the troop hold meetings at the airport twice each month. Other meetings are held at the club rooms of the Hilltop Sporting Goods Co., 2461 W. Broad St.

The troop is open for additional members of senior scouting age. A boy need not have had other scouting experience to join the ship. Shady takes the boys through all phases of aviation, from overhauling the motor and servicing the plane to teaching them to chart a course of flight. All boys get some training on gliders and those who can qualify get actual flying instructions at the controls of a plane.

Students From All Nations To Appear Here

The Students' League of Many Nations will appear at the Immanuel Baptist Church, 286 Belvidere-av., Sunday afternoon at 2:30 o'clock.

The group, pictured above, is from the Practical Bible Training School of Binghamton, N. Y. They carry on their regular studies as they travel all over America. Dr. M. C. Patterson is their director.

It is said that 2,000,000 persons have heard this group in the 6000 services they have held. Members of the group dress in national costumes and speak or sing in the native language with translations.

Women Bowlers To Open Tourney

Women bowlers of the city will open the annual Columbus Women's Bowling Association Tournament Saturday afternoon at 2 o'clock. It will be run off in two week-ends at Riverview.

The 1947 tourney brackets 107 regular teams, 10 booster squads, 181 sets of doubles and 344 singles. This is a smaller list than that of other years because of the sudden decision to schedule the event rather than wait until spring.

A Recreation Program For The Hilltop

Considerable attention is being directed to the plans for spending \$775,000 voted by the tax payers in 1946 to be spent for recreational needs of the City of Columbus. A special survey committee has been set up to make recommendations to the Columbus Recreation Commission on the outstanding needs of the various sections of the city.

The whole problem brings to light a few pertinent observations that we pass along to our readers with the hope that they will stimulate some suggestions. We are convinced that up and down the streets of the Hilltop are men and women who have ideas and suggestions concerning the needs of the Hilltop that should be thrown into the hopper for consideration at this time.

1. We must first of all recognize that the \$775,000 voted by special bond levy will not provide for all the recreational needs of the city. Columbus is far behind most other cities on the per capita tax money used for these purposes. We do feel however, that wise spending of this amount during a five year period (as provided in the measure) should result in substantially improved facilities for all.

2. The woefully inadequate salary schedule for playground supervisors needs to be revised to encourage capable workers to direct the recreation program of the city. At present playground supervisors receive only \$103.50 per month as prescribed by city law.

3. The workings of all recreation committees on the Hilltop need to be coordinated into one master plan for this section of the city so that when representatives of this community appear before the survey committee (as has already been provided for), those representatives can speak for the needs of the entire Hilltop and not for a single group or individual.

At present there are at least three local civic groups that are interested in a good recreation program. They are the Hilltop Business Men's Association, the Hilltop Kiwanis Club and the Hilltop Community Council. These are mentioned only because they each represent cross sections of the community as a whole. Actually every church, every lodge, PTA group, veterans organization, etc., is interested in the same thing in varying degrees. Each should make known the thing they feel is most essential to their group. And then last but by no means least we should have the suggestions and ideas of John Q. Public—the person who has no "ax" to grind.

The Hilltop Record makes no attempt to formulate the policy of the community in this respect but we at the Record will be only too glad to publish all suggestions sent in by an individual or group and then refer them to the proper group for further consideration. Once a representative number of ideas are tossed into the ring, there should be a public hearing planned by the recreation committees of at least the three above mentioned community wide groups for the purpose of weeding out and selecting those ideas that seem to best represent the needs of the community as a whole.

4. Then let representatives of the aforementioned groups go before the survey committee with a list of the wants and needs of the community. There are certain improvements that could be made without a great expenditure of money. We feel sure the committee would welcome such a delegation, representing as it would, the entire Hilltop.

Touring North Africa Via Rail

The Trans-African railway (I call it that for want of a better name) extends from Marrakech in Southern Morocco northward to Casablanca and Rabat, principal Moroccan cities on the Atlantic seacoast. It then swings east through Oran and Algiers, and into Tunisia, reaching its eastern terminus at the city of Tripoli in the province of Tripolitania roughly halfway between Gibraltar and Suez. It hugs the northern coast of Africa all the way. At a few points branch lines extend into the interior, but not for any great distance. For all practical purposes this line is the only one in North Africa.

Kel Fuller

The American army used the road and its rolling stock to transport supplies and men eastward into Tunisia from the debarking points of Casablanca, Oran and Algiers. It served in this capacity for the duration of the African campaign and afterwards until well after the war had moved into Italy, making this supply route obsolete. Operation of the road was left in the hands of the Arabs. Although their efficiency was questioned at times, apparently they served their purpose well.

Moved Many Troops

Movement of troops was quite a task. The rolling stock consisted of the African version of "forty and eighty." "Forty and eighty" are the conventional European boxcars used for trans-

porting men (40) or mules (8). The African version is smaller and narrower.

Thirty-five men with full equipment were jammed into each car. This was all right as long as every one stood. However, most men wanted to lie down at night to sleep.

Our unit traveled the road from Oran, Algeria, to Mateur in Tunisia, a distance of 800 miles. The trip took five days and nights. Sleeping was the difficult problem. The little "Toonerville" cars just didn't have enough floor space for everyone to stretch out. The difficulty was partially solved when about six of the fellows climbed to the roof and slept there. At that, a lot of guys who stayed inside the car learned to sleep sitting up. I preferred the roof. The nights were warm and clear and the boards were just as soft as those down below.

The eating problem was fairly well handled. The kitchen was set up in one of the cars. Meat and vegetable stew or Vienna sausage and spinach was the bill of fare with fruit cocktail for dessert. The rations we stole from the dump in Oran didn't have much variety. Chow was served during a stop. Usually the train would start before everybody got through the line. The Arab engineer didn't cooperate. After a few meals the hard way, "C" rations were distributed and we got along a little better. Eating wasn't such a chore. There wasn't any water for washing mess kits so eating out of cans probably prevented a lot of diarrhea or worse.

Water Situation Bad

The water situation wasn't good. No water was provided for the trip aside from the full canteen every man carried and the water for the kitchen. At stops

usually water could be found for washing and shaving, but not for drinking. We were genuinely worried and canteens were good and dry when a British water truck met us at one of the stops and provided enough for the rest of the trip. This time water bags were filled as well as other containers. That's the way you learn things in the army.

We saw a lot of countryside, but every acre looked the same as the ones before it, and the Arabs all looked alike. The kids swarmed around the train at each opportunity, reaping a harvest in borbory. It was this "way all through Algeria. When we passed into Tunisia and neared Mateur the terrain showed evidences of the campaign which had been completed a few months before.

The fields were packed with shallow fox holes. Burned out vehicles, discarded ammo boxes and an occasional German 88 showed that this area was sharply contested. The little towns were marked with scarred buildings and shattered streets. But the most profound change was in the population. The Arabs weren't nearly so gay here. They went about their business seriously. They didn't chase the train or attempt to barter with us. Few even raised their eyes to look. They had seen all of this before. And much worse. A troop movement didn't faze them.

Mateur, where we detrained, was an important communications center leading to Bizerte and Tunis. It also was near hill 609, the large hill mass that had obstructed American troops. Mateur and 609 were the keys to Bizerte and the final Axis defeat in Africa.

Mateur, when we arrived, was functioning mainly as a railroad and air base. Planes based here were plastering the southern part of Europe in daily air raids. The forerunner of the great air offensive to come.

We moved from the railroad by truck to a town near Bizerte, pitched our pup tents in an olive grove and went to sleep under a Tunisian sky.

(Next week: Tunisia.)

Special Services

To Close At Burgess

Evangelistic services will continue at Burgess Avenue Evangelical United Brethren Church the remainder of this week, with the campaign closing Sunday night.

Rev. and Mrs. Raymond Nelson are conducting the services.

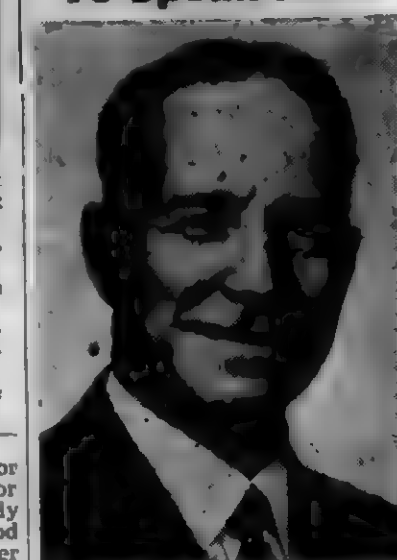

Edgington To Direct Music

The music department will be divided into junior and senior divisions; in each of which instruction will be given in voice, dictation, sight reading and harmony. The junior division will include boys and girls from ages of 8 to 16 and the senior division will include all others.

Mr. Edgington for several years has been active in church and choir music in Columbus. He also is a member of the Westminster Guild and the Columbus Grand Opera Company. His formal musical training has consisted of extensive private study in voice and choral work at the Westminster Choral College.

The church invites those who enjoy singing and who are not now associated with any church musical organization to meet and work with one of these groups. Both groups will meet at the Westgate Evangelical United Brethren Church, 51 S. Powell-

Evangelists from all parts of the United States and Canada were in attendance. Rev. Anthony traveled by train.

Life IS LIKE A LADDER

Perhaps you've never thought of it quite this way. But life is like a ladder. Each careful step takes us higher and higher. And every serious mistake means a fall.

We help our children up those first few rungs. We steady the ladder, we help them to gain a firm footing, we show them how to climb higher.

But, then, the day comes when our youngsters are on their own. Mother and Dad can only watch and hope. They cannot guide each step... nor can they prevent a fall.

Wise parents equip their children with a religious faith that can go with them up life's ladder. Then, when Mother and Dad can no longer guide their footsteps, they will know the way alone. And should they falter—as most of us do—they will have within them the power to take a firm hold, and go on, higher and higher.

The Church teaches all men to climb. It prepares our children to climb alone!

WINTER DAY
My oak has lost its leaves
To silence and the cold;
Its brief autumnal fires
Are flickering in the mold;
And though the winds be bitter
That smite the naked bough,
Yet, thus bereft of summer,
No frost can harm it now.

And I, whose blithe, swift season
Of youth is at an end,
Would stand unscathed by treas-
son
Of lover or of friend;
But oh, the heart that suffers,
The heart that cannot be
To the bleak frosts of winter
Indifferent as a tree.

Five Generations On Hilltop

Living within a few doors of where The Hilltop Record was once located is Mrs. Anna Scofield, a great-great-grandmother. (The Record was formerly located at 14 S. Oakley-av.) A resident of the Hilltop for more than four decades, she will celebrate her 87th birthday Feb. 10.

She has seven great-great-grandchildren, 23 great-grandchildren and nine grandchildren.

Mrs. Scofield, the oldest of the five generations, has suffered from arthritis for more than 40 years and has been confined to her bed during the past nine years. She was born in Hilliards but has lived at 41 S. Oakley-av. 42 years. She is a member of Glenwood Methodist Church.

Her husband, the late Joseph Scofield, was a motorman on the street transit system. He died 12 years ago. She has four children living and one dead. They are:

Mrs. Zella Paul, 527 N. Burgess-av.; Mrs. Elizabeth Crossley, 3233 W. Main-st.; Curtis Scofield, 531 S. Huron-av.; and Miss Louise Scofield, at home. The oldest son, Elmer Scofield, died several years ago.

Mrs. Zella Paul is the second generation. In addition to the daughter, Mrs. Robert Giehl, Sr., she has a son, Donny Paul, who resides at 480 S. Warren-av.

Representing the third generation is Mrs. Robert Giehl, Sr.

Five generations of local people are represented in the above record photo taken by Ray Gaudier. Reading from left to right, they are Mrs. Robert Giehl, Sr., Mrs. Anna Scofield, who will be 87 years old on Feb. 10, holding Judy Ann Giehl, five weeks, Robert Giehl, Jr., the baby's father, and Mrs. Zella Paul.

4665 Fisher-rd. Her husband is a generation, graduated from Hilliards High School and attended Ohio State University. He is associated with his father in the heating and plumbing business. He has one daughter, tiny Judy Ann Giehl, born Dec. 8, 1946.

Movie Survey Being Conducted

A special survey of the programs of movies being shown at the three Hilltop theatres is now being conducted by the Hilltop Community Council, Inc. Serving on the committee are Mrs. Earl Abram, 100 N. Huron-av.; Mrs. E. F. Thompson, 220 N. Oakley-av.; and Mrs. E. M. Bradfute, 333 S. Ogden-av.

For some time past there has been a seeming lack of consistency in the planning of the so-called "double feature" pictures at the theatres—noticeably when a good children's picture is featured, and then as a second feature a gruesome murder picture is shown, which actually happened at one of the theatres this past week-end.

Several organizations connected with the Hilltop Community Council are also making a similar survey, and a composite report and a definite program of action will be taken at the February meeting, to be held at the Teen Canteen Feb. 13.

Teacher—This is getting just too much. Steven Gates, if Kate has two plums, and Nellie has four plums, how many plums have they together?

Steven—Could I ask one question first?

Teacher—Certainly.

Civic Group To Study Park Improvement

Dr. E. J. Miller, president of the Hilltop Business Men's Association, this week delegated the civic committee of that organization to study a proposal for an extensive improvement program for Glenwood Park.

At a meeting held Jan. 14, Jerry Spears, a member of the new civic committee, outlined "in the rough" a plan for more extensive use for Glenwood Park. It involved taking advantage of the natural amphitheater for the erection of a bandstand with provision for seating a large number of people. The plan included a many-purpose development that could benefit virtually every group on the Hilltop.

It is expected that the committee will meet in the near future to explore the idea further and suggest ways of accomplishing some of the objectives suggested. Jack Merriman was appointed by Dr. Miller as the second representative from the association on the United Business Men's Association, Dr. E. J. McNamee's term of office does not expire at this time.

The following persons have been added to committees announced in last week's Hilltop Record: business advancement, Alva Nafziger and Curt Wilcox; safety, Charles Haas; industrial, Carl Kruckelberg; schools, Lowell Sullivan; entertainment, O. H. Craft; house committee, Charles Reichelderfer and John Davis; attendance, Harriett Huff and Harold Fox.

McKinley Park Project To House 36 Veteran Families

Homes for 36 veterans and their families are nearing completion in the temporary housing project on the playgrounds at McKinley Park at Central-av. According to Russell C. Taylor, director of the Columbus Metropolitan Housing Authority, the first of the 10 buildings will be ready for occupancy by March 1. Four two-story and six single-story buildings are included in the project, said to have been 40 per cent complete on Jan. 8. The above view of the project, looking south from McKinley-av, was photographed by Ray Gaughey.

The Hilltop's share in the veteran housing field will not be "a drop in the bucket" compared to the overall need, Taylor pointed out. There were 5300 applications for living quarters in the city when the last count was made. Of this number 280 were considered "distress" cases. To offset this need only 460 housing units are under construction at the present time in the entire city. "Distress" cases were described as extremely urgent cases where there is an eviction or other emergency existing.

Families where there are children, of course, get priority on the waiting list," Mr. Taylor explained. Basic rent for the housing is \$35 per month for one bedroom, \$37.50 for two bedrooms and \$40 for three bedroom apartments. However, in no case will rent money in excess of 25 per cent of the gross income be taken. Where the rent figure represents more than 25 per cent of the wage earner's income, adjustments downward are made to as low as \$22.50 per

unit. (All figures include cost of utilities with exception of electricity.) Running Behind Schedule The local project is running somewhat behind the original completion dates. The contract first called for occupancy of the five units by Feb. 8. This date has since been set at March 1. Roth-Schneider Corp. holds the general contract on the project. Management of the housing units will be under the Columbus Metropolitan Housing Authority as are the Greenlawn Avenue units.

Sullivant-av

(Continued from Page 1)

Direct from Vandenberg-av south to the city limits. This project will be taken up by the city engineer's office. Cost of the work done will be borne by the property owners plus city assistance at the intersections and two percent of the total cost which the city will bear. The section to be improved is only a block in length.

The special zoning request filed by J. Real Neith, Columbus theater operator, for permission to extend his proposed theater 50 feet back into a section zoned for residential use was turned down by the city fathers Monday. Neith plans to erect a theater on the old Weber estate just west of the southwest corner of Burgess-av and Broad-st. in order for the front of the theater to line up with the Bell Telephone Building. Immediately to the west, present plans for his building would extend back 50 feet into a residential area.

The refusal to alter the zoning ordinance followed a public hearing on the matter on Jan. 9.

Spectator

(Continued from Page 1)

Christopher, drummer for Carl Speckman's Band, reports an instrument case containing small cymbal, drum sticks, brushes, foot pedal, etc., was stolen from a car near his home last week . . . Nancy Draper starts to school at West Broad Street with the new semester . . . Russell Ryerson was taking his new bird dog out for a walk in the alley back of his home. All of a sudden the dog came to a perfect "point". Peering over the backyard fence, Russell discovered—three ducks.

Minnie (peevishly)—My daddy says that if I spell "apple" forwards I won't get anywhere with them. He says that to get anything across and make big sales you got to spell it backwards.
Teacher—Who's running this school, your father or I?
A child—Would you mind repeating the question?

Modern Poetry

SHELTER THE LITTLE ONES
Winter, be very kind;
Nature, be good;
And shelter the little ones
Living in the wood.

O winter, wherever the snow falls on the limb,
Shelter each soft one there;
Feed and warm him.

O winter—the lovely and wise—
Wherever they plod,
Shelter the small ones, furred
and feathered, in
BETWEEN THE BOOKENDS.

Joseph Joe Felt, in
BETWEEN THE BOOKENDS.

FROZEN FIRE
The air is full of diamond dust
toned
Cold glittering sparks between
us and the snow;
The hills are ragged ethines,
black and white,
pointed with stars;
The crowding spruces go,
A still black army, down to the
curving shore.
The frost lights glitter on every
twig and brier
Till we set intruding feet on the
jewelled floor.
And shatter the cranberry bushes'
frozen fire.

Against the blue of spruces, and
the grey
Of bare-boughed poplar, suddenly
As though a snowdrift burst in
scattering fragments,
Rampant rise with heavy whir
of wind,
Show for a moment clear among
the branches,
Then disappear,
White lost on white again.

Floris Clark McLaren, in

YEARS' END
Calm Nature, old and withered,
sinks the rest
That follows summer's hot and
burdened days.
Now winter's shivering night
slowly pulls down
Her blue-black mantle round her
silvering head.

South Topples Central From Unbeaten Class

With near zero temperatures outside, the West High School Cowboys got "hot" in no uncertain terms to run roughshod over Linden McKinley 69-37 on the Linden court.

It was the third league victory for West and the fifth straight defeat for McKinley. It placed the Cowboys in a two-way tie with East for second place.

The victory will focus added attention on the West-Cent game here on the Hilltop tomorrow night in view of the surprise upset South scored over the Pirates Tuesday night when they headed the league leaders a 38-47 defeat. Central and North are now tied for first place in the best league race.

For the first time in many games the Cowboys were "on" from the starting whistle and never cooled off throughout the contest although Coach George Williams used every boy on the squad and lost four players via the personal foul rule. West had scored 17 points before Bob Poltz broke the ice to score a two-point shot for Linden.

Jack Thruish returned to form as he racked up 17 points to take individual scoring honors for the evening in spite of the fact that he left the game early in the fourth period because of fouls. Walker Hicks was benched on fouls less than a minute after the second half started. Chuck Weeks and Compton likewise committed five personnel.

Paul Thelsen accounted for 11 points, getting seven for seven at the free-throw line. Don Borrer, going in as a substitute, made nine points.

Coach Williams said Wednesday that his starting lineup against Central tomorrow night would be Hicks and Weeks at the forwards, Thelsen at center, with Thruish and Anderson at the guards.

Score at end of each period:

West	20	35	49	69
Linden	10	21	31	37

Officials—Eves and McMillan

Central	1	1	1	1
North	4	1	1	1
East	3	2	2	2
West	3	2	2	2
Aquinas	2	3	4	2
South	2	4	3	2
Linden	0	5	0	0

Tuesday Night's Results

South, 58; Central, 47.
North, 37; East, 31.

Teen-agers Dance Is Saturday Night

The first dance of the winter season will be held at the Teen Canteen Saturday night, starting at 8 o'clock. Music will be provided by Ray Brooks and his band. Refreshments will be served. Special admission will prevail for members. Regular prices will prevail for guests.

The winter Canteen program, announced by President Dick Palmer, includes a dance every other Saturday night; a ping pong league; a chess contest; a checker contest; another pool contest and a bi-weekly round table discussion on a topic of popular choice.

The new Hilltop Youth Committee, headed by Palmer, has taken on as its first project the betterment of conditions at the local youth center. A membership drive is now in progress and reports on its progress are said to be good.

A teen age musical show is being planned by the Canteen staff and the youth committee. Auditions for this show will be held at the canteen soon.

Cowboys Point For Central Game Here On Friday Night; Lose To Polar Bears

North Beats West By 56-36 Score

The West High Cowboys dropped a game to the North High Polar Bears 56-36 on the West court Friday night before a packed house. It was the second loss in city league competition to as many victories.

West High was to journey to Linden McKisley on Tuesday night of this week. See Section A of today's Hilltop Record for a late account of this game.

The Central High School Pirates, city league leaders, will invade the West court Friday night in one of the top attractions in the city that night. The entire Central team was out to see the North-West game, having an off night on their schedule.

Paul Theisen took scoring honors for West with 11 points but that did not match the 14 tallies rolled up by the flashy E. Clark of the Polar Bears or the 13 points made by North's captain, Dick Widdoes. Walter Hicks tallied four times from the court and made good on two charity tosses for a total of 10 points. He had trouble all evening, however, trying to shake loose from Earl Stahl, Polar Bear guard, who seemed to be all over the place.

North handled the ball well throughout the evening but failed to spot Captain Widdoes on several occasions when he was "wide open" down under his own basket. The Cowboys had difficulty in finding the hoop, especially during the second and third periods when they were able to account for a total of only 12 points.

West Takes Lead
West came out strong to cut down an early North lead and held at 12-10 advantage at the end of the first canto. In the

second quarter when the West offensive bogged down, the Polar Bears pulled ahead and led 23-16 at the half. The Cowboys were never able to challenge seriously this advantage during the second half.

Score at end of each period:
North 10 22 38 56
West 12 16 23 36

Officials—Koterba and Jones.
The West Reserves dropped a heart-breaker to the Bear Cubs 25-24 in a hard fought and well played game. The junior Cowboys trailed most of the game but led 22-21 as the clock showed two minutes and 10 seconds to play. At the automatic time-out they had a three-point lead but this was quickly cut down by North in the closing minute of play.

Hutchinson scored eight points for West, followed closely by Szesakman with seven. Evans and Graves each tallied eight points for the visitors.

Hicks Eighth In City Loop Scoring

Walter Hicks, flashy West High forward, was in eighth place among the individual scoring leaders in the city basketball league prior to Tuesday night's games.

Hicks has a total of 43 points by virtue of 19 field goals and five free throws. He has shot two more field goals than the league leader, Pitsenbarger of South, who has 17, but the Bulldog ace has 27 charity tosses to his credit to lead the loop with 61 points.

The league leader will be out of the running after next week when he completes his high school career.

Towers of East High has the most two-pointers to date. He has 26 with three fouls for a total of 65 points. He is in second place.

Paul Theisen, Cowboy center, is listed among the leaders with 34 points—1 field goal.

Returns To Ship

Richard Frank Westkamp

Richard Frank Westkamp, S2/c, returned to the USS Houston after spending the holidays with his parents, Mr. and Mrs. R. H. Westkamp, 167 S. Ogden-av. Formerly a student at West High and Aquinas High Schools, he has been on duty in the Mediterranean Sea and the Atlantic Ocean since July.

six free throws. Theisen is still a sophomore, having earned a regular starting berth early in the season.

Jack Thrush, Hick's running mate at the other forward position, has only 28 points to his credit in four league games in spite of the fact that he has been West's high point man in six games played, tied for that honor in another, and was on the bench during almost an entire game due to an injured ankle. Unfortunately, as far as the records are concerned, his best scoring was against non-league opponents and consequently does not count in the league standings.

Then too, Jack has been a marked man in every league contest. His 22 points scored against Grandview in the season opener, plus a lot of publicity as a result of his selection to play on the all-star baseball game in Chicago last summer, have been noted by all city coaches. In every league game the opponents have attempted to keep him "bottled up" throughout the evening. Most of the opposing players refer to him as the "all-American boy." While this doesn't disturb the three-point athlete, it does make it tough going down in scoring territory.

West Junior To Meet Loop Leader Friday

Top attraction in the Columbus Junior High Basketball League Friday afternoon will be the game between West and Barrett on the Barrett floor.

As the final game of the first semester of play approaches, Barrett and Franklin are in a two-way tie for first place, both teams being undefeated to date. However, Franklin will be weakened materially next week when all

In second place, also in a two-way tie, are West and Crestview. The Lehman-coached West quintet defeated Crestview by a score of 29 to 19 last Friday. With Franklin idle this week by virtue of a bye, West stands in a good position to claim a portion of the first rung in the league race.

Model Airplane Contests Planned

Attention, model airplane fans! Twelve cash prizes, totaling \$70, will be awarded winners of the model airplane contest sponsored by the Hilltop Sporting Goods Store, which will be held from Jan. 25 through March 25. Names of judges will be announced later.

All model supplies (excluding gasoline motors and their accessories) must be purchased at the sporting goods store. A sales ticket will be written out at the time of purchase, and this will be the certification and entry fee combined. Any number of entries may be submitted. Each model will be judged for neatness, exactness and completeness of workmanship in its class.

Bill Thrush, who has been a consistent point-getter all season, was "bottled up" all afternoon and failed to come through with a single tally. At present West has four victories against one defeat.

Work To Be Done

"There's work to be done," was the keynote of Dr. R. J. Miller's short address immediately following his installation as president of the Hilltop Business Men's Association for 1947. The new head outlined a six-point program that he wishes to see carried out during the year. Here are the items as he outlined them:

- 1—A year-around safety program.
- 2—Improved transportation facilities.
- 3—A solution to the ever-increasing parking problem.
- 4—Improved recreation facilities.
- 5—Cooperation in the city-county zoning program.
- 6—Maintain the general health and welfare of the community.

There are of course many other problems that might have been included in such a program of objectives but as the new president pointed out, "I would rather see some measure of accomplishment on a few objectives than to try many things and be able to show little progress on any of them."

Dr. Miller dwelt briefly on a point that is overlooked by many of us when he said:

"We must never forget that the Hilltop is a part of the City of Columbus and by the same token we must not let the city forget it either."

Many times we Hilltoppers have been guilty of being too community centered in our thinking. We go "all out" on some project that is for the Hilltop but adopt a lackadaisical attitude when it comes to supporting some worthwhile city-wide undertaking. Many local representatives on city-wide committees have been embarrassed no little when they could muster only a token contribution to a deserving undertaking of a metropolitan nature. We recall the Columbus Philharmonic drive of last year as just one example. There have been many others.

Cooperation in the city-county zoning program is a step in the right direction. It is a long overdue plan but it is not too late to do some real good once it is gotten before and receives the endorsement of the people.

To Dr. Miller and his co-workers we say, "The best of luck on this program. We believe some real progress will be made in 1947."

Library Seats Are Free

If the demand for seats in our public libraries were in as great demand as seats at athletic contests, we might be more capable of solving some of our national problems.

Make Hard Work Popular

Better days will be here, production will increase and the future will be somewhat brighter if some smart individual can make hard work popular and fashionable.

Tunisia

About the only difference between Algerian and Tunisian terrain is that the latter has vegetation and a line of rolling green hills while the hills of Algeria are brown and for the most part devoid of anything green. The Tunisian atmosphere is cleaner and the flies are not so thick. The standard of living for the average Arab is a little higher. He usually has a cow and a goat in addition to his goats. Some even own a cow and a swaback horse.

Ry Kel Fuller

The French and Italian element raise the standard of living considerably. They own homes made of stone and are generally much better off than the average Arab. Wood is totally lacking as a building material. Modern conveniences as we know them are conspicuous by their absence.

Orange groves and olive groves dot the landscape. The Tunisian orange is small in size and tastes like a tangerine. The olive groves are the most numerous. The commercial olive and olive oil business is an important one in Tunisia. An olive tree takes over a hundred years to mature sufficiently so that it can bear fruit. They are valuable. The American claims department paid considerable money to olive grove owners for trees damaged by the American army.

Northern Tunisia is in approximately the same latitude as Southern California and the climate is similar. There is little rainfall from May to January. During this time the earth bakes as hard as concrete. January and February are extremely rainy months. There is no snow. The temperature rarely drops below 50 degrees.

The malaria season lasts from May to November. The American army took extensive measures to combat this disease and was very successful in keeping it down among troops. However, practically the entire population suffers from malaria in recurrent form. Any anopheles mosquito that avoided the death traps set for it was a carrier.

Principal cities are the seaports of Tunis and Bizerte. The latter, because of its fine harbor, was a much sought after prize during the war. It was bombed repeatedly by both sides and almost completely destroyed.

Tunisian Campaign Tough
It was here in Tunisia that the American army met its first test in this theater. Green troops battled Field Marshal Rommel's veteran Afrika Korps. After early reverses, the Americans, together with the British Eighth Army which had chased the axis forces all the way from El Alamein in Egypt, forced remnants of the Afrika Korps into a pocket at Cape Bon Peninsula, east of Tunis, pinned them against the sea and forced the surrender of nearly 250,000 German troops, ending Axis resistance in Africa.

Tunisia was an American show. It wasn't an easy campaign. American armor suffered at Kasserine pass. Names like Paul Foss, El Guitart and Galt will long be remembered by troops who fought there. The final victories at Mateur and Bizerte were engineered by an American Corps under General Omar Bradley, who was later to become a great field commander in France. Generals Eisenhower, Clark and Patton played an important part in the Tunisian campaign and gained valuable experience, which aided them in subsequent campaigns. Green divisions and veteran divisions and formed nuclei of new armies, some to fight in Sicily, Italy and France.

But most important, North Africa was secured as a base for American operations against the under belly of Europe. It was a stepping stone to Sicily and the forcing of Italy from the war. The North African campaign marked

From her Thrift Comes More and Better Telephone Service

● Telephone progress in America rests with thousands of small investors... people whose thrift provides the money to expand and improve this nation's telephone system.

The Bell System, of which our company is a part, is owned by about 700,000 persons, most of whom hold only a few shares of stock. It is the confidence of this group of investors that has put this country's telephone service in the lead throughout the world.

Now, when the telephone industry is undertaking the greatest expansion and improvement program in its history, the American public again will back our faith in the future with dollars.

Good and plentiful telephone service costs money. Our company alone will spend \$125,000,000 to expand and improve its facilities in Ohio in the next few years. The money for this program will come from Americans who always have invested in progress.

Jeanine George, Tom Greene and Jack Helman will be the main speakers at this Sunday's church service which will be built around the theme "Youth Shares." This service will initiate the week's activities directed by the Westminster Fellowship, which embraces all young people in the church. Others taking part in the Sunday service include Dean Barnes, Carol Jackson and Marilyn Ring. A mixed fellowship chorus under the direction of W. Haydn Jones will sing. Ushers will be selected from the following group: Ted Biddison, Donna Ellis, Mona Sue Clark, Dorothy Hann, Diane Fulton, Shirley McCarley, Sarah McFadden, Howard Merriman, Jobyna Pitt and Doris Thomas.

Pat West and Don Cross, co-chairmen for the Youth Week, said that one of the highlights of the week would be the election of a board of trustees, a session and certain other official boards. These youth boards will meet with the corresponding regular church boards during the first week in February, they said.

The co-chairmen also announced the appointment of Ben Lewis, Jr., as chairman of family athletic night, to be held Feb. 8 in the Hoge Memorial gym. Lewis said that plans include several games between the various boys' and girls' teams of the church and several adult teams especially organized for the family night. 'Go to Church' Plan Adopted By Ministers

The final stamp of approval of a Lenten "go to church" campaign on the Hilltop was given at the January meeting of the Hilltop Ministerial Association at Hoge Memorial Church Monday forenoon.

The program, aimed at increased church attendance, has the backing of churches of all faiths in the community as well as the Hilltop Business Men's Association, the Hilltop Kiwanis Club and the Hilltop Community Council.

A committee of laymen and local ministers met a week ago to formulate the plan. The matter has already been taken up with the three civic groups and has the virtual assurance of cooperation from all of them.

Stickers bearing the slogan, "Let's All Go To Church," will be displayed in homes, on store windows and on automobiles. Each church will conduct its own program to awaken increased interest for church attendance in its own locality. The slogan will be imprinted over a two-color reproduction of the Christian flag. A plan of advertising and publicity will be carried out throughout the community.

Rev. Glendon Herbert, pastor of the Hilltopia Evangelical United Brethren Church, was appointed to head a committee arranging for a Good Friday service in one of the local churches. Assisting him are Rev. Roy Ferguson, Valleyview Church of Christ, and Rev. Scott of the Hilltop Church of God.

Hilltop Hymn Sing To Be At Sullivant

Sullivant Avenue Friends Church will be host to the Hilltop Hymn Sing held by local churches every other Sunday night on Sunday, Jan. 26, starting at 8 p. m.

The bi-weekly services have been attended by 10 to 12 different churches. A full hour of hymn singing constitutes the program each time the group meets.

The service is open to the public at all times. An attendance banner is given to the church having the highest percentage of its evening worship service attendance present at the "sing."

Westgate Men To Have Banquet

On Tuesday evening, Jan. 18, at 7 o'clock, the Westgate Methodist church will hold their annual banquet at the new church, 345 S. Brinker-av. This will be the first meeting of this organization in the new church. Carl Spohn is the president, and Dee Meyer is the secretary and treasurer.

The men of the church were recently reorganized, and plans are in the making for several banquets during the year. The banquet will be served by the Women's Society of Christian Service, and Rev. Ronald Hudson, a former major chaplain of the United States Army, will speak on his experiences. A shuffleboard court is now being planned for the recreation of the evening.

Baccalaureate Will Be Sunday

Sunday evening the baccalaureate service for the mid-winter graduating class of West High School will be held at Glenwood Methodist Church. Rev. Joseph B. Shellhaas, pastor of the church, will give the address.

The choir, under the direction of Mrs. Charles W. Walton, will furnish special music, with Mrs. Clyde D. Moore, organist. Various members of the class will take part in the service.

FOUNDATIONS!

You have to go down if you want to go up! That sounds like foolishness, but it isn't.

If you plan to build a garage, you don't need to dig very much before you lay the foundation. But if you plan to rival a modern skyscraper, you must start deep below the earth's surface.

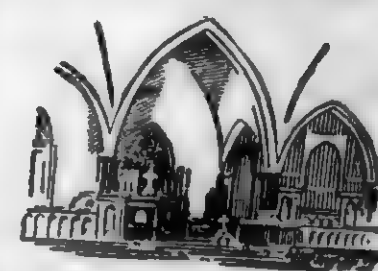

Foundations of great buildings must go down until they rest on bed rock. Not until then is it safe to start going up.

So the next time you look up at a building which rises far above you, don't forget the foundation that makes it possible.

Our lives need such foundations, too. In the building of our lives, and those of our children, we are too often governed by what other people think or by our temporary wants and desires.

But when life's storms come and its testing moments are upon us, it is the foundation that keeps us secure, or the lack of it that permits collapse. Only a life foundation that rests solidly upon faith in the eternal God is really adequate for the kind of character building we must do if we want our lives to be happy and successful.

You've got to go as deep as that, if you want to go up.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

Seventh Generation Enlists In Army Here

William Edward Cline, son of Michael A. Cline, 62 Souder-av. joined the army last week and thus become the seventh generation in his family to see army service.

His fourth great-grandfather was one of two brothers who were Hessian soldiers hired by the British to fight General Washington. They were captured by Washington's troops at Trenton on Christmas Day, 1776, when Washington made his historic crossing of the Delaware River. They then joined Washington's forces to fight the Battle of Monmouth.

Cline was a Holy Family High School senior and earned his letters as an end with the football team. He signed up for 18 months.

School's "all right" they tell you School's "just fine" they say. (This is their first day)
"Okay" they mutter humbly.
"Not bad" they sorrowfully say. (They're only half the way.)
Grimly having refused defeat, "Loved it" they softly say. (On Graduation Day.)

The seniors are having their prom tonight; we hope they all have a swell elegant time. Mrs. Hall, dramatic teacher and stage director, was delighted to receive word that the senior class had given some money to the stage as a gift. It is as yet undecided what is going to be bought, but a spotlight may be in the offing.

The new 12-B class officers are in for a big job of keeping up with their predecessors—so here's luck to Jim Slager, president, Norris (Nocnie) Boothe, vice-president, Donna Holmes, secretary, Julianne Ammon, treasurer.

Soft strains of "The Merry Widow Waltz" (with a decided 1, 2, 3 slide in the background) have been heard backstage 7th period. Could be that this and someone crooning "The Old Lumplighter" is a preview of the coming "Let There Be Lights." This performance might be called a half-alumni production, for the present 12-A's will be alumni of one day when it is presented.

All the juniors who are struggling with chemistry right now have two difficulties, either their 100 equations or their unknowns. Ask Mary Ann Mitchell about the latter.

We know a fellow they call "Curly." You want to meet him? Ask Dick Layman and he will be glad to introduce you.

Business Leaders, Record Reporter Check "After Dark" Traffic Violations Here

I've seen some of the things that cause accidents on W. Broad-st. after dark. I've just returned from a one hour and forty minute inspection tour of the Hilltop and West Side with Capt. Frank H. Harrison, 2864 Wicklow-rd., in charge of traffic enforcement for the city of Columbus.

Upon a special invitation of Mayor James A. Rhodes, Dr. R. J. Miller, president of the Hilltop Business Association, E. O. Melvin, chairman of the traffic committee for the HBA, Capt. Harrison and I set out to see first hand some of the common violations on the part of both pedestrians and motorists that are contributing to the accident toll on W. Broad-st.

We left the front of The Hilltop Record office, 2465 W. Broad-st., at 8:40 p. m. and drove east toward the Scioto River.

West of the entrance to the Columbus State School we saw a motorcycle officer writing out a ticket for some traffic violation. At Davis-av another motorcycle officer passed us going in to town about the same time another officer was going west on Broad-st.

Capt. Harrison explained that from 3 p. m. to 11 p. m. there are four motorcycle officers working mainly on Broad-st from the river west to the city limits.

We drove east as far as Central High School, then south to Rich-st and west to Sandusky-st. Capt. Harrison then suggested that we go over and see the new traffic control in operation at Sandusky and Spring-st. From there we went down town and back west on Broad-st again. We passed a motorcycle officer going east at Skidmore-st. Going west to the State Hospital Hill, we saw another officer waiting at the side of the road for traffic violators.

Up to that time we hadn't seen much that resembled serious traffic violations on the part of motorists. Here and there people were crossing the thoroughfare but most of them seemed to be proceeding with caution.

Jay-Walkers Near the Eureka-av light a man was jay-walking directly under the light instead of staying on the cross-walk. By 7:15 o'clock we were at Westgate and Broad, where we slowed down to discuss the need for a light in that neighborhood. We drove as far west as Wilson-rd., turned and started east again on Broad-st.

At Wheatland-av a motorcycle officer had tagged a driver and was starting out for the police station with the alleged violator. We drove east to Central-av, south to Sullivan-av, west to Hague-av, and back east to the Record office. It was then 7:40 o'clock and Dr. Miller and Mr. Melvin had to attend a meeting of the civic and traffic committees of the HBA so they left us. Capt. Harrison and I decided to take another trip toward town.

Just as we were getting under way a car passed us going east without a tail light. At W. Park we saw three or four persons cutting across Broad-st at varying angles, dodging in and out from between cars. A truck with only one light was coming west. Just a few yards ahead of us a car swerved out from behind a bus that was slowing down to pick up passengers. Nothing happened but it was obvious that he hadn't looked before he pulled around the bus.

"That's a lot of accidents," Capt. Harrison observed. "Too many people are afraid they will lose a second by following traffic when it doesn't move fast enough to suit them so they go darting in and out from one lane to another."

Parked At Mill-st At Skidmore-av we saw two of the traffic officers again. We pulled over to the curb at Mill-st at 7:45 to watch traffic there for a few minutes. Several serious accidents have happened there in recent months. Nothing happened, so we pulled south around the block and started west again on Broad-st. At Chicago-av we saw a car pull out from the curb under a light that was changing red.

Out by the Columbus State School, again we observed a soldier hitch-hiking in violation of the state law. He was standing about four feet out in the street from the curb and in his olive drab uniform you could hardly see him until you were almost upon him even though our lights were good and the streets were dry, providing the best possible visibility.

At Wheatland-av we picked up a call for No. 4 Cruiser to check a light that marked a defective manhole cover at the foot of the "hill". We immediately turned and drove back in that direction. Finding nothing of interest, we turned and drove west again to Powell-av. There we turned and drove east. In the vicinity of the Westmont Theater we counted five or six cars illegally parked. All were too near intersections, making it difficult for drivers to see in either direction when they came out of side streets.

We drove to Sandusky-st and back once more, and found three young people crossing Broad-st within 50 feet of the light at Broad-st and Eureka-av.

"Everyone seems to be on their good behavior," Capt. Harrison commented as we parted company in front of the Record office at 8:30 o'clock.

There had been nothing exciting but the violations we saw are repeated, over and over, every day and are potential accident makers day or night. We were both glad we had not seen a serious mishap. They happen all too often.

J. Arthur Yoder... Faithful Servant

The death of J. Arthur Yoder, clerk of courts, came as a shock to this community as well as the entire county. While he was a resident of Linden, he was nevertheless one of the finest friends this community ever had.

Many years ago when Art first became a candidate for public office it was our pleasure to meet him and that acquaintance grew into the finest we ever had with a public office holder. Unlike so many of them, he never forgot his friends after election. And during all his years as clerk he turned that office into the most efficient one Franklin County has ever had. He had established a mark that any successor will do well to strive for.

Art was a visitor to the Hilltop last Thursday when he attended the meeting of the Hilltop Kiwanis Club. After the meeting he stopped at the Record office and told us he would be back to our office at 10 a. m. Monday.

Death cut short his capable career in public life, as it was thought by many that he could be elected mayor this year. Had he lived, this very issue of the Record would have carried an announcement that he would definitely be a candidate. That was the purpose of the call he was to make on Monday.

Franklin County and Columbus need more men of the caliber of Art Yoder. He will be missed.

Notes and Nubbins: A word of thanks to P. W. for filling the gap last week and week before while I filled a gap at Greenfield on the Daily Times... And a nice line of chatter he gave out... But Bud Worley over at Esquire wants it known that lots of his customers have his store looking good in how ties... Harold Fox is reported as abandoning his bow after that remark that set John Apel up on the pedestal... About time for Mike Shesky to pick up claiming he looks good in a bow tie too... Mose Williams called totting a loaf of a new rye bread which is quite a tasty tid-bit... Jerry Walsh but to see us and getting lined up to sell subscriptions for the Record... Mack McDonald calling to say I'm infringing on his territory in show business... Fred Deubner promoted to the rank of major... he has been advised... Sam Marshall is now employed as a pharmacist at Economy Drug... David Blum is doing part time work for the Ohio State Chamber of Commerce while he pursues his work at West High School... Miss Matilda Stewart, Newton Thatcher, Eugene Hensel were members of the first eighth grade class to graduate from Highland Avenue school... a few days ago of course... Rev. J. B. Shellhaas working hard on his PhD thesis... Fred Heischman working for a master's degree... Former Record political editor, writer John Hess is spending six weeks in enroute to Newark from Dayton... Fred White and wife now living in Columbus where he is employed by Columbus Packing Co., and incidentally looking for an apartment... Dr. Fred March 'tells us he was one of the charter members of the old SSS (slop singers' association).

It will mark the first time the local post has been able to meet on the Hilltop because of the difficulty of finding a hall. Officers will be elected at this meeting and a constitution and by-laws will be adopted.

Joseph Hague, 43 Blinn-blvd., has been serving as temporary vice commander since the group was granted a charter. There are 30 members at present.

Mr. and Mrs. Floyd F. Green returned to their home, 3333 Cleveland-dr., last Wednesday afternoon after six weeks in Seattle, Wash., visiting their daughter, Irene Green. Mr. Green is a former mayor of Columbus.

Fight To Create Village

Incorporation Of Camp Chase Will Be Issue Again

Sponsors of the petition attempting to incorporate a village of Camp Chase directly west of the city limits have not given up their fight to bring the matter to a vote.

Robert M. Draper, 74 N. Roys-av., attorney for the incorporators, said this week that the map and petition had been "drawn down" from the Ohio Supreme Court and that plans are now being made to recirculate a petition asking that the matter be incorporated be brought to a vote at an early date.

The high court recently ruled that the petitioners could not force Franklin Township Trustees to call the special election as requested. Ed Lantz, 325 Derr-rd., was a sponsor of the original petition.

The proposed incorporated area would include a tract of land bounded by the north side of Sullivan-av on the south, the Franklin Township line to the west as far north as the Pennsylvania Railroad tracks, and Wilson-rd and Derr-rd as the east boundary.

The concern of many residents of the area (proposed for incorporation) over the status of school (Continued on page 4-A)

It's Farewell West High For Seniors

This has been a big week in the lives of hundreds of Hilltop boys and girls—for many it was graduation.

Commencement exercises were held in the West High School auditorium for 118 seniors Tuesday afternoon at 2:30 o'clock. Junior High graduation took place Wednesday afternoon at 12:30 students receiving diplomas. Stirling Junior High graduated 81 at ceremonies held Wednesday evening.

Baccalaureate services were held at Glenwood Methodist Church Sunday night.

Elementary promotion exercises involving 131 children in three grade schools took place Wednesday afternoon. Of that number there were 26 at Highland Avenue afternoon, 70 at John Burroughs and 35 at West Broad Street.

This is the intersection of Wayne-av and Broad-st where two men were killed last Thursday evening. The arrow indicates the approximate spot where the men were struck down by a west-bound car.

"Dream of Lifetime" Fulfilled For Jean

The "dream of a lifetime" is being fulfilled this week for a Hilltop girl who has sung her way into the hearts of Columbus light opera goers as she speeds to the west coast to join a professional troupe being organized there.

The girl is Jean Dume, a product of West High School, later featured in the leading role of several Gateway Players productions. She left Columbus Monday morning to accept a role in "The Merry Widow" with the New York Stage Productions, now at Los Angeles.

Jean doesn't know exactly what the part will be since the telegram, assuring her of a contract with the company, arrived only Thursday night. In a flurry of excitement she quit her position with the E. & T. Metals Co. Friday, gathered her belongings together and bid a hasty "goodbye" to the few friends she could contact in the short time.

"It came like a bolt out of the blue!" was the way she described it. "Of course I had been looking forward to an opportunity to go on the stage but now that it has arrived I can hardly believe it's true."

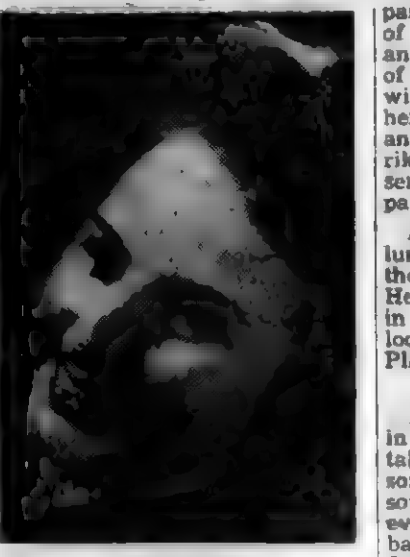

That is the cry of members of West High Boosters Club, busy this week making plans for the biggest collection of paper ever attempted in any part of the city.

A goal of \$1000 worth of waste paper has been set up and M. E. Sensesbrenner, 235 Guernsey-av., has been named chairman of the drive.

Preliminary plans were announced this week for the West High Basketball Banquet which will be held Wednesday, March 12. The dinner, sponsored by the West High Boosters Club, will be held in the basement of the Westgate Methodist Church at 345 S. Brinker-av.

Some confusion has arisen over the fact that another group on the Hilltop conducted a drive on Jan. 19. Several persons have indicated that they thought they were giving to the Boosters at the time but Dick Francis, 370 S. Richardson-av., president of the local club, said that his group had no connection with that paper collection.

In addition to Sensesbrenner the following persons were named (Continued on page 4-A)

Jean Dume

she continued. The local girl was given the part without even having an audition. It all came about through the recommendation of a friend already with the light opera company.

After two weeks of rehearsals in Los Angeles, the show will take to the road, opening in Tucson, Ariz., on Feb. 17. From Tucson it will go to Chicago and eventually to New York and then back to the west coast again. Jean is hoping that it might possibly play Columbus some time in the spring.

Featured as soloist in several school productions at West, Jean graduated in 1941 and attended Ohio Northern and Ohio State University. Since then she has been featured in "Naughty Marietta," "The Desert Song" and "Sweethearts" with the Gateway Players, and had minor roles in other productions.

For several years she sang in the Glenwood Methodist Church choir, under Mrs. Charles Walton, one of her first voice teachers. In the past couple of years she has been soloist for the Central Community Church.

She is the daughter of Mr. and Mrs. Ross Dume, 42 S. Cypress-av.

Two-legged Pup Is Born On Fisher-rd Harold Cunningham isn't so sure how much longer he will continue his farming operations out at 4744 Fisher-rd. You see he may go on the road to exhibit one of the strangest oddities seen in these parts in many a day.

Just how rare an animal it may be isn't known as yet but few persons contacted around here have ever heard of such an oddity.

Immanuel To Add 10-room S. S. Section

Plans for building an addition to Immanuel Baptist Church were announced this week by the pastor, Rev. W. Howard Schoof.

An architect is at work on plans for a 10-room, two-story addition with basement to be built on the back part of the lot. It is estimated that the addition will cost approximately \$8,000 to \$10,000.

A reserve fund has already been started, to pay for the improvement. Don Spires is the architect.

Rev. Schoof pointed out that the added space would be used primarily for Sunday School work.

Public Officials Take Action To Curb Death Toll; Melvin Named To Traffic Committee

The death of two Hilltop men at the intersection of Broad-st and Wayne-av last Thursday night aroused public sentiment in the community to a degree that has not been seen in several years. The incident caused local civic leaders, law enforcement officials and Mayor James A. Rhodes himself to take speedy action that should result in improved traffic conditions on West Broad Street, the scene of 16 traffic fatalities in less than 25 months time.

Further evidence of the city's determination to improve traffic conditions on the Hilltop and West Side was seen this week in the appointment of E. O. Melvin, 107 S. Warren-av., as an "honorary" member of the City Traffic Commission.

The appointment was announced Tuesday afternoon by Mayor James A. Rhodes. The move followed closely upon the heels of a letter from Dr. R. J. Miller, president of the Hilltop Business Association, requesting that a Hilltopper be appointed to the traffic group.

Melvin will serve with full power to enter into discussions on any traffic matters relating to the Hilltop and West Side but will have no vote on actual decisions of the board.

Mayor Rhodes told The Hilltop Record that he was considering the appointment of a man from the Hilltop or West Side as a full fledged member when a vacancy occurs on the traffic committee.

"Hit-skip" Motorist Faces Trial

Collins Goodman

Fifty-nine consecutive "deathless days" in Columbus traffic came to an abrupt end Thursday evening with the death of two Hilltoppers, victims of a "hit-skip" driver.

Struck as they attempted to cross W. Broad-st at Wayne-av early in the evening were John B. Goodman, 65, retired, and his son-in-law, Oron T. Collins, 51, a PRR freight conductor, both of

Wife Of Traffic Victim Dies Tues. Mrs. Ethyl Collins, 43, whose husband and father were killed by a "hit-skip" driver Thursday night, died Tuesday at Doctors Hospital as a result of "shock" from the double tragedy. A bad heart condition, aggravated by pneumonia, was said to have been the direct cause of death.

Funeral services are to be held at 1 p. m. today in the Immanuel Baptist Church. Interment will follow at Sunset Cemetery.

Mrs. Collins collapsed Thursday night when informed of the death of her husband and father.

202 N. Wayne-av. The men were dead upon arrival at Mt. Carmel Hospital.

To Face Manslaughter A second degree manslaughter charge was filed this week against George Halley, 48, of London, driver of the car that killed the two men. He was asked at city prison Monday afternoon and was later released on \$1000 bond.

Double funeral services for Mr. Goodman and Mr. Collins were held at 1 o'clock Monday in the Immanuel Baptist Church. Burial was in Sunset Cemetery by Jerry Spears.

Police noted the last three fatal accidents in Columbus had happened on W. Broad-st. The last fatal accident occurred at Broad-st and Algonquin-av Nov. 25, when Paul Miller, 2739 Sullivan-av., was killed and six others were injured.

The two men had just left their home a few minutes before the accident and were on their way to attend a movie at the Rivoli Theater. Witnesses said they had just stepped off the curb on the north side of Broad-st when they were struck by the car traveling west. Goodman was thrown against a car parked on the north side of Broad-st and Collins was hurled across to the south side of the thoroughfare.

Goodman is survived by a son, Virgil Goodman, a daughter, Mrs. Ethyl Collins, wife of the other victim, and two grandchildren. Collins is survived, besides his wife, by two children, Oron B. Collins and Margaret A. Collins; two grandchildren, two sisters and a brother.

A decision to "do something" about traffic on W. Broad-st was reached by the City Traffic Commission Monday, three days after

Read "Safety On Hilltop Streets," an editorial on Page 2B of today's Hilltop Record.

The double fatality at Broad and Wayne-av and immediately following a visit from a delegation of Hilltop business men.

A traffic light is to be installed near the west city limits to slow down traffic, the location of the light to be determined by the safety department. The commission is also considering the possibility of reducing the speed limit to 25 miles per hour from Roys-av to Highland-av. The city attorney has been asked for an opinion on whether or not such a ruling can be enforced.

The commission further agreed that W. Broad-st should be painted with safety walks outlined to improve conditions for the pedestrian. This had been promised earlier by Safety Director C. Cole.

"As soon as weather permits, we will paint W. Broad-st with white and yellow until it looks like a three-ring circus," the director said.

Action by the traffic group came immediately following a visit by a delegation of Hilltop business men representing the Hilltop Business Association and the Hilltop Community Council.

E. O. Melvin served as spokesman for the HBA. He asked that a traffic light be erected "somewhere" in the Westgate section, preferably two or three blocks within the city limits. He also asked that streets and curbs be properly painted at cross walks and as a warning to speeding motorists. He further stated that washing of the light globes along Broad-st would result in greater output of light.

Speed Reduction Asked He appealed to the city officials to do everything possible to reduce speeds on Broad-st, wherever possible, to 25 miles per hour.

Also present in the interest of HBA were Ira Claggett, Don Rice and Paul Wichterman.

Charles F. Maus spoke on behalf of the Hilltop Community Council, asking that lights be installed at Broad and Westgate and Broad at Burgess. Petitions for these two lights had been turned down by the commission when presented last summer.

The traffic board had earlier turned down petitions requesting traffic lights at Westgate-av and at Burgess-av. Five traffic fatalities on this thoroughfare in recent months had brought the matter to a showdown.

Melvin was persistent in his demand (Continued on page 4A)

Some day, in the not too distant future, we hope you'll be able to buy all you want of the only shirt with the Arrow collar and the trim Milano figure fit.

facilities caused Franklin County Superintendent of Schools George C. Beery to issue a statement to The Hilltop Record concerning the school situation.

Mr. Beery pointed out that the creation of a new school district within a county school district is governed by the Ohio statutes; specifically the procedure is governed by Sections 4831 to 4834 of the Ohio Code. He pointed out that a part of Section 4831 reads as follows:

"Such plan of organization which prescribes such transfers of territory, elimination of local school districts, and creation of new school districts which, in the opinion of the county board of education, will provide a more economical or efficient county school system."

The superintendent further stated that in November of 1944 voters in the Franklin Township School District passed a bond issue of \$278,000 for the construction of a new school building and remodeling of present school buildings within the district. Bonds have been sold for these projects. All territory within the Franklin Township School District would therefore be obliged to pay its proportionate share for the retirement of said bonds, plus interest. This is an obligation from which there can be no escape for all such territory.

It should also be noted that the creation of an incorporated village within a rural school territory does not in any way alter the jurisdiction of the local board of education of such district, nor is the relationship of such newly created incorporated village toward the present school district in any way altered.

The board of education thus has the same jurisdiction over the territory that it now has and the new incorporated village retains the same relation that its citizens have to the school district before such incorporation takes place.

Enright Names Dance Committee

Chairman Joseph M. Enright, 101 N. Haldy-av., has announced his committee members in charge of the 10th annual VFW birthday banquet to be held at the Virginia Hotel at 7 p. m., Feb. 15.

Headed by Enright and Eugene M. Wolfe, 76 N. Ogden-av., co-chairman, the committee-in-charge includes Edward Cahill, 45 Florence-av.; Jerry Spears, 2091 W. Broad-st.; Paul Linder, 400 S. Huron-av.; Harry S. Zulauf, 136 S. Roys-av.; and Harry Starcher, 196 Belvidere-av.

The women's committee, under the direction of Mrs. Madge Weimer, 442 S. Powell-av., is composed of Lorene Wilson, 1541 Accommodation-st.; Martha Lee, 259 Columbian-av.; Cleo Boord, 604 Salisbury-rd.; Vergie Balinger, 431 E. Norwich; and Gracabelle Spears, 545 Nashoba-av.

Tickets for this annual affair of Westway Post, No. 3441, are on sale at the Wolfe Electric Service, 11 S. Wayne-av., or can be secured from any member of the post.

The far-reaching effects of a news story in The Hilltop Record were effectively demonstrated last week in the response following an article in the Jan. 16 issue.

The story told how a Hilltop father had talked by short wave radio with his son in Liberia, Africa, from a station in Newark, Ohio. The man, Chester Hill, 176 N. Oakley-av., stated that he would like to contact an amateur radio operator in Columbus with the thought of other visits by radio with his son.

To date four radio operators have volunteered their services and on Sunday night the Hill family had a full hour's visit with Chester Hill, Jr., over in Africa. The station, one of the most powerful short wave stations in this area, is operated by Lee Mamus, 1134 Norton-av., in Grandview.

Word reached Mr. Mamus after Lulu Renner had read the story in the Record. She called a friend of hers who operates a station in South Columbus. This friend was unable to contact Africa because of insufficient power but he contacted Mr. Mamus who in turn called the Hill family and made the appointment for Sunday night.

Young Hill, who is stationed back in the jungle 100 miles from Roberts Field in Liberia, traveled that distance Sunday to visit with his father and mother and sister, Donna Marie. He is an accountant with the Firestone Tire and Rubber Co. Other visits are to follow at various intervals. On Feb. 4 Mr. Hill has an appointment to talk with his son again via the Newark station.

New VFW Post To Be Named For Hilltop Hero

A new VFW post in the south-east section of the city will perpetuate the name of Lt. Howard M. Harrison, Hilltop Navy fighter pilot, shot down over Tokyo on V-J Day. Public ceremonies will be held Sunday afternoon at the WOW Hall, 376 Gilbert-st., at which time the name will be formally adopted.

Lt. Harrison was the son of Mr. and Mrs. M. H. Harrison, 3077 Parkside-rd. He was an all-high football end at West High School in 1938. He enlisted in the navy shortly before he would have graduated from Ohio University in 1942.

His wife, Mrs. Ruth Gillespie Harrison, son Ronald, 3 1/2, and daughter, Marilyn Beth, 2, live at Sutton, W. Va.

He won the Distinguished Flying Cross and the Air Medal with three Gold Stars.

Councilmen Are Elected By Church

The congregational meeting of the Hilltop Evangelical Lutheran Church was held at 8 o'clock Monday evening. A new constitution was adopted and new councilmen were elected. They are Paul Ebert, 677 Birns-blvd., Leonard Echols, 291 S. Richardson-av., Hugh McCreight, 28 N. Terrace-av., and Herbert Williams, 133 Guernsey-av.

The retiring councilmen are William Stokes, Newton Thatcher, Charles Leuer and Hubert Paltzgraf.

The meeting was followed by a social hour in the Sunday School rooms.

Leonard Earl Baird Has Many "Firsts" For Business Enterprises On The Hilltop

By Rhoma Van De Mark

If one could imagine the Hilltop a cornfield and pasture land and Broad-st a narrow dirt road, it would be a fairly accurate picture of what Leonard Earl Baird, 73, 154 N. Burgess-av, saw when he arrived in Columbus in 1895 from Athens, on his way West.

Mr. Baird never went West, however, at least to settle, for he has been a Hilltopper since that day 52 years ago, and undoubtedly one of its true pioneers in developing the community into the thriving business and residential district it is today.

To his distinction on the Hilltop, Mr. Baird can say he has owned the first hardware store, the first garage and filling station, the first print shop and the first plumbing shop. To that list he adds the fact that he owned and operated the second drug store and movie, where he admission was charged to see a good silent picture and there were no double features. In the "picture show" business, in those days, it was necessary to grind the film by hand and wind it again when the picture was over.

There were only a few hundred people on the Hilltop when Mr. Baird came from Athens with 50c in his pocket. He arrived to help build a house and can now count has built in this district. A carpenter in those days did everything. Mr. Baird states, which included plastering, electric work, painting, decorating, plumbing, cabinet making, brick laying, roof and sheet metal work and cement finishing.

He learned all these trades through experience, and a few besides such as watch and clock fixing, which he acquired through the mail, and barbering, learned while in high school in Athens in 1899.

He has been a carpenter since he served an apprenticeship in the trade as a young man. With learning to be a carpenter, he acquired some 13 other trades and still practices most of them, even to painting houses "for a hobby."

Among his outstanding carpenter jobs are the construction of

Leonard Earl Baird

Pictured in the above Record photo is Mr. Baird with the huge clock he built out of odds and ends.

the building now housing Born's Funeral Home and the building on the corner of Wayne and Broad where Moore's store now stands. It was here that the clock, which he built out of odds and ends, was put up. Baird did not want to lose any business by closing his shop while building the new one, so Mr. Baird built around him and one morning, without a single piece of the old building left to show for it, the druggist woke up to a new building.

Built Bicycles

Besides buildings, he has also built bicycles, including the wheels, which he once could assemble in 20 minutes. Bicycles played an important part in his life, for it was on a tandem that he courted Lillie Michels, who was born in a house 100 feet west of the entrance to the Columbus State Hospital grounds. Lillie's father made the marble sills in the hospital, and Lillie and Leonard became well acquainted. For Christmas he gave her a table he had fashioned with an inlaid top spelling her name, and soon thereafter the two became engaged. They will celebrate their 50th wedding anniversary Nov. 10 of this year. Mr. Baird's 74th birthday.

First in so many things, Mr. Baird also installed electricity and plumbing for the first time on the Hilltop. This house is now the Allen Funeral Home, and Mr. Baird always chuckles when he remembers an actual experience in which a farmer came to the home soon after the installation of electricity and ran away when the porch light was turned on.

With the first coming of the automobile, Mr. Baird tore out the stalls of an old livery stable and began a combination garage-filling station and taxi service. As he puts it, he "ran out the horses and put in the automobile." Parts were hard to get so he made his own. This soon branched into a new business, that of manufacturing truck bodies, but with the shortage of materials when World War I broke out, he abandoned this for selling Ford's.

Can Also Cook

Handy around the house, Mr. Baird can cook as well as assemble scraps from the alley or one of his two home workshops to make a lamp or a footstool. Curry combs, sleigh bells and ox yokes are reminders of by-gone days which still claim a promi-

nent place on the walls of his workshops, where he fixes watches, locks, makes keys, and silvers mirrors occasionally.

With all his trades, one habit of his has grown into something especially significant and with an important future, that of keeping a diary. For more than 52 years Mr. Baird has never missed a day in writing in a diary. He has jotted down notes that have been valuable in settling disputes later, both in and out of court, and which comprise a sort of autobiography of his many industrious years. These diaries have been sealed in a galvanized can.

Mr. Baird has been a healthy man, and attributes it to abstinence from smoking and drinking, as well as indulgence in hard work. He is an active member of the Hogs Memorial Church, and belongs to the Knights of Pythias and the Masonic Lodge. He and his wife have three sons, Earl and Ray of the Hilltop, and Warren of Springfield, as well as four grandchildren.

Perhaps the most intricate piece of work he has done is the clock which sets in his living room. It is a result of nearly 40 years' work and 14 dozen jig saw blades were used in cutting it out. The hands are sawed from an umbrella stand, and the face is made of an old window sill which stood 120 years ago in a small Dutch house north of Columbus. There are lights, which once lighted when the hour was struck but which now are turned on for guests to see. The structure nearly covers the entire top of the mantel in the Baird living room and is undoubtedly one of the most beautiful pieces of wood work that has been done in this vicinity.

Burgess Defeats Salvation Army

By Dick Ardle

Burgess kept its slate clean and remained in undisputed first place in the West Intermediate Church League as it defeated the Salvation Army 26 to 17 Tuesday night. The game was close all the way until the fourth quarter began and then Burgess took the lead and was never threatened after that. Salvation Army jumped off to a 7 to 0 lead which took Burgess three quarters to overcome.

In other games Glenwood stayed in the title race as they defeated Riverside 17 to 13. Hoge Memorial stayed in a tie for second place with Glenwood as they defeated St. Aloysius 28 to 23. In the opening game West Park scored at will as they trounced Westgate 43 to 12.

West Park Downs Westgate 29-19

West Park became the "giant-killers" of the West Senior Church League Monday night as they defeated previously undefeated Westgate 29 to 19. The game was rough and close until, with less than five minutes remaining, Jack Lattimer and Bob Belthel teamed up to score 12 points while the West Park team was holding Westgate to two points.

West Park jumped off to a fast 4 to 0 lead on field goals by Smith and Belthel but Westgate came back to take a 7 to 6 lead at the quarter. The game was nip and tuck with Westgate holding a 13 to 12 lead at half-time. The game was played on even terms, with the score tied 17 all at the end of the third quarter. After the fourth quarter began Belthel and Lattimer took the situation into their own hands and racked up 12 points to ice the game for West Park. Westgate was playing the game without the services of their star forward, Bob Fette, who was declared ineligible to play. Belthel, of the winners, and Williams, of the losers, were top scorers with 10 points apiece.

In other games Glenwood remained in the title race by defeating Central Presbyterian 39 to 20. Holy Family racked up its third win by defeating Avondale 24 to 17 and Hoge Memorial defeated Salvation Army 27 to 20.

West Drops 54-53 Game To Central Pirates In Overtime Contest Friday Night

Many Turned Away As Crowd Packs Gym To See Thrilling Battle

One of the most thrilling basketball shows in the history of West High School was staged here Friday night when the Cow-boys dropped a 54-53 "heart-breaker" in an overtime game with league co-leaders, Central, before a jam packed house. The reserve game, also lost by West by a two-point margin, was battled right down to the final whistle and threatened to go into an overtime.

The very fact that West could force the issue into extra time was in a sense a moral victory but it did not satisfy the Cow-boys who were out to pull the second upset of the season over the highly touted Pirate quintet.

West was idle Tuesday night but will entertain Marlon Harding on the local court tomorrow night and will go to East on Tuesday.

Many Hilltoppers were turned away as the gym filled to capacity shortly after the reserve game got under way. There was no way of telling how many fans were disappointed.

The defeat brought the Cow-boys back down to a 500 average in league competition.

It was a big night for Walter

Hicks, flashy Cowboy forward as he chalked up 16 points to keep him well up in the individual scoring column for the city league but it was Ralph Watts, playing the role of a shock troop-er who really made the crowd go wild with two sizzling field goals in the closing seconds of the regular contest. Watts picked up 11 points for the evening while Jack Thrush garnered an even dozen.

Hertz Is Top Scorer

For the Pirates the glory was divided three ways. Hertz chalked up 20 points to grab scoring honors for the evening while Captain Jackson, one of the outstanding guards in the city, accounted for 14 counters. Responsible for setting up many of the shots for his team mates was the "pint sized" Gray who was all over the floor. As a ball handler he had no equal on the court and his speed and defensive ability made him an important cog in the Central wheel.

It was Watts who dropped through the goal that tied up the game at 30-30 for the first time as the third period had almost run its time. Thrush made good a foul to put his team

ahead for the first time. As the period ended West was leading 37-38.

There was never a dull minute in the final quarter as the lead changed hands several times. During the last 30 seconds of regular playing time three goals were made, two by Watts and one by the visitors. The score was 49-49 as the buzzer sounded ending the regular playing time.

Overtime Period

In the overtime Hertz made two field goals and Blakely added a free throw while Anderson and Hicks tallied for West. Hicks and Weeks each missed free throw tries in the extra period.

Charles Weeks and Don Anderson contributed 8 and 6 points respectively and proved their worth in retrieving the ball throughout the evening. Paul Theisen ran into tough luck early in the first period when he got a bad jab in his left eye. He was out of the game for a few plays and then turned an ankle shortly after re-entering the fracas. However, the injury was not serious and he got back in the final period of the game.

Score at end of each period:
Central 14 27 36 49 54
West 10 20 37 49 53

The reserves lost a hard-fought game 26-24 in the preliminary. Hutchinson was high point man with 11, followed closely by Mixon of Central with 10.

Join The March Of Dimes

This week will bring to a close the March of Dimes drive in Franklin County but there is still time to support this worthwhile cause.

Those familiar with the work being done to combat polio epidemics are convinced that there is no more worthwhile cause in the United States although because of their longer history other charities receive far more publicity.

The polio center at Children's Hospital here in Columbus is inadequately equipped to meet a polio epidemic, such as some cities have experienced. More equipment will be purchased in 1947 from the money received in this year's March of Dimes.

This year there is a large staff of volunteer workers on the Hilltop. However, the solicitation is not organized on a house-to-house basis so that many homes may not be contacted. If you have a contribution to make, be it large or small, you can call Mrs. Paul Walton, chairman of the drive, 63 N. Terrace-av., RA. 2973, and she will see that a volunteer worker calls at your home.

Safety On Hilltop Streets

The community was shocked last week by the untimely death of two of its residents when an out of town hit-skip driver struck and fatally injured them on West Broad Street. The damage is done and nothing we can say now will lessen the sorrow experienced by those who are bereaved, but the incident should not pass without the serious consideration of all of us as to how we can prevent future accidents of this kind.

A conference with D. K. Finley, manager of the Columbus Safety Council and incidentally a Hilltopper, brings to focus two simple points about traffic safety. They are the pet theories of a man who should be well qualified to speak on this subject having devoted years of study and work in an effort to make Columbus a safer place in which to live. Here they are:

1. The destiny of the pedestrian is pretty much in his own hands. In about 99 percent of the cases involving pedestrians, the accident could have been prevented had the pedestrian observed all of the simple rules of safety and not taken for granted that the motorist will do his part.

2. The responsibility of the motorist goes beyond the legal conformances to state laws governing vehicular traffic. Mr. Finley points out that there is what he terms a "moral" responsibility on the part of the driver that no law compels him to obey.

As an illustration of the second point let's assume that a pedestrian is struck by a car. The motorist is observing the speed laws and has violated no other regulation yet it is evident that had he been alert he could have seen the victim in time to avoid the mishap. No court will attempt to convict him because he has violated no law but in his own heart he knows that the accident could have been averted.

That is the moral aspect. It is the thing we need to keep constantly before us every time we get behind the wheel. As motorists and pedestrians we can all help in this drive to cut down accidents on the Hilltop and in every other part of the city.

Around
West High

By Janet Baker and Judy Jones

Hi there, people, did you know, West High's having a first class show.

All-star casts and plays galore. A 30c ticket will crash the door.

So go and get in that entrance line.

The dough is to make the flood-lights shine.

On Maspy field come football nights.

Let's all go see "Let There Be Lights."

We hear that the production, "Let There Be Lights," went off with a big bang last night. So those of you who missed the premier had better grab your hats and coats and get over there to night. One of the many catastrophes was when Don Ochs lost his voice and was unable to charm all the lovely ladies of the cast.

Barbara Weimer can't get over the fine gifts which she received for Christmas. Here it is a whole month since Christmas and she can't talk about anything else. "But you promised me one," is the frequent cry heard in the halls these days. Seniors have just had their pictures taken. Jack Anthony and Ruth Ann Hull really show a photographic quality.

We want to introduce the new fourth year Latin teacher. She is, for our money, a mighty good one. Her name—Ruth Linebaugh. She knows everything from ab to Zephyrus.

Congratulations to Shirley Cline and Jim Rudolph, queen and king, respectively, of the 9A prom, and to their attendants, Joan Deo and Willie Evans.

A great big bouquet of forget-me-nots (to match her eyes) to Jean Henderson, who ranks first in the 12A graduating class.

We saw an amazing feat the other day in the G. A. A. gym class. Julie Ammon and Dot McClaire were refereeing a game (supposedly basketball) played with a sack full of orange peels. Tricky, eh?

I want to thank you for the splendid publicity you gave our Christmas project. It could not have succeeded without the many donations from our friends on the Hilltop, and I'm sure they realized our needs only through your paper.

All our sick received a nice package under their tree Christmas morning and we surely appreciate your cooperation in making them happy.

Wishing you a splendid New Year.

Dorcas Society Will Use Those Discarded Cards

Have you wondered just what to do with those Christmas greeting cards now that the holiday season is past for another year?

Members of the Dorcas Society of the St. John Lutheran Church have a good suggestion. Turn them over to members of the society to be used for bringing cheer to many children in the hospitals of the city.

Cards that would otherwise be discarded can be brought to The Hilltop Record, 2465 W. Broad-st. or to the residence of Mrs. Howard Young, 74 N. Harris-av. If this is not convenient, a call to Mrs. Young at RA. 5253 can arrange for the cards to be picked up.

The Dorcas Society has been working at this project for the past four years.

15,000 Stickers To Publicize Plan To Attend Church

An order for 15,000 window stickers was placed this week by the Hilltop Ministerial Association in the first phase of preparation for the "go to church" campaign to be launched during the Lenten period.

Churches of all faiths are banding together to carry out a plan to encourage greater church attendance between the first Sunday in Lent and Easter Sunday. The plan has been endorsed by the Hilltop Business Men's Association, the Hilltop Kiwanis Club and the Hilltop Community Council.

Stickers bearing the slogan, "Let's All Go To Church," will be placed in the homes of church goers, in the windows of business places and on the windshields of automobiles as one phase of the community-wide plan of publicity.

Church Group Asks For Center

In response to an editorial appeal in The Hilltop Record two weeks ago, a suggestion was forwarded to the Record this week on the recreational needs of the Hilltop.

Signed by Rev. M. E. Nelson, pastor of the Wheatland Avenue Methodist Church, and Clarence Froese, chairman of the board of education of that church, the suggestion called for a playground for children in the area bounded by Whitehorse-av on the east, Eureka-av on the west, Broad-st on the north, and Sullivan-av on the south.

The letter suggested that the playground be inter-districtly staffed. It further asked that a community center be created in that area with a year-round program.

The cooperation of members of that church was pledged in working toward accomplishment of these suggestions.

"Thanks for the promotion and the pay raise, Boss. It comes at just the right time. My wife and I have been worrying about how we were going to meet expenses, pay for our home and save a little something for the future. This will help a lot."

"That's fine, Jim. But don't forget you earned it. We've had our eyes on you for some time, Jim. You're the kind of employee we need and want to keep in this business—steady, reliable, conscientious and loyal."

"Well, I just try to do what's right, Boss. I figure if people can't depend on you, you're not apt to get very far in work or business or anywhere else."

"Right, Jim. I wish everybody felt that way."

"Oh, I'm not taking any credit, Boss. We were just brought up that way—my wife and I. I guess it's part of our religion. You see, we are church people, and we believe that a good conscience and a right mind are more important than anything else."

"That's true, Jim. If everybody took their church and their religion more seriously, we could solve most of the problems we face in our human relations."

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

PEOPLE ARE ASKING THESE QUESTIONS ABOUT ARMY ENLISTMENT

Q. What educational benefits do I get under the GI Bill of Rights?

A. If you serve honorably on active duty for a period of 90 days, one day of which is served between September 16, 1940, and the date of termination of the present war, or you are discharged because of an actual service-incurred injury or disability incurred within that first 90-day period of service, you are, upon discharge, entitled to one year of education in the college, trade or business school of your choice for which you can qualify. In addition, each month of active duty, including the first three, prior to the termination of the war, entitles you to another month of post-service education, up to 48 months.

Your tuition, laboratory fees, etc., up to \$500 per ordinary school year will be paid by the government. Also, you will receive \$65 a month living allowance; \$90 a month if you have dependents.

Q. What about family allowances?

A. For men enlisting or reenlisting now, family allowances will continue until six months after the war is officially ended.

Q. What are my chances of going overseas?

A. If you enlist for 3 years, you may select to serve in any overseas theater which has openings, especially Japan or Korea.

Q. Can I still choose the branch of service I want to serve in?

A. Yes. You can pick any branch which has quotas to be filled, if you enlist for 3 years.

Q. Is there any way I can reenlist in my old grade?

A. Yes, you can, if you reenlist for a 3-year term within 20 days after your honorable discharge.

Q. Is there any other way I can reenlist in grade?

A. Yes, if you held one of certain military occupational specialties, and were discharged on or after May 12, 1945, you can reenlist in a grade depending on the length of time you held the desired M. O. S.

Local Artist At Work In Honolulu

The above photo, published in Hawaiian newspapers, shows former Hilltopper Kenny Kerns at work at his art board in the office of an advertising firm in Honolulu.

Kenny Kerns Likes Hawaii

A Hilltopper who became so "sold" on the beauties of Hawaii that he went back there to live following the war is Kenny Kerns, now an artist with the Holst & Cummings advertising agency in Honolulu.

The son of Mr. and Mrs. H. F. Kerns, 815 S. Burgess-av, he was honorably discharged from the navy on Nov. 30, 1945, after being stationed at John Rodgers Airport near Honolulu for two years. He joined the agency Dec. 1 of that year and was joined by his family a few months later.

Kenny is married to the former Lois Bennett, also of Columbus. They have a four-year-old daughter, Vicki Lee. Both Mr. and Mrs. Kerns are graduates of West High School.

The recent tidal wave in the islands necessitated the reworking of the map of Honolulu. The accompanying picture shows Kenny putting the finishing touches on it. He has done ads for various magazine and enjoys painting pictures of his friends.

"Family Night" Is Planned At Hoge Memorial

The first annual "family athletics night" will be held at Hoge Memorial Presbyterian Church on Feb. 8, it was announced this week. A program of entertainment of interest to young and old will get under way promptly at 7:30 o'clock.

Included on the program is a basketball game between a team of women of the church led by Mrs. Hutchinson and the Hoge girls' team. Another game will feature men of the church vs. the Hoge boys.

Jean Bailey and Pat Monnette, both sophomores at Ohio State University, will put on a fencing

Art Gallery Schedules Interesting Program

The month of February at the Columbus Gallery of Fine Arts ushers in a number of exhibitions of contrasting interest. Continuing through Feb. 13, is the one-man show by Columbus's own Hoyt Sherman, of paintings and drawings done while in Mexico last year on Fellowship from Ohio State University. This exhibition is particularly interesting to the many localities who are now planning vacation in that picturesque country.

Feb. 1st marks the opening day for the two different exhibitions. First is the display of Guatemalan Textiles, not those made for the tourist trade, but the rare and exquisite handwoven cloth used by the natives for their own costumes. Work by three modern French artists—Cezanne, Van Gogh, and Gauguin, opens the same day. This is a small but choice selection of one or two significant works by each artist, with additional drawings and watercolors.

enth and eighth grades are attending. The eighth grade also put on a short play.

Sunday, Jan. 26, was Rev. Ivan Menchhofer's last Sunday at the local church.

The play committee of the Youth Class has announced that the play, "Grandpa's Twin Sister," will be presented some time in March.

Streets Around West High Need Lights

Last week the public found the area in the vicinity of West High School in darkness when they visited the school on three different nights. On two nights a school entertainment drew some 2000 people to the school and on the occasion of the basketball game Friday night another large crowd was present. Mayor Jim Rhodes is to be complimented on his attention to the Hilltop as shown by his interest in a safety program over here. He has another opportunity to provide a much needed improvement for the community by investigating the need of lights around West High School on Powell-av and in the alley, and to see that something is done about this matter.

Cold Weather Notes

Cap Coch and Hilltopper Dale Ross submitted to a minor throat operation on Monday. Sunday was Henry Jones' birthday and on Monday he started his 19th year at The Hilltop Record. By the grapevine we heard that Ed McGur received an electric saw for Christmas and then sawed down the Christmas tree trying it out. Ed Melvin is a man of experience on the traffic commission since he was arrested and fined back in 1915 for driving 20 miles per hour down the state hospital hill (the speed limit was 15 mph). Ben Hayes of the Citizen was once a tool dresser down in Noble and Monroe Counties. According to old records this is the 30th anniversary year of the Herbert Food Market. And it's 35 years for Wm. J. Tripp Plumbing. Westgate Superette sporting a nice new sign.

When Leeburg folks have gotta go, They like to ride the B & O But they find it hard to get away. With but a single train a day Old Number Nine is out of date. Her lines are old. She's often late. It makes a person grieve When he has to go and finds he can't. Thirty thousand folks around For other parts are often bound. Maybe we're a little batty in Asking to stop the Cincinnati. Capt. O'Reilly Dies At Scene Of Fire Monday

A spectacular four-alarm fire in the old East Market House early Monday morning was responsible for the death of a Hilltop captain. Suffering a heart attack while directing men at the scene of the blaze, Capt. J. O'Reilly, 48, of 700 S. Warren-av, died in a nearby engine house a few minutes later. Last rites of the Catholic Church were administered before a solemn group of firemen by Rev. Julian Schaeffer of St. Dominic's Church. In the department since 1930, he was assigned to No. 10 Engine House at Glenwood-av and W. Broad-st. He had been a captain nearly three years. He is survived by his wife, Mrs. Kathryn O'Reilly, two sons, James and Richard O'Reilly, two brothers, Frank and Peter O'Reilly, both of Columbus, and another brother and four sisters in Erie. Funeral services will be held in St. Mary Magdalene Church Thursday morning. Burial will be in St. Joseph's Cemetery.

Conservation Group To Meet

The newly organized Hilltop Conservation Club will hold its first meeting in the basement club-rooms of the Hilltop Sporting Goods Co., 2461 W. Broad-st., tomorrow evening starting at 7:30 o'clock. President Robert M. Draper said that many persons interested in joining the group were invited to attend. It will be the last opportunity to be listed as a charter member of the club as the charter will be closed at that time. There will be a talk on some phase of soil and water conservation by a representative of Friends of The Land organization. Mr. and Mrs. Lee Walters, 3201 Parkland, have opened a grocery store at Sullivan-av and Wheeland-av. The store is called the Food Basket. Walters worked for a Hilltop grocery for nine years before buying his own store. He has lived on the Hilltop for 20 years. The Walters have a daughter, Lois, a student at West High School.

Plastics Co. Starts Move To Hilltop

First Machinery Is Set This Week

A new industry began moving to the Hilltop this week. After a delay of several months, the Columbus Plastics Co., 519 Dublin-av, is to move the first loads of machinery into the new factory at 1625 W. Mount-st. Several days will be required to move all of the machinery and set up the plant to normal, according to G. W. Kern, 2070 Wilson-st, president of the company. If things go according to plan, the entire plant and offices will be in the new quarters by the end of the month. The new one-floor type building will provide 50,000 square feet of office, factory and warehouse space, allowing room for expansion of the company's activities. The building is located in a beautiful wooded section adjacent to the Ballington and Ohio Routes. The firm is engaged in the custom molding of plastic materials. More than 300 separate articles, including bathroom fixtures, refrigerator parts, tool handles, houseware items, etc., are produced. The company employs from 100 to 150 persons.

Newlun To Talk To Kiwanis Club

Robert Newlun, United States Commissioner, will be the speaker at the weekly meeting of the Hilltop Kiwanis Club to be held at Schmeider's Restaurant, 3178 W. Broad-st. today at noon. The program is planned in observance of National Boy Scout Week. Newlun is past district chairman, now serving in the Columbus Council, will talk on some phase of scout work. He is secretary and treasurer of the Columbus Boy Scout Association. District officers in this area will be guests of the club as well as a representative of the air scouts and sea scouts. The Feb. 13 meeting will be turned into a song fest with W. H. Jones and Robert Nash in charge of the program.

1000 Local Boy Scouts Plan Birthday Celebration Here

The Boy Scouts of America, now numbering 1,980,000, will observe the 37th anniversary of the organization during Boy Scout Week, opening Friday, Feb. 7, and closing Thursday, Feb. 13. It is the nation's largest birthday celebration among young citizens and will be observed in every city, town, village and hamlet. Almost 1000 Boy Scouts, Cub Scouts, and Senior Scouts of the Hilltop will observe this birthday week by various community activities. Parents and friends are urged to be present as awards are to be presented for the unit with the most visitors as well as a "participation award" for the scouting skills. A window display of scout handicraft will be constructed at Eilenbach's Hardware, 2409 W. Broad-st., by Troop 212 and Explorer Post 1. Troop 5 of Immanuel Baptist Church will be invested and inducted with its charter Sunday, Feb. 9. The growth of scouting on the Hilltop in the past year, as reported by Field Scout Executive Gil Bohm is somewhat of a record. All branches of scouting produced a net increase in membership. There are Boy Scouts, 630 boys; Cub Scouts, 232 boys; and Senior Scouts, 58 boys, plus a total of 15 new units formed during the year. The South-Western District Scout Council, in cooperation with a troop committee, is sponsoring a troop committee's conference and scoutmasters' training course were conducted so that all members could do a better job. Activities which involve boy participation in the program of scouting resulted in 536 boys participating in week-end camping at Camp Wagoner during the spring, winter, and fall seasons. A district day hike, campfire and winter camping program helped unit leaders to round out their troop activities while 120 boys were promoted in scout advancement.

\$750 Is Reported In March Of Dimes Campaign Here

Hilltoppers have contributed more than \$750 to the 1947 March of Dimes, it was reported this week by Mrs. Paul Walton, 83 N. Terrace-av. This does not include all monies collected by women working in the community because some of them turned their money in to the downtown office and no record was kept here. A complete report on the results of the solicitation will be announced in The Hilltop Record as soon as it is compiled. Mrs. Walton, chairman of the drive on the Hilltop, was gratified at the results obtained. "I would like to express my personal thanks to those who helped with the drive and to all who gave," she said.

Broadway Shoe Store Owner Thinks Hilltop Community "Can't Be Beat"

Eve Beiman, owner of the Broadway Shoe Store, 2390 W. Broad-st., has been on a farm in Russia. She came to this country while still a small girl and attended Livingston and Ohio Avenue Elementary Schools, later graduating from Roosevelt Junior and South High Schools. Eve has four brothers and two sisters, all in this country. The oldest brother was the first to come to America. Later, the rest of the family followed him to Columbus. The local shoe store operator has been in business on the Hilltop for more than 10 years. After working down town for a year, following her graduation from South High School, she bought the shoe business from an older

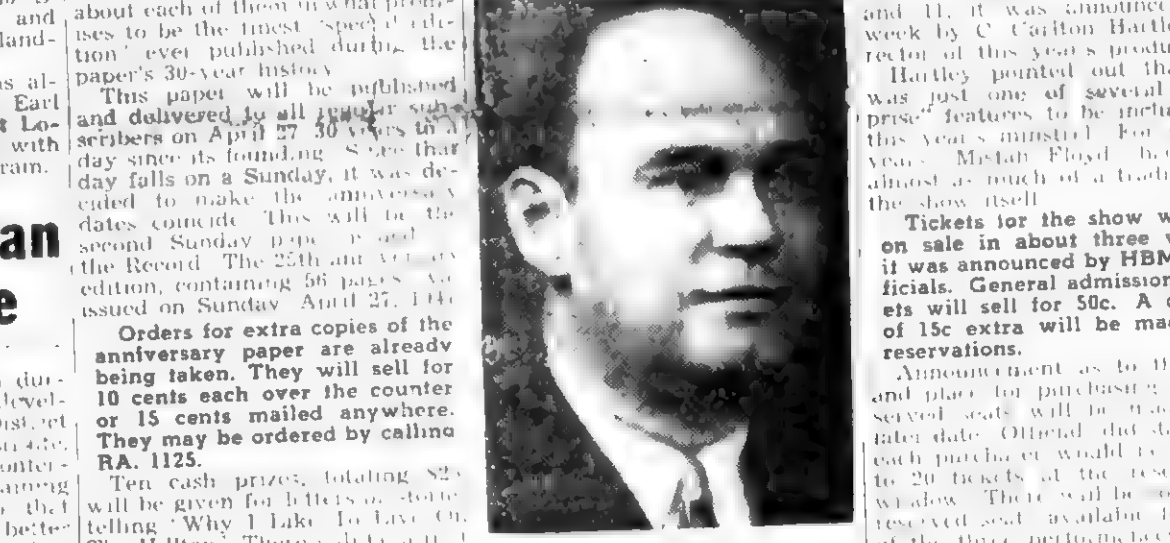

They Figure Ways Of Collecting Paper

How to raise \$1,000 from the sale of waste paper was the problem before the house when this Record photo was shot last week by Ray Gaugler in the office of Phil Stout, attorney at 2432 W. Broad-st. The men are all members of the West High Boosters Club, who are planning a big paper drive on March 2 to help pay for a new electric score board and other improvements to Magly Field. In the front row (reading from left to right) Mack Pemberton had just closed his eyes to offer a silent prayer seeking ways to collect that much paper as the camera clicked. Jack Sensenbrenner, general chairman of the drive, was roughing out the matter. Boosters, and Phil Stout take a more optimistic outlook on the matter. The back row is Robert Christman, Paul Leightninger, Edwin Francis, John Kuhn and Paul Wichterman. The picture was posed against the impressive background of Stout's law library which he insists will not go into the scrap paper drive.

Floyd Green Will MC 18th Annual Minstrel In April

The same capacity on April 9, 19 and 11, it was announced this week by C. Carlton Hatley, director of this year's production. Hatley pointed out that this was just one of several "surprise" features to be included in this year's minstrel. For several years, Metah Floyd, had been almost as much of a tradition as the show itself. Tickets for the show will go on sale in about three weeks, it was announced by HBMA officials. General admission tickets will sell for 50c. A charge of 15c extra will be made for reservations. Announcement as to the time and place for purchasing the reserved seats will be made at a later date. Official and dated tickets for the show will be limited to 20 tickets at the reservation window. There will be some unreserved seats available for each of the three performance dates. Applications for tickets will be received by Hatley for talent for the show. All applications must be mailed or brought to The Hilltop Record office, 2465 W. Broad-st., within a week.

Maus Will Head Canteen Board

Phillip Stout, president of the Hilltop Community Council, announced this week the formation of a new advisory board for the Teen Canteen, 2505 W. Broad-st. In cooperation with Melvin Grange, the canteen board and the executive and planning committees composed of fourteen of the members of the canteen, this new board will plan and assist in running out various activities for the canteen. Charles P. Maus, the canteen board's president, will head the board, assisted by Len DuPont, 617 S. Outer-av, of the Columbus Police Department; Mrs. Evelyn Hall, 72 S. Oakley-av, teacher at West High School; Vera Sanford, 277 N. Ogden-av, connected with the Boy Scouts of America; the R. Blisch, 172 Bimms-blvd, local business man. This group will hold its first meeting this evening at 8 o'clock at the Teen Canteen. The regular meeting of the Hilltop Community Council, Inc., will be held Thursday, Feb. 13, 1947, at 8 o'clock, at the canteen. The movie survey committee, Mrs. Edward F. Thompson, Mrs. E. Abrams, and Mrs. E. M. Bluff, will submit its final report. A representative will attend the meeting and will, in all probability, take active part in the discussion regarding this report. The Feb. 13 issue of Box Office, national screen magazine, carried a lengthy article on the survey being made. The council has also been asked to join the National Screen Council, which sends monthly a blue ribbon to the most outstanding picture which is suitable entertainment for the entire family. Reports will also be given by the local committee, council of social agencies activities committee, the newly formed canteen advisory board. Tentative plans for a Memorial Day parade and services will be announced.

Draft 14-Point Safety Plan

A 14-point recommendation on ways and means of reducing accidents on the Hilltop (particularly W. Broad-st.) was outlined last week by the safety committee of the Hilltop Business Men's Association. The meeting of the committee was called following the death of a child in a traffic accident on W. Broad-st. The committee's recommendations will be discussed with the City Traffic Commission at its next meeting. The safety plan includes the following: 1. Installation of traffic lights at a. Westgate-av and W. Broad-st. b. Royce-av and W. Broad-st. c. Burgess-av and W. Broad-st. 2. Erection of a warning sign on west side of W. Broad-st. viaduct warning of traffic. 3. Strict traffic law enforcement with ALL violators being arrested. 4. Make severe penalties for traffic violators to be meted out by local courts, with emphasis on severe penalties for driving while intoxicated. 5. Investigation of the feasibility of establishment of a night traffic court. 6. Erection and arrangement for numerous committees of interested individuals to sit in on traffic court sessions. 7. Provision of parking for all street intersections and a special emphasis on the W. Mount Street and Dana Avenue School end employment on the W. Mount Street and Dana Avenue School. 8. Use of traffic officers during opening and closing periods and that they be instructed to rotate from school to school. 9. Ask that police officers be instructed to spend their time on duty patrolling the danger areas. 10. Make no distinction in penalties meted out to out-of-town and local violators. 11. Investigate the feasibility of conducting a monthly safety slogan contest on the Hilltop with prizes to be given by various interested organizations. 12. Formulate and carry out an adult educational program for both motorists and motorists, consisting of newspaper stories, safety films in theaters and group meetings, and safety slides on screens of local theaters. 13. Recommend that the city as a whole give serious consideration to providing sufficient funds to make possible a larger and better police force. 14. Ask that other organizations on the Hilltop and West Side adopt this same program and assist in every way possible in carrying out its policies.

Thieves Enter Ins. Office Here

Thieves gained entrance to the Shunk & Saunders real estate and insurance office at 2450 W. Broad-st. Sunday night and carried away \$350 worth of office equipment. Entrance was gained through a window at the rear of the building. Included in the loot was a practically new Burroughs adding machine, two typewriters, a radio and a small amount of money in the cash drawer. Needless to say, the loss was covered by insurance.

Second Semester Shows Slight Drop In Attendance Here

Philharmonic Concert Will Be At West High

The first Hilltop appearance of the Columbus Philharmonic will be presented at the West High School auditorium on the afternoon of Feb. 14. The concert program, under the direction of Lyle Solomon, will be broadcast over WOSU. The time is 2:30 o'clock. A contest is being sponsored by the school to discover which student can write the best review of the concert. The winning review will be published in The Hilltop Record as soon as the selection is known. The concert will not be open to the public, but is for students.

To Address HBMA Meet Here Tuesday

James L. Conlon, resident manager of the new Fisher Body-Teens plant on Georges-av, will address the February meeting of the Hilltop Business Men's Association this week. The meeting will be held at Schmeider's Restaurant, 3178 W. Broad-st., on Tuesday evening starting with a dinner at 6:45 o'clock. Spring came to Columbus last year when the organization was formed. The year was head of the annual instrument division with offices in Detroit. He is a native of Ft. Lumberton, Ontario. An important item of business to be settled at the Tuesday meeting is the vote on a number of amendments to the constitution and bylaws. Included in the changes recommended by the board at the last meeting is a change in the name of the association. If the changes are adopted the name will be Hilltop Business Association, from that time on. The increasing number of women members in the organization has brought about the suggested change.

11th Ward GOP Group To Meet Here Tonight

The regular monthly meeting of the 11th Ward GOP Club will be held at 8 o'clock tonight (Feb. 6) at the K of P Hall, W. Broad-st. and Burgess-av. The meeting is for the benefit of the 11th and 12th Wards. There will also be a representation from the Fourth Ward. A vocal quartet will alternate with other features to furnish entertainment. This is also election of officers and collection of dues night. An open invitation is given to all Republicans and their friends. Refreshments will be served at the close of the meeting.

S. Warren-av., was united in mar-
riage to Mr. Richard H. Read, son

Harris officiated at the ceremony.

Given in marriage by her fa-
ther, the bride chose heavy white
satin, with a fitted bodice and a

had been a part of her mother's
wedding gown, fashioned the cap
and trimmed the edge of the veil
of sheer illusion.

Her bouquet was white carnations
centered with a single purple
orchid.

Miss Jean Dumeau sang three
songs before the ceremony and
also served as maid of honor. The
other attendants were Mrs. Mary
Harris and Miss Phyllis Wynn.
They were attired in chartruese
faile with pointed bodices and
carried colonial bouquets of cor-
al carnations with coral streamers
reaching to the edges of their skirts.

The ushers were Mr. John De
Moelt of Athens, Mr. Russell Har-

A new policy of dances every other Saturday night will be started at the Teen Canteen Saturday evening of this week. Music will be furnished by Ray Brooks.

An anniversary dance will be held on George Washington's birthday, marking the first birthday of the canteen dances. The first of this series was held at West High School before the present canteen site was secured. Members will be admitted free at this dance.

A new popular feature at the canteen is the weekly news sheet, edited, printed and distributed by Pat Perry, Larry Oliver and Jake Jaques.

The remodeling of the HBMA game room is progressing rapidly under the hammer and saw of Jake Jaques and Bob Creager. This new room will have a built-in corner couch and a radio, plus a raspberry colored ceiling. This room will be used for reading and quiet games such as chess, checkers, cards, etc.

Dancing will be taught, to boys who wish to learn, each Wednesday night at 7:30 p. m. Applications are now being accepted for chess and checkers contests which will be conducted in the near future.

Congressional Cocktail Party Charge In Denied By The Hon. John M. Vorys

The Republican majority in Congress is not frittering away its time throwing cocktail parties in the Capitol. That assurance was given to the Hon. John M. Vorys, representative of the 12th Congressional District.

Dr. Howard Whitehead, physician with offices at 2239 W. Broad-st., wrote to his congressman this week by a Hilltop physician to learn the truth of alleged cocktail parties that had been held in the Capitol. The charge had been made by Drew Pearson on one of his recent Sunday night broadcasts.

Vorys' reply follows:

Dear Dr. Whitehead:

I have your letter of Jan. 28 concerning Pearson's radio gossip about a cocktail party given in the Capitol by Congress.

I know of no such party and can find no other member of Congress who does. If such a party was given it must have been given by some member of Congress in his own office.

It is illegal to serve liquor in the Capitol, although beer is served in the House Restaurant. Although I did not hear Mr. Pearson's broadcast, I am inclined to think that his report was not accurate.

Yours very truly,
John M. Vorys

Five Broadway soloists will be featured on Mr. Romberg's current tour. Tickets on sale at Heaton's Music Store.

Dennis A. Gallagher Services Are Today

Dennis A. Gallagher, 73, father of Capt. William J. Gallagher of the Columbus Fire Department, 815 S. Terrace-av., died Monday evening at his home, 700 Bellows-av., after suffering a heart attack.

Mr. Gallagher, who retired in 1945 after 36 years as a guard at Ohio Penitentiary, was proprietor of a fruit stand and beer and wine carry-out store at 709 Sullivan-av. He had been working there shortly before he was stricken.

Surviving also are his wife, Mrs. Katherine Gallagher; four other sons, Leo, Thomas, Howard and Roy Gallagher, all of Columbus; two daughters, Mrs. Ivola Nonamaker and Mrs. Dorothy Doughty, both of Columbus; a brother, three sisters and nine grandchildren.

A few hours before Mr. Gallagher died, a son was born to his son and daughter-in-law, Mr. and Mrs. Howard George Gallagher, in Mt. Carmel Hospital. The baby was named Dennis Gallagher after his grandfather. The elder Gallagher was elated when told of the birth of his grandson.

Mr. Howard Gallagher, who also makes his home at 700 Bellows-av., was a partner with his father in the Sullivan-av. store.

Another son, Dennis Gallagher, a former district supervisor for The Ohio State Journal, was killed in an accident in October, 1941.

Funeral services will be held this morning at 9:30 o'clock at the Holy Family Church. Burial will be in Calvary Cemetery.

Record To Publish

(Continued from Page 1-A)
The Hilltop Record, 2463 W. Broad-st. All letters become the property of the Record. Some of the prize-winning entries will be published in this anniversary edition.

Deadline Feb. 23

The deadline for mailing entries in this contest is midnight, Feb. 23, 1947.

It is expected that this edition will run in the neighborhood of 80 or more pages. It will be a comprehensive word picture of life on the Hilltop during the past 10 years. Numerous illustrations will be used to show graphically the scope of community activity. An indication of the growth of the paper during the year just past is seen in the fact that today marks a complete year in which the smallest paper published was 12 pages. Most of the papers were 14 or more pages throughout the year.

Previous years saw many six-page issues with only a few papers exceeding eight pages. A year ago today, a full page of family comics was added, thus marking the Record as one of the few weekly papers in the state to offer that feature.

The Record has published far more local pictures during the past year than any other weekly paper in the state.

Just recently, a contract was signed with the Newspaper Enterprise Association for its full weekly feature service. This will include (starting next week) an interpretation of the International Sunday School lesson; an editorial cartoon; news feature pictures and a wide selection of other interesting features.

Harley pointed out this week that the Record offers more in the way of news and features than most weekly papers selling for twice as much money. The Record is delivered by mail anywhere in Franklin County for \$2 per year.

Colonels Are Named For Red Cross

Plans for the residential division solicitations in the 1947 Red Cross fund campaign were shaping up this week as the colonels for the Hilltop and Valley divisions were named.

Selected to head the Hilltop solicitation was Mrs. C. E. McKee, 582 S. Roys-av. Mrs. Harold Kay, 91 Schult-av., is the Valley colonel. The lists of workers will be announced in a later issue of The Hilltop Record.

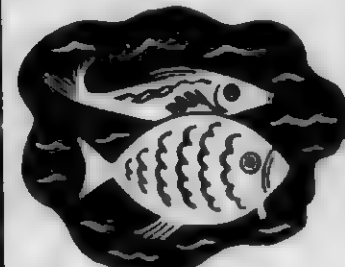

An invitation was issued this week for any woman living in this area to volunteer for work in the 1947 drive. All women are invited and will be assigned to a unit for work in their own neighborhood. Any one interested is invited to call Red Cross headquarters, MA. 6841, or get in touch with either of the two colonels.

The opening day of the campaign has been set for Feb. 28. The goal for the county is \$279,800, of which \$45,000 is the residential division quota.

Super Market Work On Schedule

Work on the new super market being built for Franklin Sparks and Charles Kent at 2976 W. Broad-st. is going ahead on schedule, it was reported this week. If weather conditions are not too adverse, it is expected that the building will be ready for use by about April 1.

The modern food center will be known as the Sparks-Kent Super Market. It will be operated as a partnership with Sparks, operator of the Hauntz Food Market, and Kent, a former grocer on the Hilltop, and will provide convenient parking facilities to the west and at the rear of the store. The building will be ready to place the steel girders by the week-end, it was reported. Part of the roof over the back part of the building has already been sheeted.

For more than two years now he has used a Piper Cub to fly to remote parts of his territory to call on his patients. In the winter time he has the plane equipped with skis for landing on the ice of the numerous lakes that dot the countryside.

In summer he removes the skis and uses pontoons or wheels as the terrain of the country may require.

The "play" part of life for Dr. Miller comes in his being able to fly right in the midst of some of the finest hunting and fishing country in these United States.

He loves the outdoors and in addition to being an enthusiastic sportsman he is also a skier of more than average ability.

His never starts out without stowing his fishing kit and many times a rifle in his plane or car.

While making professional calls he often stops at an inviting trout stream to try a few casts.

If they are "striking," he will fish long enough to accumulate a nice catch to store in his refrigerator when he gets home.

Dr. Miller is the son of Dr. and Mrs. R. J. Miller, 119 Binns-blvd. He graduated from West High School in 1935. Later he completed work at Kirksville College of Osteopathy and Surgery at Kirksville, Mo., specializing in obstetrics.

For his internship he went to Portland, Me., and immediately became fascinated by the New England country. Being an outdoorsman by nature it isn't strange that he chose to settle down in the village of Ashland, population 2600. Realizing the difficulty of getting to patients in remote areas where there were no suitable highways, he got the idea of traveling by plane. For more than two years he has used his Piper Cub in making calls.

In winter he frequently calls on highway officials to send a snow plow ahead of him as he follows behind in his four-wheel drive

Flying Doctor Of Maine North Woods

Dr. Tom Miller stands beside his Piper Cub plane just after making a professional call at a lumber camp in the north woods of Maine.

Dr. Tom Miller believes in the theory of combining business with pleasure and after half a dozen years of application of this principle he knows it works.

Dr. Miller is a physician in the north woods of Maine. His patients are scattered over a 100-mile radius of Ashland, Me. Off-hand it might seem an almost impossible task to call on the sick over such a wide area and yet find time for recreation but he has solved that problem.

For more than two years now he has used a Piper Cub to fly to remote parts of his territory to call on his patients. In the winter time he has the plane equipped with skis for landing on the ice of the numerous lakes that dot the countryside.

In summer he removes the skis and uses pontoons or wheels as the terrain of the country may require.

This week Dr. and Mrs. R. J. Miller left by train Tuesday morning, to meet Dr. and Mrs. Tom Miller in Boston. While visiting together there they will attend the national sportsman's show.

Dr. Miller will return to Columbus Sunday.

A patented automatic machine to turn out between 50,000 and 80,000 printed postcards a day has enabled the inventor to market his product in competition with established business. The machine prints with such speed that during the war photographic postcards of Japanese atrocity scenes in Manila were back in the Philippines before the trial was ended.

Cowboys Defeat East 49 to 35 Tuesday

**Theisen Takes
Scoring Honors**

After suffering a 49-35 defeat at the hands of East in the first round of City League basketball play, the Cowboys braved zero weather Tuesday night to even up things for the season by taking the game by an almost identical score. The final count read West, 46; East, 35, in the well played game before a small crowd in the Bengal gym.

Paul Theisen, hustling center and forward, led the scoring when he chucked in 14 points, one more than Captain Jack Thrush. Theisen made all five of his buckets in the last half.

The outcome of the game was not much in doubt after the second half got under way as the Cowboys came back strong to chalk up 21 points in the third period. After the lead changed hands three times in the first period, West went out in front and was never overtaken, although they led by only a single point at half time.

counter. Mid-year graduation took him off the Webster squad. Fenneken did his best to sabotage the West attack by sniping at the bucket at long range with deadly effect as he sank four shots from down court.

It was the fourth league win for West in seven starts. Friday night they face Aquinas here on the Hilltop.

North took over undisputed first place in the hot league battle by downing Central 43-30 on the Polar Bear court Tuesday night.

Walter Hicks was kept "bottled up" down in his favorite corner most of the evening but finally succeeded in connecting for seven counters while Thrush was banging away with good results from further down the court.

Chuck Speckman set the pace for a reserve victory for the Cowboys as he accounted for 18 points in the preliminary. The final score was West, 39, East, 35. Fred Heichman's boys broke a tradition of several games' standing as they chalked up a four-point margin. Most of the recent games have been won or lost by a margin of three points or fewer.

The varsity score at the end of each quarter was as follows:

Burgess U. B. remained in undisputed first place in the West Intermediate Church League by virtue of its 27 to 21 victory over St. Aloysius. The game was played without the services of Wally Watkins, their star center, as he became ineligible for West at mid-term graduation.

In other games Hoge Memorial and Glenwood remained tied for second place as Glenwood had little trouble turning back Westgate 21 to 12 and Hoge disposed of Salvation Army 24 to 16. In the final Tuesday evening Riverside beat West Park Methodist, 12 to 10.

If You're Stopped By a Cop, Buy A Ball Ticket

If you're stopped by a policeman during the next few days you might start the conversation by asking if he has tickets for the 15th annual ball. Of course he has the tickets. In addition to the tickets he is getting ready to write out for your traffic violation, so don't think for a minute you are going to get off any easier, but it will make pleasant conversation.

This annual dance will be held at Rollerland Skating Rink Feb. 17 with Chuck Selby and his orchestra furnishing the music. All proceeds will go to the police sub-relief fund for widows and orphans of officers who have died or were killed in line of duty.

Detective Charles Johnson is chairman of the dance. Others serving on the committee are Patrolman George Gillilan, Silvio McDonald, Harmon Nance, Walter Trapp, Kenneth Seger, Jack Mayberry and Arthur Remmert.

Tickets are also on sale at police headquarters.

Gibbon Heads WSSF Committee Of Hilltop Ohio State Students

"Adopt a Prague student" is the slogan chosen by Hilltop students at Ohio State University for the World Student Service Fund drive for tutercular veterans studying at the University of Prague, Czechoslovakia. The drive is to be held Feb. 9-14, according to William R. Gibbon, 43 N. Ogden-av, chairman of the Hilltop committee.

"It has been learned here that 30 per cent of the students at the University of Prague have T. B. as a result of wartime conditions in Czechoslovakia. It costs two dollars a day to maintain a student in the sanitarium at the school. We hope every OSU student on the Hilltop will adopt a Prague student for a day," Gibbon stated.

Robert Fairgrave, regional secretary of the WSSF, will address students aiding in this drive, on Tuesday, Wednesday and Thursday, Feb. 4, 5 and 6, at Pomerene Hall, on the OSU campus. There will be an informal coffee hour Friday, Feb. 7, at 3 p. m., in the grand lounge at Pomerene for persons working on the drive.

Other members of the Hilltop committee include Alice Remington, 123 N. Ogden-av; Martha Colmery, 54 Haldy-av; Richard A. Anthony, 158 N. Powell-av; Robert E. Anthony, 158 N. Sensenbrenner Asks Cooperation In Paper Drive

M. E. (Jack) Sensenbrenner, to the people of the Hilltop—especially the students of West High School:

Some people say, "I'll do this and I'll do that when my ship comes in."

But listen, folks—"No ship comes in—unless it has first been sent out."

The West High Students have just sent the ship out—let a variety of waste paper. You boys and girls, you residents of the Hilltop, are the seamen first class who will bring it back to port on March 2.

We must have your support, if we are to succeed. Every one can help on this waste paper drive, which will mean a better equipped athletic field for West High.

The goal has been set at \$1000. With the cooperation of every resident on the Hilltop we look forward to a victorious journey.

TALK ABOUT IT—DREAM ABOUT IT—GET ENTHUSED ABOUT IT, and when it is time—HELP ABOUT IT.

Remember: Abraham Lincoln once received a telegram from a man who volunteered to be a GENERAL in the Union Army. Lincoln wired back that they had plenty of generals, but they sure needed a LOT OF GOOD PRIVATES.

See you next week—on board ship.

Jack Thrush Paces Team As West Emerges Victor Over Marion By 60-53 Score

Jack Thrush made the nets size of 22 points to help West 27th defeat Marion Harding on the West basketball court 60-53. It tied his previous record for scoring for the year.

In a tie of the fact that the Cowboys were never seriously threatened throughout the game, the 11 points which West scored in the first half were out of the way. The Cowboys were to tangle with second-place East on the Tiger's court Tuesday night. (For an account of this game, see section A of today's Hilltop Record.) Tomorrow night Aolunns invades the West arena, and Tuesday night the Cowboys face North on the Polar Bears' court.

The West reserves lost out on another "big and big" game to a 31-20 count. With 45 seconds to go the score was tied at 28-28. Then Dick Gherman caged a

bucket and a foul shot decided the contest. Speakman led the Cowboys reserves with 10 points while Gherman tallied 11.

Started Slow

In the varsity league the Presidents got off to a bad start when they were able to tally only three points while the Cowboys chalked up 16. It looked like something of a rout was in the offing but in the second half the visitors made 15 while West was punting 11.

The Presidents matched point for point in the third frame when each team tallied 18 points and the first period the visitors edged West by two points.

Fiddle paced the visitors with 14 points while Paul Theisen scored effectively from the circle to tally 16. Chuck Weeks also continued to show improvement as he got 13.

Score at end of each period:
 Harding 3 18 36 53
 West 10 27 45 60
 Officials: Joel Burghalter and Stanton Jones.

K of C Bowlers Have Banquet

Approximately 70 members of the K of C Santa Maria Council Bowling League and their wives were guests at a chicken dinner Saturday evening in the annex of the St. Aloysius Church.

A dance was held in St. Mary Magdalene Hall following dinner. The affair was planned by officers Ray Delby, president, Carl LaValle, vice-president, Frank O'Meara Jr., secretary, and Nick DeJohn, treasurer.

The league has materially expanded during the past year from eight to 12 teams, and leaders of the teams were guests. These included Tom and Hill Schwinn, Earl Patton, Joseph Ryan, John Reis, Morgan Murphy, Don Howard, Don Sheehan, Dave Brown, Art Essman, Harley Sapp, Ray Finerman, Bob Fischer and Theodore Sayre.

Ted Finerman and Mrs. Jack Goetz were the winners in the headline tourney held at the Broad-Olympic alleys Sunday. Finerman won the singles and the sweetest for the men with a 2-326. He was the first bowler called.

Mrs. Goetz, wife of the over-average winner last spring, bowled 103-294.

Fish Safety Zones Removed

In accord with official action of the Ohio Conservation Commission recently all no-fishing safety zones in the state's 12,000 miles of streams, and the no-fishing sanctuaries in all lakes except where lease or other commitments are in force, will be eliminated. The commission favored keeping all fishing restrictions at a minimum to eliminate confusion on the part of the fishing public.

The more than 150 safety zones, averaging about a quarter of a mile of stream each, and fish sanctuaries in lakes, were established in 1938 for fish refuge during the spawning season. The commission's action to eliminate them followed a report of the fish management section that the extra burden imposed on the law enforcement section to enforce the regulation, and the added confusion on the part of the fishing public, coupled with the little amount of good resulting from it, does not warrant continuing the restrictions. This action is in line with the commission's general policy to give an experiment a fair trial and dismiss it if proper results are not forthcoming.

Boy Scout Anniversary — A Challenge

The Boy Scouts of America, now numbering 1,980,000, will observe the 37th anniversary of the organization during Boy Scout Week, opening Friday, Feb. 7 and closing Thursday, Feb. 13.

It is the nation's largest birthday celebration among young citizens and will be observed in every city, town, village and hamlet.

The theme of the observance is "Scouts of the World—Building for Tomorrow." Through the World Friendship Fund of voluntary gifts established two years ago by the Boy Scouts of America, they have given \$110,464.36 to help Boy Scouts overseas rebuild their organizations.

To give the most helpful assistance within their capacity, the Boy Scouts of America have dealt only with scout officials overseas recognized by the International Scout Bureau in London. Already 119 shipments of scout literature, equipment, office supplies and other scouting materials have been sent to 32 countries.

This is only one of the many activities carried on by scouts all over the land. Space does not permit enumeration of the many other phases of scout life. In spite of the fact that 13,500,000 boys have received scout training since the beginning of the work 37 years ago there are many persons today right here on the Hilltop who do not know or appreciate this work of character building. The Southwest District (of which the Hilltop is a part) is one of the most progressive areas in the state yet when parents of prospective scouts are approached they have a vague understanding or an outright misconception of what the work is all about.

Scouting here at home needs more men so that it can train more boys to become better scouts. That may sound like a "corny" phrase but it is the simple truth as leaders in the area will readily admit.

A survey conducted in the Columbus schools a little over a year ago revealed that 14,000 boys in the Columbus council were interested in becoming scouts. A large percentage of these boys were of cub scouting age. Only a small number of these boys have been taken into the program since that survey was made.

If scouting is to meet the challenge that has been thrown out by the boys of the community themselves we must have more scout workers, more groups and organizations willing to sponsor scout troops and an enlightened public opinion on the value of scouting.

There could be no more appropriate time for volunteers to step forward than during Boy Scout Week that opens tomorrow. Men with or without previous scout training can be used in some phase of the work. The biggest essential is the willingness of men to assume some responsibility in the scouting program.

A THOUGHT
Girls who are bothered
With avoidpoups
Never need battle
These cave-mannish boys.

GROWING PAINS
When Mary was a tiny tot
Her dolls were such a lovely lot
And soldiers were the foremost toys
For Johnny and the other boys.

The world is upside down today,
With dolls, my Johnny wants to play.
I hope it's just those passing fads
For Mary plays with soldier lads.
Up the road that leads to Fina,
"Merry Magdalene Gets Flowers"

ANALOGY
This, then, is love?
It's like red wine
That warms the heart
And fogs the mind.
Filling the night
With lovely laughter
That's somehow lost
The morning after.
Dorothy Dreckman,
in BEAT OF WINGS

INDIAN CHILD
Scarcely bigger than a minute,
Bird-like, favoring the linnet.
Up the road that leads to Fina,
On her pinto pony Nina,
Eight years young — in Indian
art as
Old as any squaw, as smart as
Arab, Jew, or wily Tartar.
In the game of bid and barter—
Laughing, singing Yankee Doo-
die.
Off to vend her silver boudle.
For an avastive feather.
Wears a rose of crimson leather.
Helen Gerry,
in THE POETRY CHAP-BOOK.

SUGGESTION
There should be aunts for all
small girls,
Nice aunts with twinkly eyes and
curls
And plump white hands with
sparkly rings
And purses filled with tempting
things.
To be exact, I'd say, I guess,
An aunt who wears a ruffled
dress
And has a house with halls and
stairs
And cookie jars shaped like real
pears.
An aunt who helps to play dress
up
And sips tea from a tiny cup
And cuts her cake in great big
pieces
When company is little pieces.
Barbara Wilson,
in ADVENTURES IN POETRY.

CONFIDENTIAL MEMO FROM
A COLORED
SECRETARY
Oh, Lord, give me a gentle boss
Who when his wife has made him
cross
Does not storm in with flaming
mien
And vent on me his outraged
spite—
Who gives me (when deserved)
applause.
Who knows the higher cost of
living
And is not immune to the art of
giving—
Whose voice is clear, dictation
slow,
Whose often out of town and so
Leaves opportunity for pleasure
And coffee downstairs at my
leisure.
And Lord, en route thud, without
warning
Don't let us meet—as You did
this morning.
Helen Gerry,
in ADVENTURES IN POETRY.

NIGHT OUT
The night wore black serge
Pin-striped with silver
And on his lapel the street lamp
blurred
Like a fading coronation.

"SCOUTS OF THE WORLD" BUILDING FOR TOMORROW

BOY SCOUT WEEK

Nearly 2,000,000 Cub Scouts, Boy Scouts and Senior Scouts will observe the 37th anniversary of the Boy Scouts of America during Boy Scout Week, Feb. 7th to 13th. Through their World Friendship Fund of voluntary gifts the Boy Scouts of America have given \$110,464.36 to help Boy Scouts overseas rebuild their organizations. During the first year of their "Shirts-Off-Our-Backs" project more than 400 cases—or twenty tons—of Scout uniforms and equipment collected from Scouts were contributed to Scouts in 13 nations. Scouting has always been an active force in promoting better understanding and mutual goodwill among the nations. Above is the official poster marking the event.

Life Isn't Always Routine

After traveling a distance of nearly 5,000 miles in seven weeks, the little Tunisian olive grove was definitely confining.

Seven months living in the same area produced some interesting happenings. When men don't have much to do, and are tired of their surroundings, little things take on great significance.

Friends can get into a scrap on the slightest provocation. When tempers flare, a fight was arranged after evening chow. Boxing gloves were used

and a timer and a referee employed to keep things fair. A lot of petty disputes were settled that way. It was a good arrangement and nobody got court-martialed. However, a lot of unexplained "shiners" could be seen in the area from time to time, usually gracing a sergeant's lovely face.

An Indian was in the outfit. A fine fellow and a good worker, he never gave anyone a hard time—when he was sober. He was a massive hulk, well over six feet tall, weighing 230 pounds, and as powerful a man as I have ever seen.

Every night he would go out and consume great quantities of vino, an African wine which, taken in large amounts, affects people very strangely. With African fire water under his belt, he would go on the war path. The months afterward, every time the "Johnny" incident was mentioned it came in for a quiet chuckle among the enlisted men. Some even thought we were treated better after that.

In the morning every one held his breath. The first sergeant noticed the proclamation before any of the officers, but kindly ignored it. I guess he could stand some excitement too. Then one by one each officer saw it and read it word for word. The massive was boldly printed and signed "Johnny Justice." And what a hornets' nest it stirred up. Suspicion was immediately cast upon any one who could write (some couldn't). Careful scrutiny was made of all handwriting. Every body was careful to keep all subversive looks off their pans for days to come and the affair was gradually forgotten.

But for months afterward, every time the "Johnny" incident was mentioned it came in for a quiet chuckle among the enlisted men. Some even thought we were treated better after that.

"Eating Machine" in a Hurry

The "Eating Machine" came in to his own during these weary months. He was a fellow whose two greatest pleasures were being first in the chow line and building big fires. He would race madly to the mess hall as soon as he heard the whistle and usually slid in first. It wasn't first, somebody would concede him the place so he wouldn't brood. It was his policy to jump from his bunk, snatch his mess kit which was hanging on the center pole

and streak out the flap of the tent. Everybody stayed out of his way in order to avoid being trampled. Then one day a diabolical culprit nailed his mess kit to the center pole. At chow time "the eating machine" couldn't get it loose. He nearly tore down the tent. That day he was last in the chow line and didn't get any seconds. For retaliation he took all the mosquito nets from his tent mates and built a big fire. The next day he, too, had to dig—for wilfully destroying government property. His tent mates stood around and watched him. Between shovel-fuls he would glance up and mutter something sweet.

The payoff and the biggest laugh came over Johnny Justice. One night one of the men made a list of all the grievances he could think of and wrote a scathing denunciation of the powers-that-be. This he tacked on the bulletin board.

Then he had the vigilantes, who always wanted to shoot up the camp. They couldn't hold their vino either. They were six in number, and got along fine until one night they stood at parade rest outside the first sergeant's tent with loaded rifles and fixed bayonets and defied him to come out and fight. After berating him for an hour and finally satisfied he wasn't coming, they fired into the air and left. As far as I know, their spare time was spent in excavation after that. After digging up a good acre of hard African dirt, they stayed sober.

Around West High

By Janet Baker and Judy Jones

Monday the eventful day when all came back to school. Wondering about and hoping for that swell teacher we had last term. (Course they're all swell???)

For a few girls this week was not such a happy one. Why not? They are being initiated into the G. A. O. Of course we are referring to Shirley Thurrell, Joan Mason, Joanne Toler, Vera Smith, Donna Spring, Ah, they are really looking delightful with their straight hair, do make-up and that sort of hunted look.

We wish to take this opportunity to welcome all the new 7B's and 10B's. Come on, kids, cut out the groaning; you will soon get used to the grind.

"Hearts and Darts," "Hearts and Darts," isn't that a cute name? For your information, the name of the senior skating party scheduled for Thursday, Feb. 13, it is to be at Smith's Skating Rink at 7:45 p. m. Keep your money handy and you'll see somebody who will be glad to relieve you of it.

Heard in the hall—Betty Lee Beard feverishly asking what 9x4 equaled. It seemed she had to know before she went to basic math. Gee, if they can confuse even a gal like Betty Lee what are they going to do with the rest of us?

Bill Woolson and Ken Dickerson were doing the honors as broadcasters for the girls' basketball game Friday afternoon and West's game with Marion Harding in the evening. Hard work, eh, boys?

We extend our sympathy to Dick Longmire, who injured his foot playing basketball. Hope it gets well soon, Dick. The swimming team has a big meet with St. Charles and Aquinas tomorrow, so good luck, fellows.

Smiles

Sick Rabbits
"Say, Tony, those rabbits you sold me all have the hiccoughs." "Sure, boss, dey are Belchin' hares."

Useless Study
Teacher—"And why have you decided to give up the study of French?" Willie—"It's a waste of time trying to do something the French do so much better."

Raw Cracks, Eh?
Grandpa—"I never see a girl blush any more. It was certainly different in my day." Grandson—"Good gracious, grandpa, what on earth did you say to them."

Catching On
Jackson—"How's your wife getting along learning to drive a car." Jixson—"Not bad. The road is beginning to turn now when she does."

And Tightly
The kind old gentleman had stopped the little boy, who was on his way home from school. "Tell me, little boy, how do you like school?" he asked. The little boy fired back this answer: "I like it closed, sir."

Direct Current
Jane—"So your husband tells you 'Dynamo.' Magnetic personality, I suppose?" Joan—"No. Because everything I wear is charged."

Test Your I. Q.
1. Where do we get the word "chemurgy"?
2. Does the groundhog ever see his shadow on Feb. 2?

3. Who originated the wedding cake custom?
4. Where is Mokuawewe crater?
5. What is tung oil used for?

(See page 6B for answers.)

A cartoon illustration depicting a scene from a story. On the left, a man with spiky hair, glasses, and a ruff collar stands in a doorway. He wears a tunic and boots and holds a book titled "HOW TO TRAIN YOUR DRAGON". On the right, a woman in a dress and high heels stands with her back to the viewer, talking to him. A speech bubble from her says, "COME IN, MOTHER!... ALVAH AND I WERE JUST TALKING ABOUT YOU!!". In the foreground, the man is lying on his back on the ground, looking dazed with stars around his head. A book titled "HOW TO TRAIN YOUR DRAGON" lies on the ground near him, along with a broken vase and some coins. The background shows a simple room with a diamond-shaped mirror on the wall.

J. Conlon Outlines GM Plans

Work Of Plant Outlined In Talk

The "moral" responsibility of the new Fisher Body-Ternstedt plant in Columbus was outlined Tuesday night by James L. Conlon, resident manager of the General Motors operations here, in an informal talk before members of the Hilltop Business Association.

Conlon listed these responsibilities as threefold:

1. To provide good jobs.
2. Pay good wages.
3. Provide job security, avoiding rising and falling employment peaks.

He told the 83 members of the organization gathered for the dinner meeting at Schmelzer's Restaurant, 3178 W. Broad-st., that the firm now employs 1600 persons despite the fact that it is only at somewhere between 30 and 40 per cent of its potential productive capacity.

The speaker gave many side-lights on the scope of the plant and the products it will turn out. More than 255,000 pounds of steel in 256 different sizes are fabricated daily into a long list of automobile hardware items, he said.

Open House Planned

An invitation to all Hilltoppers to visit the plant at some future date was extended. An "open house" will be held, Conlon said, when building contractors have completed their work. At that time the public will be invited to see the first of the General Motors post-war plants to go into production.

Four other top officials from the local plant were guests at the meeting Tuesday night.

During the evening the members approved six changes in the constitution and several changes in the by-laws. The principal change involved dropping the "Men's" part of the name, making it Hilltop Business Association from now on.

Joseph DeVenness, Briggsdale, gave a short talk on behalf of the Red Cross drive to open on Feb. 28. Committee reports were made by Curtis G. Wilcox, C. Carlton Hartley and Don Smith.

O. H. Craft, realtor, Charles Haas of Kent's Modern Market, and Ralston Westlake, glass manufacturer, were received into membership while applications of five other members were read.

Amvet Post No. 55 Names Officers Here

The staff of officers of the newly organized Hilltop Amvet Post No. 55 was photographed by Ray Gaugler, immediately following the election, on Feb. 10.

Seated, are Franklin Sparks, chaplain; Dana Doshier, post commander; Leo Oddi, finance officer; and Warren Howe, first vice commander.

Standing are Jack Alexander, provost marshal; Robert Nichols, adjutant; William Ferguson, public relations; Earl Konkier, and Robert Logan, members of the athletic committee; and Gunner Marsh, athletic director.

The Amvets met at the Teen Canteen.

West Pulls Upset In Defeating North Hi

Thrush Tallies 23 As Cowboys Topple League Leaders; Meet Linden Here

The West High Cowboys lived up to tradition Tuesday night when they pulled a 64-54 surprise upset on the North High basketball court, thus dropping the Polar Bears out of their tie with Central for the top position. The tradition for this season being that West has not lost a league game away from home or won one on the home court.

Needless to say, Coach George Williams is strongly advocating an end to this practice Friday night when last-place Linden McKinley comes to the Hilltop.

The Tuesday night victory puts the Cowboys back above the 500 mark, and places them in fourth place. A win over the Presidents might put them in third place should North defeat East that night. West has yet to face Central on the downtown court Tuesday night and play host to South on the following Friday.

Jack Thrush played the best game of the season and possibly his career as he chalked up 23 points to set the scoring pace despite the constant attention given him all evening by Dick Wid-

HCC Meeting Is Set For Tonight

The February meeting of the Hilltop Community Council will be held at the Teen Canteen, 2585 W. Broad-st. tonight at 8 o'clock.

Several matters of general interest to the community are expected to be considered. One of these is a further discussion of showings of local theaters as far as their fitness for children is concerned. The matter has been studied by a committee which will report tonight.

Hailey Faces More Court Action Soon

Damage suits totaling \$60,000 were filed Tuesday against George C. Hailey, 40, London, driver of the hit-skip car which struck and killed two men in W. Broad-st. near Wayne-av. on Jan. 23. On the same day two counts of second-degree manslaughter were returned against him by the Franklin County Grand Jury in connection with the deaths.

On Monday Hailey was sentenced to six months in the workhouse and fined \$200 in Municipal Court for failure to stop after an accident.

The damage suits were filed by Attorney Don Smith, 2405 1/2 W. Broad-st. in connection with the deaths of John B. Goodman, 66, 202 N. Wayne-av. and his son-in-law, Oran B. Collins, 51, of the same address.

The petitions, filed in Common Pleas Court, call for damages of \$10,000 in Goodman's death and \$50,000 in Collins' death.

The suits filed by Smith allege negligence in failing to have his car under control; failure to keep a lookout ahead; driving his car at 45 miles per hour; and failure to check the speed of his car in time to avoid striking the men. It is understood that the car was covered by insurance.

Office To Stay Open Saturday Afternoon

Starting on Saturday of this week, The Hilltop Record office, 2465 W. Broad-st. will remain open until 4:30 o'clock Saturdays. There will be some one on duty at the counter to accept payment on bills, take want ads and receive new or renewal subscriptions.

According to C. Carlton Hartley, publisher of the paper, the service is offered as an added convenience for persons who may be shopping in the community and have business to transact with the Record.

Caution Sign, Crosswalks Are To Make A Safer Community

Erection of an illuminated sign on the New York Central overhead crossing at the west city limits, to warn drivers they are entering the city, is expected to get under way within a few days.

This was one of two moves approved by the City Traffic Commission Monday in an effort to reduce traffic accidents on W. Broad-st. recognized by officials as being one of the most hazardous streets in the city. The other involves a survey of the thoroughfares to determine the number of business areas and a check of speeds of automobiles to obtain data to justify a request to the State Highway Director to limit speeds to 25 miles per hour.

Curtis G. Wilcox, 2987 Palmetto-av., manager of the Hilltop office of the Ohio National Bank, was responsible for presenting the two safety proposals to the traffic commission in the interest of the safety committee of the Hilltop Business Association.

It is understood from Safety Director C. C. Cole that the railroad company has given verbal approval for erection of the sign but that formal written verification is still pending. Cole said that the sign could be installed in two weeks or less once permission is granted.

It would advise motorists that they are entering the city limits and that speeds should be reduced. At present many motorists do not slacken their speed until they get down in the vicinity of Broad-st. and Hague-av.

The sign will be covered with a reflectorized material and will be illuminated with flood lights of some kind so that it will be visible night and day.

Permanent safety crosswalks are to be put in at all intersections of W. Broad-st. between Oakley and Roys-avs in the near future, it was revealed by Safety Director C. C. Cole at a press conference last week.

The markings will consist of white blocks set in the asphalt pavement just even with the level of the street surface. Several such walks have been in use at down-town intersections but this will be the first time they have been used in outlying neighborhoods.

The safety walks will clearly indicate where pedestrians are supposed to walk when crossing the main thoroughfare or any of the intersecting streets at Broad-st. They will be permanent in nature and will not need to be replaced every month like the painted safety lanes.

All other intersections on the Hilltop and West Side will be clearly marked with paint as soon as the weather permits street painting.

The street painting project will also include lining the center of each intersecting street along W. Broad-st. for a distance of 30 feet back from the crosswalk. This is intended to keep motorists from driving over the center line when approaching the thoroughfare with the intention of making a left-hand turn or when cars are pulling off Broad-st. into the side streets. Failure to stay on the right side of the street many times causes traffic congestion at these intersections.

Storm Sewers To Aid Drainage In Rea-Bow Section

The Rea-Bow Community will have storm sewers this spring.

After many months of campaigning on the part of the Rea-Bow Improvement Association, the Franklin County Commissioners Monday voted to put in storm sewers on four streets in that community. Barring any major objections to the project this week, it seemed certain that work on the drainage system could be under way by April of this year, George Matson, 87 N. Warren-av., one of the commissioners, told The Hilltop Record this week following the meeting. This was further verified by the county engineer's office.

The cost of placing storm sewers along Midland, Clarendon, Whitethorne-avs and Eakin-rd. is estimated at \$34,121. Of this amount the county will pay \$4500 while the balance will be assessed against abutting property owners. The assessments will be at the rate of \$110 per lot and will be payable over a 10-year period at the rate of \$12 per year, including interest charges.

The sewers will range in size from 10 to 30 inches in diameter. They will be drained into Early Run, south of Eakin-rd.

Women In Business—No. 14 In A Series

Local Dance Teacher Had "Bit" Part On Stage At The Age Of Six Months

in and around Cleveland from the time she was able to walk. At the age of four or five years she won a loving cup for her part in a Cleveland Press parade and was doing bits in productions with Vaughn Glasser and Tully Marshall, both well known names in the entertainment world at that time.

Much of her devotion to dancing she credits to Eleanor T. Flynn who served as dancing teacher and personal tutor for several years of her early life. While still a young girl, she was permitted to go to New York and Boston to see the best in the entertainment world in the company of her dancing teacher.

One act she played to many benefit and other city-wide audiences in Cleveland was entitled "Youth and Old Age." Miss Lovewell, of course, provided the youth half of the act while her partner was a Mr. Farrow.

At an early age she had mastered almost every type of dance, including ballet, and appeared in "Der Rosenkavalier," "Faust," "Electra," "Carmen," and other operas that played in her native city. In 1936 she trained and directed the ballet chorus for "La Traviata."

From 1924 to 1928 she toured the country on Loew's and Keith's vaudeville circuits, playing practically every city of any size and some not so large, where travel was by auto instead of pullman trains. With the coming of the Vitaphone, vaudeville people looked to other fields of endeavor.

Lt. Lamb Leaves For Duty In Korea

First Lt. Robert Lamb, 186 S. Harris-av., left the Hilltop this week on the first leg of a journey that will take him on a two-year assignment in Korea. His wife, Betty Jane, expects to follow him over to the Orient as soon as her arrangements can be made for her residence there.

Lt. Lamb has had five years of service in the armed forces. During the war he was a B-17 pilot in the North Africa-Italy theater and was credited with 50 combat missions during the year he served overseas. For his services he was awarded the Air Medal with eight Oak Leaf Clusters.

He was on inactive duty from the fall of 1945 until last September while resuming his studies at Ohio State University. A graduate of West High School, Lt. Lamb has completed two years of study in the college of engineering at OSU.

He does not know what type of assignment he will get in Korea but assumes that it may be civil government work under the infantry. He reports to Camp Stoneman, San Francisco, this week, where he expects to remain two weeks or more before going aboard ship for his new assignment.

He is the son of Mr. and Mrs. Logan C. Lamb of the S. Harris-av. address.

community has long been a number one problem for residents of the area. The Real-Bow Improvement Association was organized a little more than a year ago with drainage as one of its objectives. George Wolfe, president of the group, has waged a constant campaign with county officials to get some relief for his people. The proposed system will provide for drainage of basements in that area, hitherto subject to flooding every time heavy rains fell.

In celebration of the headway gained, the association will have a big "victory social" at the Real-Bow Hall Saturday night when it is expected that a major portion of the residents of that area will be present.

Local Teacher

Miss Lovewell decided to go back to Cleveland to teach dancing after trying her hand at several jobs in New York. In addition to her dancing career she also became an accomplished harpist and appeared in many musicals in and around Cleveland.

She came to the Hilltop seven years ago after having taught and had an interest in a string of studios in Huntington and Ft. Pleasant, W. Va., Marietta and other southern Ohio towns. She teaches close to 200 pupils and does all of the work herself. She specializes in tap and ballet although she has had classes in ballroom and lariat twirling, and recently took up gun twirling.

Among her dance pupils have been such well-known names as Bill Masters, Sue Elman and Jerry Ruesch. Jerry was a pupil when she was still at Marietta. He has been doing parts in Hollywood and is to have a role in Eddie Cantor's forthcoming picture. Her pupils have danced in hundreds of local entertainments, including the Hilltop Minstrel shows.

Miss Lovewell believes that instruction in dancing gives the child poise, teaches rhythm and coordination and establishes the habit of thinking quickly.

When she has the time she enjoys bowling as a hobby.

Your Weekly Newspaper

The state newspaper convention being held at the Deshler Wallick Hotel this week recalls some of the many phases of community life that are touched by the weekly press of the state and nation.

There are, according to recent figures, 9,500 weekly, semi-weekly and tri-weekly newspapers in the United States, reaching over 15,000 small towns, suburban and rural communities. The State of Ohio supports 283 weekly papers.

These 9,500 papers have a circulation of 18,000,000 copies. They are read by an estimated 70 million persons (one-half of the entire population of the United States).

The payrolls for weekly newspaper plants (not including publishers or owners) totals an estimated \$1,532,200 each week, or \$79,674,400 per year. The total property value (real estate, equipment, supplies, etc.), plus business value in the entire weekly newspaper publishing industry, is estimated at more than \$400,000,000.

The weekly press goes down into the "grass roots" phases of our national life. It is the voice of the farmer, the barber, the bricklayer—the men who live by the work of their hands. With few exceptions it is the factors that unifies and coordinates the interests and desires of the community. It is the safety valve of public opinion—the strongest factor in this democracy of ours.

Down where the weekly newspaper is read, originate the ideas that later form the pattern for legislation in our state capitals and in Washington. The fact that there are so many small publications scattered across the land insures freedom from pressure or prejudice of "powerful" interests. The weekly paper is free to "speak its piece" because it is owned by an independent business man the same as the filling station, the grocery store or the shoe repairman's shop.

The weekly press is typically American in the same manner that love for freedom and independence have characterized the pattern of American life from its very beginning. May it ever be thus.

To the Senior Skating Party
"Hearts and Darts"
You want to be there when the
fun starts.

Greetings friends! We wish to take this opportunity to commend those people who belong to band and orchestra who were awarded letters in the February 5 assembly. They are: Jean Henderson, Donna Hartley, Ray Brooks, Dave Kiner, Donn Rice, Gene Gressel, Jim Blackwell.

The big question this week is, who will be Cupid and Cupidette at the "Hearts and Darts" skating party this evening. It might be you, so don't miss this gala event.

All of you interested in music be sure to enter the best review in the contest, sponsored by the Columbus Philharmonic. The Philharmonic will be at West tomorrow afternoon, Feb. 14. We consider this quite the opportunity to hear some wonderful music.

Winter has really hit old Chris Columbus and with it has come that stimulating pastime, ice skating. From what we hear Westgate pond has been covered with future Sonja Henies. We see Happy Hudson and Mary Miller skimming over the ice, and Curt Westernman and Jim Slager. Both these fellows seem to have had slight accidents and are RESTING on the ice. Skating accidents can be serious so be careful kids. Nonie Harper injured her foot last week skating and we're glad to report she is said to be in fine condition.

Don Borrer was heard remarking in the halls that now he knows what is wrong with his personality, after the assembly we had on "Charm and Personality." Poor Don, we feel for you.

Keep Mar. 6 and 7 open for that show of all shows—Band Variety. Better get your ticket as soon as they are on sale because all seats are reserved.

Let's back the team to win the Linden McKinley game tomorrow night.

Be seen! you.

Life Isn't Always Routine

During those seven months in Tunisia olive grove a number of incidents creep up which afforded good healthy guffaws and helped relieve the boredom of routine activity.

The case of "One Man Daughtery" was one of the more hilarious.

He derived his nickname from the fact that every time the first sergeant called for a detail of one man, Daughtery willingly volunteered.

He became the first sergeant's regular "one man" detail. He carried a water, shined shoes, and kept the tent clean.

Washed clothes and generally did all the sergeant's chores. As a reward for being completely subservient, he had been every soft job the company had to offer.

Building up to his troubles. He was called to death. From one of the men an anonymous note would chirp, "Give me one man." The answer would chant "Daughtery." The voices gained in volume until the din was terrific. This went on alternately for weeks.

From the whole row of details at work, and from every place men gathered, the routine was repeated. The name "Daughtery" filled the air. Finally, "One Man Daughtery" took the hint, quit his job and was restored to the good graces of the company.

Synthetic Air Raid
The area across the road was the site of our outdoor movies. The sound could easily be heard in the tent. When we had a movie, practically everybody except the guards would go, leaving the area nearly deserted. One night two of the fellows decided to pass up the show to write letters. They were both of a rather jittery nature, not nervous—just plain scared. Every little thing

that took place upset them. What happened that night could have happened only to them. The picture across the street was a wall picture and, in the course of the plot, London was bombed. The sound floating into the tent carried plainly the wall of the siren announcing the start of the raid. The two in the tent thought it was the real thing. They dutifully donned gas masks and steel helmets, then made their way to one of the air raid shelters. There, covered with goose pimples, they crouched, while across the road, the picture ground on. Not hearing an "all clear," they remained in the shelter until GI's returning from the show found them huddled there. The shelters hadn't been used in months and were half filled with water. Both boys were quite wet and quite chagrined as they climbed out.

Bakers Lose Pies
This final episode comes under the heading of "now it can be told." Two high ranking non-coms were bakers in civilian life. They wangled permission to build an improvised field oven and bake pastries—not for the men, but for themselves and their circle of friends, which wasn't very large. The pies and cakes were also used as barter and these two gentlemen managed to lead a very pleasant life, with a number of luxuries. The delicious aroma emanating from the improvised bakery stirred up a little animosity on the part of the "have-nots" and a quiet resolve was made to do something. The bakers slept beside their pastries and guarded them zealously. However, one day a number of pies were transferred to the supply sergeant's tent. That night he went out and became engaged in a poker game, leaving the pies unguarded. The delicacies were lifted with Arab-like cunning and peach pie was enjoyed that night by a number of hungry GI's who hadn't eaten anything that good since leaving home. To add insult to injury, the empty pie tins were returned. A couple of bakers and a supply sergeant nearly had apoplexy when they discovered what had happened.

Smiles

A Navy lieutenant at a South Sea island station undertook to give an old native a lesson in basic English. He pointed at a

Marine and said "man."

The native dutifully repeated,

"That is the volunteer teacher."

He went on and pointed to a palm tree. "Tree,"

he announced. The native echoed, "tree." That certainly was

progress.

Just then a plane roared overhead. The lieutenant thought

he'd give the native the first chance this time. "What is that?" he asked, pointing upward.

"I'm not sure," said the native, as he stood up and squinted at the plane overhead. "It looks

like a PB27, but it might be a B-24."

A man had been waiting patiently in the post office, but could not attract the attention

of either of the girls behind the counter.

"The evening cloak," explained one of the girls, "was a redigote design in gorgeous lame brocade with fox fur and wide pagoda sleeves."

At this point the long-suffering customer broke in with:

"I wonder if you could provide me with a neat purple stam-
per with a shiny perforated be-
fore the tout ensemble, deliberately
treated on the reverse side with
mucilage. Something at about
3 cents."

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship among men. It is the only place where a man can find the true meaning of life. It is the only place where a man can find the true meaning of life. It is the only place where a man can find the true meaning of life.

Cowboys Drop 42-35 Game To Aquinas Friday Night

The Aquinas Terriers evened things up for the season by defeating West High on the local court Friday night before a well-filled house despite near-zero weather outside. The score was Aquinas 42, West 35. Earlier in the season the Cowboys had won a 48-43 victory.

The Terriers, trailing by one point at the halftime, set the pace in the third and fourth periods and played a tight zone defense which the Cowboys were never able to penetrate effectively. Boland led the scoring with 14 points but McQuade with 11 and Pat Tonti with 9 points each contributed much to the Terrier win. Paul Theisen was again high-point man for West with 12 while Jack Thrush was close behind with 10.

The Cowboys engaged North on the Polar Bear court Tuesday night. (For an account of this game, see section A of today's Hilltop Record). On Friday night Linden McKinley came to the Hilltop.

The league play will come to an end the following week when West visits Central on Tuesday and then rings down the curtain with South coming to the Cowbo court the following Friday night.

Again Walter Hicks was kept "bottled up" by the Terrier defense all through the evening. All except one of the few shots he did get at the bucket were misses, with the result that he made only three points during the game.

Few Fouls Called
Aquinas got off to an early five-point lead in the opening period only to have the Cowboys on ahead 10 to 5 at the end of the quarter. Only one foul was called in the entire first half, that against Paul Theisen. As a matter of fact only nine fouls were called against each team in the entire game.

Not a single substitution was made on the Aquinas team and only Ralph Watts for the Cowboys entered the contest in addition to the starting quintet.

In the preliminary game Dick Culbertson took scoring honors as the Cowboys defeated the Terriers 34-28.

Score at end of each period:
Aquinas 17, 17, 30, 42
West 10, 13, 25, 35

Officials: Kotzba and Jones.

Hilltop Delivery Service Is Needed

It appears that there is need of a Hilltop delivery service and therein an opportunity for some aggressive young man or men to go into business in this community.

Merchants of the community are interested in expanding their delivery services and many would take advantage of an opportunity to offer delivery service if some system could be developed here, whereby one firm could deliver merchandise for several local businesses. The plan merits investigation.

Donate 12 Trucks For Paper Drive

A total of 12 large trucks has been engaged to aid in collecting paper in the big West High Booster Club drive to be conducted on the Hilltop. A goal of \$1000 worth of paper has been set by the committee headed by Jack Sensenbrenner.

Proceeds will be used to provide improvements for Magly Field.

All of the trucks and in some cases the services of the drivers are being donated by the firms listed below:

West Side Lumber Co., J. W. Sly, driver; Jones Lumber Co., Dale Rose, driver; Home Owners Supply, Bill Simonin, driver; David Davies (two trucks), Bob Christman and Bob Case, drivers; C. E. & L. Truck Lines, owned by Al H. Gossett, 28 N. Ocean-av (drivers will be supplied by the firm); Indianapolis Paper Co. (three trucks), George Williams, Mack Pemberton and Gil Buckingham, drivers; Falcon Warehouse, Dick Francis, driver.

Three members of the club will be interviewed by Fern Sharp over Station WBNS on her 3 p. m. broadcast on Monday.

Appearing on the broadcast will be Dick Francis, president of the club, Mack Pemberton, West High football coach, and Jack Sensenbrenner, chairman of the drive.

COWBOYS BID FOR SECOND PLACE IN CITY LEAGUE

The West High Cowboys served notice on the City Basketball League Tuesday night that they intend to claim a runner-up spot in the lopsided race that will come to an end tomorrow night. The Hilltoppers scored a decisive 35 to 33 victory over the league leaders, Central High, at the downtown court.

West will ring down the curtain on the 1946-47 season tomorrow night when the unpredictable South High Bulldogs come to the Hilltop. A win for

Coach George Williams' boys could result in a three-way tie for second place in the league standings since North has already completed its schedule. The championship will be decided at East when the Tigers and Pirates battle it out for the No. 1 spot.

The Cowboys played an inspired game all evening with the scoring being well divided among the five players. Paul Theisen and Don Anderson were the sparkplugs, playing an aggressive game and riding material in controlling the shots off the board. It was that department of play more than any other that threw Central off stride, and made the Pirates look like a second rate club.

Scoring honors were evenly divided between Jack Thrush and Theisen with 15 each. Thrush was guarded very closely by Jackson all evening and as a result did not get the usual number of shots at the basket but was effective when he got "in." Theisen made several beautiful shots from out

contributed eight points each and although Hicks was kept covered effectively all evening he managed to add five points. El Sahar, playing a relief role in the final period, made four free throws in as many tries.

The Cowboys came close to shutting out the Pirates in the third quarter when they held them to a single bucket and two free throws while they were adding 17 points. Jumping into an early lead West set the pace all the way.

Readout Clicked

Readout got "hot" in the final period to drop in five baskets to bring his total to 13 points for the evening. He was Central's best scorer. Pernil Hertz was held to four and Jackson got six for the evening.

Coach Williams, realizing he had a winning combination on the floor, did not substitute a man until the fourth period was well under way and the outcome was in little doubt. Central was running men in and out all through the evening in a futile effort to hit on an effective combination.

The Pirates reserves outplayed West to gain a 42-38 victory. Central has not been defeated all season. Speakman came through with 18 points to lead the West scoring.

HCC To Confer With Managers

A survey of the movies presented at three Hilltop theaters during the past two months started a lively and interesting discussion at the monthly meeting of the Hilltop Community Council held at the Teen Canteen Thursday night.

Mrs. E. M. Bradford, Mrs. Earl Abram and Mrs. E. F. Thompson made extensive reports on the movies shown.

It was unanimously agreed that the owners and managers of the theaters should be contacted in an effort to present

Local theater operators contacted in connection with the council's action expressed a willingness to "talk things over" with the HCC representatives in an effort to make improvements if possible.

George Pekras, owner of the Ritz and Rivoli Theaters, said he would be glad to talk with the committee at any time. He pointed out, however, that the scarcity of good pictures and the limited number of movies shown made it difficult for operators to book pictures to their own satisfaction.

John Hardgrove, a representative of the Academy Theaters, of which the Westmont is a member, said:

"We operate our theater for the entertainment of the public. We are interested in pleasing our patrons. We will cooperate wholeheartedly with this committee in the betterment of the Hilltop."

more suitable programs, especially with regard to the groupings of so-called "double feature" programs over week-

Philip Stout, president of the council, reported on the meeting of representatives of many Hilltop organizations, held last Wednesday in furthering a prospectus for a community center for the Hilltop.

Approves Safety Plan
The council adopted the 14-point traffic program recently proposed by the Hilltop Business Association, with the addition of 15th point—better and more appropriate street lighting.

The meeting was well attended. There were representatives from a number of Hilltop organizations that had not previously attended. Further plans for the Teen Canteen were also discussed.

Charles Reichelderfer will head the committee planning the memorial day celebration this year.

Consent Needed To Erect Sign

Formal permission of the New York Central Railroad to place a traffic warning sign on W. Broad-st has not been received by Safety Director C. C. Cole. In the absence of this approval the city has not started work on the sign.

Upon recommendation of the safety committee of the Hilltop Business Association, an illuminated sign would advise motorists approaching from the west to slow down as they enter the Hilltop. Curtis G. Wilcox presented the plan to city officials two weeks ago with the request that action be taken on it. Cole's letter to the railroad company had not been answered on Tuesday of this week although it is believed that a favorable reply will be forthcoming.

Record Wins 2 Firsts In Ohio Newspaper Competition Here

The position of The Hilltop Record among the outstanding weekly papers in the state was emphasized last week when it was selected as first place winner in two classifications in the Oman C. Hooper Newspaper Show held at the Cashier Wallick Hotel in connection with the Ohio Newspaper Convention.

Top honors were won by the Record for the best use of local art (pictures) and for having published the most outstanding special edition during the year. The special edition was occasioned by the opening of the new Hilltop Record Building, 2465 W. Broad-st, the most modern weekly newspaper office in the state.

For many months the Record has been outstanding in the number of local pictures published each week. This feature is just one of the many that go to make the paper one of the finest in the state.

VFW Group Celebrates 10th Anniversary

Camp Chase Post Meeting Is Tomorrow

The next regular meeting of Camp Chase Post No. 98, American Legion, will be held Friday, Feb. 21, 8:15 p. m., at post headquarters.

Capt. Madigan will answer any questions relative to the current recruiting program. Ex-service men and women as well as any other interested persons are invited to attend.

Red Cross To Launch Drive Here Feb. 26

Volunteer Red Cross fund solicitors were given their final instructions Tuesday afternoon in a meeting at Glenwood Church in preparation for launching the 1947 drive next Wednesday.

The drive will be officially launched at a "kick off" rally to be held in the governor's reception room at the State Capitol Wednesday evening from 8 to 8:30 o'clock. Speakers will be Gov. Thomas Herbert and George S. Hoster, campaign chairman.

The Capital University Chapel Choir will sing several selections. The entire program is open to the public. It will be broadcast by Stations WBNS, WELD, WHKC and WCWL. WOSU will broadcast a transcription of the program Thursday evening from 8 to 9:30 o'clock.

Mrs. C. E. McKee, 825 S. Roys-av, colonel for the Hilltop, will be assisted by Mrs. Leonard Wisdom, 254 N. Harris-av, in the capacity of co-colonel. Mrs. Harold Kay, 91 Schultz-av, heads the Valley group.

Other volunteers in the Valley group are as follows: Majors—Mrs. R. M. Doughty, 328 S. Central-av, Harold C. Kay, 91 Schultz-av.

Hilltop Honor Roll Being Retired By Legion Officials

The Hilltop Honor Roll that has published the names of men and women as they entered the services of their country during the past four years is being dismantled. Officials of the Camp Chase Post No. 98, American Legion, announced this week that following advice from national headquarters, the names are being removed and the honor roll will be retired.

The board was erected in Glenwood Park just at the crest of the hill by the local legion post and was financed by funds contributed by residents of the Hilltop. It was dedicated July 4, 1943.

More than 3000 names have appeared on the board since its construction and names of service men and women are still being added. Legion officials said.

Names being removed from the board will be placed in the new Memorial Hall to be built by the legion at some future date. Arthur J. Bellar, chairman of the honor roll committee, said that over \$100 in cash still remains in the fund. This will be used to pay the expense of putting these names in shape and placing the honor roll in its new home.

Bellar expressed his appreciation to all who had cooperated to make possible one of the finest honor rolls in the city. Other members of the committee were D. C. Finneran, C. Carlton Hartley, Edgar G. Planck, Chester W. Wagner, Larry Scates, Elmer Young, Robert Jones and Harry B. Lundberg.

The city has given Camp Chase Post permission to leave the sign in Glenwood Park to be used for publicizing safety drives, membership, Community Fund and Red Cross drives.

Richard Counts, Seaman 2/c, with the U. S. Navy at Adak, Alaska, was visiting a few days in this week with his grandmother, Mrs. Della Counts, and his aunt and uncle, Mr. and Mrs. John Birkenbach, both of 52 N. Eureka-av. He was called home at the death of his father, Raymond P. Counts, who died Feb. 4 of a heart attack while bowling at the Riverview Recreation Co., 595 W. Goodale-st.

The Knights of Columbus Council 2898 took in a class of new members last Saturday.

"Church Attendance Lifts Us Above Things Of Everyday Life," Business Man Asserts

EDITOR'S NOTE: This is the first in a series of interviews with prominent laymen in local churches in connection with the "go to church" campaign being sponsored by the churches and business and civic organizations.

"Attendance at the Divine service of the church lifts us above the everyday things of life," is the way Franklin Sparks, prominent business man on the Hilltop, expresses his feeling concerning the value of the church.

"All of us need spiritual guidance. We feel the need within ourselves for the things the church has to offer."

Sparks is credited with being one of the originators of the idea for the community-wide "go to church" campaign being launched in the churches of all faiths on the Hilltop this Sunday. The campaign will receive special emphasis from now through Easter Sunday.

Planned by a committee representing the Hilltop Ministerial Association and local business men, the program has been en-

dorsed and financially supported by the Hilltop Business Association, the Hilltop Kiwanis Club and the Hilltop Community Council. Twenty-five local churches are co-operating.

Stickers suitable for the home, car windows and for use in business places are being distributed this week to publicize the effort to encourage church attendance. Each cooperating church will conduct a program to tie in with the community-wide effort.

Sparks who is operator of the Hazards Market, 2810 W. Broad-st, is a member of the Hillcrest Baptist Church. He is at present a member of the trustee board and has served on various committees in connection with church work. He and his family have always attended church. They have been members of the Hillcrest church since moving to Columbus in 1931. Mrs. Sparks formerly taught a class in the Sunday school and has been active in the women's organi-

He Heads Group Planning Dinner

Robert Case

Robert Case, 87 N. Westmoor-av, is serving as general chairman in charge of the second annual banquet for the West High School basketball team. The dinner is put on by the West High Boosters Club and will be held this year on March 12 at Westgate Methodist Church, 345 S. Brinker-av, starting at 7 o'clock.

William Bernlohr, athletic director at Capital University, and Otto H. Magly, a former West principal, will be the speakers. M. E. (Jack) Sensenbrenner will serve as master of ceremonies.

Thirty members of this year's varsity and reserve squads and their girl friends will be guests of honor at the occasion as will the coaches, George Williams and Fred Heischman.

A highlight of the evening will be the selection (by vote of the players themselves) of the most outstanding player on the squad. A gold basketball will be given to the player so chosen.

Local Man Is Badly Hurt At Crossing

Edward Holbrook, 27, 2649 W. Broad-st, was still in a serious condition at Mt. Carmel Hospital following a close brush with death when the gasoline truck he was driving crashed into the mail car of the Pennsylvania Railroad crossing Saturday night.

Thrown about 80 feet by the impact of the crash, he suffered fractures of the left shoulder and skull and multiple bruises. The truck's engine was hurled approximately 75 feet from the spot at which the crash occurred and the generator and other wreckage from the mail car were strewn along the track.

The crossing is not protected by flashers and has been the scene of several fatal crashes in recent years. On Dec. 2, 1946, Percy H. Hogg, late of 4328 W. Broad-st, was killed at the crossing when his car struck a freight train.

Two near-fatal accidents at the Georgesville-rd crossing of the New York Central recently brought a quick promise from officials of that company that flasher warning signals would be installed there in the very near future.

The Jeffersonian was 30 minutes late on a run from St. Louis to Columbus, according to S. L. McCoy, 144 Binns-bld, engineer of the train. Both he and Donald Calloway, the fireman, said they did not see the lights of the truck. The Standard Oil Co. truck was only partly loaded with gasoline. Passengers in the train reported smelling gasoline fumes immediately following the crash but fortunately they were not injured.

Committee Named To Study Needs

Erection of a Community Center on the Hilltop was discussed by representatives of several organizations meeting at West High School last Wednesday night.

The meeting was called by C. Carlton Hartley, chairman of the Civic Committee of the HBA. It was pointed out that the association is interested in getting a cross section of opinion of Hilltop residents as to the feasibility of erecting a large community center that would house a community center to be used by all organizations of the community.

Vernon Fiscus, commander of Camp Chase Post of the American Legion, and Larry Scates, speaking for the post, pointed out that the post definitely plans to go ahead with the building of a Camp Chase Post home on the property located near Westmoor-av and Broad-st. Construction will be started as soon as building conditions permit.

Rev. A. J. Wold, Ray Burgoon, Robert Maxwell, Oscar Dildine, Jack Shank, Rulon Westlake, Phil Stout, Don Matthews, Robert Case, Mrs. Dennison, Jerry Spears, William Ferguson, Jos. M. Briggs and Mrs. Herron also expressed their opinions on the matter of erection of a fitting memorial.

Mathews and Ferguson, representing veterans of the late war, were explicit in their belief that veterans of the last war do not want memorials as such. If anything of this type is to be erected it should be something the community can use to good advantage of all, they point out.

Rev. Wold pointed to examples of other cities where numerous memorial projects have been undertaken and none of them resulting in a building sufficiently useful to meet the needs of the community. He expressed the belief that the community would do well to investigate the feasibility of building a large community center.

A committee to investigate the matter further has been appointed and will make a report in the near future. Invited to serve on this committee will be Rev. Wold, Edg. Planck, Jerry Spears, William Ferguson, Mrs. Herron, Hartley and a representative to be named from the American Legion.

Leadership Course Offered To Scouters

An advanced leaders' training course will open tonight at the Westgate Methodist Church, 345 S. Brinker-av, for all scout workers in the Southwest District.

Cy Rawling, 821 Chesterhire-rd, leadership training chairman, said that the course is open to men who have had basic training in scouting only. The classes will start at 7:30 o'clock and will continue for a total of five weeks.

Scoutmasters Ralph Hart and Cecil Cope have arranged for the Southwest District Boy Scouts to hold a movie party for all scouts who participated in the distribution of smoke control literature Wednesday evening, Feb. 20, at the Camp Chase Post, 10 S. Burgess-av. The program will start at 7 o'clock.

"that's a fine home you're building!"

YES, I think I'm going to like it.

I wish I had a home of my own.

Well, why not?

My wife has the idea that it would be a great worry if anything happened to me.

Nothing to it, my boy. The arrangements I've made with the SUN LIFE OF CANADA will clear the mortgage in the event of my untimely death.

I never thought of that. What about the cost?

Insignificant! In fact, it adds very little to the carrying charge of the mortgage.

If you are a home-owner, make your investment safe for posterity. A SUN LIFE man will be glad to talk it over with you.

Church Attend.

(Continued from Page 1A)
The Sparks family gained state-wide recognition in 1940 when they were selected as the "typical Ohio family" in connection with a promotion program sponsored by the Columbus Dispatch. There are two children, Betsy Ann, a senior at West High School, and Ed, a freshman at Ohio University.

Father and Son in Service
Both the father and son served in World War II. Ed was in the navy while his father spent two years in the army, first with the 16th Armored Division and later with the provost marshal's office.

Mr. Sparks bought the local food market in October of 1945 following his discharge from the service. At present he and Charlie Kent are building a new super market a little farther west on Broad-st.

In addition to his business and church responsibilities he finds time to serve as business advancement chairman in the Hilltop Business Association; director of the Hilltop Kiwanis Club; vice-president of the Retail Grocers' Association, and membership in the West Gate Lodge, Aladdin Temple, Scioto Consistory and Amvets Post No. 55.

The Sparks family lives at 108 N. Roys-av.

Walker Opens Studio Monday

Edward Walker

Edward Walker, a former professional dancer and a dancing teacher in Columbus Ohio five years, opened his own studios at 18 N. High-st Monday of this week. He lives at 240 Demorest-rd.

The new dance school, to be known as Edward Walker Dance Studio, will offer instruction in all types of tap and ballroom dancing.

Discharged from the U. S. Army with the rank of captain a year and a half ago, Walker was a member of the 107th Cavalry, received Ranger training in Hawaii and was assigned successively to Samoa, New Hebrides, Guadalcanal and Munda, where he was wounded in combat. Later he was made a special service officer for the island of New Caledonia, where he directed USO entertainers.

A graduate of West High School, he attended Ohio State University where he majored in music. Professionally he toured the country as a member of the dance team of Van and Walker with Bunny Berrigan and Bob Crosby's orchestras.

Local Students Make Honor Roll

Honor roll students for the autumn quarter at Ohio State University's college of engineering included several Hilltop and West Side students.

Included in the group with averages of 3.30 to 3.49 points out of a possible 4.00 were Paul Caris, 118 Maple-dr; Jean G. Chevalier, 431 Columbian-av; Merrill D. Colmery, 2381 Apple-st; George W. Luebering, 275 S. Roys-av; and Floyd E. Spellman, 158 W. Warren-av.

Part Of Stolen Loot Is Recovered By Police

A typewriter and adding machine, stolen from Shank and Saunders, 2459 W. Broad-st, two weeks ago, were recovered this week with the arrest of a North Side man and woman. At the same time 15 other burglaries and at least one armed robbery case were solved.

According to Sgt. J. D. Redmond, Walter Swyer and Dorothy Two, whose address was given as 2855 Melba-av, were being held by police in connection with the robberies. The couple was picked up last Friday by sheriff's deputies. Some of the stolen articles were found in the car and others in the home.

The same night that Shank and Saunders' office was broken into, \$29 was stolen from the grocery store at Steele and Eureka-avs. Detectives Del Wilkins, Baker and Sgt. John Bethel were working on the cases.

Two Local Girls To Dance For Show

Connie Sonner and Donna McKnight, members of the Columbus Roller Club at Greystone Skating Rink, will dance for the skating folio show which will be held Wednesday and Thursday nights at 9:30 o'clock. The proceeds will go for the infantile paralysis fund.

OBITUARY

On Tuesday evening, Feb. 4th, in the midst of pleasure, our hearts were turned to sorrow as the angel of death suddenly came to earth, and took from us a loved one.

Again we are reminded that the Reaper garners in his sheaves one by one.

Raymond P. Counts was born March 14th, 1902, and passed away of a heart attack on Tuesday evening, Feb. 4th, 1947, at the age of 44 years, 10 months and 21 days.

His family and friends were shocked by his sudden death. They had been blessed by having him in their midst although it seemed but a short time. In sorrow like this we can look to God who gave for it is God's plan and his divine way behind each tear he has promised sunshine and for every heartache, joy. And some day we shall know God as he is, and see him face to face with our loved one, where sorrow cannot reach him now.

Mr. Counts was a checker for the Columbus Coated Fabrics Co., where he had worked for 11 years.

He was united in marriage to Ruth Chin and to this union one child was born—a son, Richard, who is with the U. S. Navy at Adak, Alaska, but was called home at the death of his father.

If we could know beyond today As God doth know, Why dearest treasures pass away And tears must flow, And why the darkness leads to light

Why dreary paths will soon grow bright Some day life's wrongs will be made right, Faith tells us so.

He leaves to mourn his loss a wife, Ruth, a son, Richard, a mother, Mrs. Della Counts, and a sister, Mrs. John Birkenbach, besides a large circle of other relatives and friends.

His funeral was held Sat., Feb. 8, 1947, at the Carroll Weir Funeral Home at 1 o'clock, with Rev. Schoof officiating.

Burial in Summerford Cemetery with Carroll Weir in charge.

Mother, Sister, Wife and Son.

CARD OF THANKS

We wish to thank our kind friends and neighbors for their acts of love and sympathy during the recent loss of Husband, Son and Brother, Harry E. Taylor, and also extend our thanks for the beautiful floral tributes to our loved one.

Leo Phillips Home Ransacked Saturday

The house of Detective Sgt. Leo Phillips, 617 S. Ogden-av., was ransacked from basement to attic Saturday night when thieves broke into the house while the family was away. Items valued at \$66 were stolen from the home.

Phillips said that entrance was gained by breaking open the rear door. A systematic search of every drawer and cupboard in the house was made for valuables. Contents were strewn all over the floor as the thieves went from room to room.

Included in the loot were \$10, taken from Mrs. Phillips' purse, Sgt. Phillips' service revolver, blackjack and handcuffs.

The same evening thieves entered the home of Ralph Autrey, 508 S. Ogden-av., just a block from the Phillips home, and stole a camera, binoculars, pistol, a shotgun and four silver dollars.

Approval Is Given Church Project Here

Approval of the CPA was granted to the Hilltop Community Church last week to continue construction of the new church building at 179 N. Huron-av up to an amount of \$12,000.

The basement part of the building was erected in 1941, work having been halted when the war started. Since that time services have been held in that part of the building.

Original estimates call for an expenditure of \$30,000 on the entire building. It is believed that more than \$22,000 will be needed to complete the job.

Since work was halted on the building, the congregation has raised more than \$11,000 in a building fund in addition to buying a paragon at 184 N. Roys-av.

At a meeting of church officers held Monday night it was decided to start immediately on the second unit of the building program. This portion of the work, estimated to cost \$12,000, will include completion of the superstructure of the building and the addition back of the present pulpit.

Finishing of the auditorium proper will be done at a later time.

West High Teacher Returns From U. S. Naval Command

From the command of an eight-vessel escort division to a class room at West High School is the recent experience of Irven Cammarn, a former commander in the United States Navy whose terminal leave just expired on Tuesday of this week.

The six years and more that he spent on active duty will not be forgotten entirely though, for, effective this week, he takes charge of all the Naval Reserve activity in the Columbus area. A former executive officer on

Irven Cammarn

the USS Kane, Cammarn went into active service in 1940 after serving in the Naval Reserve since 1925. After 11 months aboard the famous destroyer, prior to Pearl Harbor, he spent considerable time in the anti-submarine warfare in the Atlantic.

Commanded Kephart

After attending command school in Miami, he was placed in command of the Kephart, a destroyer escort. His ship made two crossings of the Atlantic Ocean and then in July of 1944 he went to the South Pacific in charge of a destroyer transport. Over there he took part in 10 amphibious assault landings and was awarded the Bronze Star for not losing a ship or a single man in the Ormoc Bay landing, the toughest of them all.

Following these landings Cammarn was sent back to the States and was next placed in command of Escort Division 31 in September of 1945. Later he commanded the Escort Division 82 and later Division 4 in training maneuvers in the Atlantic. While in charge of the later division he was responsible for the safety of more than \$47,000,000 worth of naval equipment.

Before his detachment from service on Dec. 19, 1946, he was serving as administrative senior officer and commander of the fleet training center at Charleston, S. C.

He has been a teacher in the Columbus school system since 1924 and is a former physical education director at Roosevelt Junior High School. He is married and has a son, Irven, Jr., a 12A student at North High School. The Cammarns live at 142 Brighton-rd.

James Cain Goes To N. Y. This Week

James Cain, a senior at West High School will leave for New York City today for a week-end in the music center of the country. On Sunday afternoon he will attend the radio broadcast of the NBC orchestra under Arturo Toscanini.

Arrangements for attending the broadcast are being made through Olin Downes, music critic of the New York Times. James hopes to have an interview with Mr. Downes before coming back to Columbus.

Young Cain is the assistant librarian for the Columbus Philharmonic Orchestra and is studying violin. He has ambitions of becoming a music critic. He has a collection of records of classical music that represents an investment of approximately \$500.

While interviewing Mr. Downes, he plans to present him with some of the recordings of the works of the Columbus Philharmonic.

He is the son of Mr. and Mrs. Alfred Cain, 180 S. Harris-av.

Columbus Philharmonic Brings Good Music To West High School Students

By Elizabeth Downing

What might be termed by some as "deep" music, afforded the students of West High School much enjoyment Friday afternoon when Olin Downes presented the Columbus Philharmonic Orchestra in a young people's concert broadcast over WOSU from the local school.

Before the actual broadcast, the orchestra held a practice session, at which the junior high pupils comprised the audience. For the last selection of the practice Mr. Solomon said, "Well, to make this practice legitimate, I guess I'll take off my coat."

Silence crept over the auditorium as John Glass, a West pupil, stood on the podium awaiting the signal to introduce Mr. Solomon. The conductor opened the broadcast by telling the story behind the first selection. The light, gay melodies seemed to be the most popular among the students and the conductor directed with such ease and grace that at times it seemed to be almost an abandon. When conducting a fast piece of music his thick wiry hair falls into his eyes, giving him the appearance of a "movie version" director.

The orchestra is composed of

80 musicians, both men and women.

The program began with an "Evening Prayer" and "Dream Fantasia" from "Hansel and Gretel" by Engelbert Humperdinck; followed by the "Unfinished Symphony in B Minor" by Franz Schubert; the "Peer Gynt Suite No. 1" by Edvard Grieg; and the waltz, "Voices of Spring" by Johann Strauss. The finisher note was a novelty number which was quite popular with the audience.

A contest, to discover which student can write the best review of the concert, is being sponsored by the school. The winning review will be published in The Hilltop Record as soon as the selection has been made.

James Cain, a senior at West, and assistant librarian for the orchestra, leaves today for New York City, where he will attend the broadcast of the NBC orchestra under Arturo Toscanini. Olin Downes, a music critic of the New York Times, made the arrangements for attending the broadcast. Cain's ambition is to become a music critic and at present he is studying the violin.

Safety in the future is permanent, constructive thinking and planning. There are however, certain danger zones that must be protected by guards or signs.

Suburban Southwest—6 Acres

Here is a real suburban home that we are proud to show. It is located on bus line and about 10 minutes drive from Columbus, and consists of seven rooms and bath. The floors are all hardwood, and the house has all the modern conveniences of the city. The house sets well back from the road, which gives it a well kept appearance. The lawn is well shrubbed, and there is a lot of nice shade. A large barn, with a second floor that could be converted to living quarters, a big chicken house and other outbuildings, lends to that real suburban atmosphere. Owner would consider a trade for a brick row. Mr. Shoaf will give you details. Evenings phone RA. 8022.

Do You Want a Building Site At the Edge of Town?

Leo Phillips Home Ransacked Saturday

The house of Detective Sgt. Leo Phillips, 617 S. Ogden-av, was ransacked Saturday night when thieves broke into the home while the family was away. Items valued at \$65 were stolen from the home. Phillips said that entrance was gained by breaking open the rear door. A systematic search of every drawer and cupboard in the house was made for valuables. Contents were strewn all over the floor as the thieves went from room to room.

Included in the loot were \$10, taken from Mrs. Phillips' purse, Sgt. Phillips' service revolver, blackjack and handcuffs.

The same evening thieves entered the home of Ralph Autrey, 668 S. Ogden-av, just a block from the Phillips home, and stole a camera, binoculars, pistol, a shotgun and four silver dollars.

Approval Is Given Church Project Here

Approval of the CPA was granted to the Hilltop Community Church last week to continue construction of the new church building at 179 N. Huron-av up to an amount of \$12,000. The basement part of the building was erected in 1941, work having been halted when the war started. Since that time services have been held in that part of the building.

Original estimates call for an expenditure of \$30,000 on the entire building. It is believed that more than \$22,000 will be needed to complete the job. Since work was halted on the building, the congregation has raised more than \$11,000 in a building fund in addition to buying a paragon at 194 N. Roys-av.

At a meeting of church officers held Monday night it was decided to start immediately on the second unit of the building program. This portion of the work, estimated to cost \$12,000, will include completion of the superstructure of the building and the addition back of the present pulpit.

Finishing of the auditorium proper will be done at a later time.

West High Teacher Returns From U. S. Naval Command

From the command of an eight-vessel escort division to a class room at West High School is the recent experience of Irven Cammarn, a former commander in the United States Navy whose terminal leave just expired on Tuesday of this week.

The six years and more that he spent on active duty will not be forgotten entirely though, for, effective this week, he takes charge of all the Naval Reserve activity in the Columbus area. A former executive officer on

Irven Cammarn

the USS Kane, Cammarn went into active service in 1940 after serving in the Naval Reserve since 1925. After 11 months aboard the famous destroyer, prior to Pearl Harbor, he spent considerable time in the anti-submarine warfare in the Atlantic.

Commanded Kephart
After attending command school in Miami, he was placed in command of the Kephart, a destroyer escort. His ship made two crossings of the Atlantic Ocean and then in July of 1944 he went to the South Pacific in charge of a destroyer transport. Over there he took part in 10 amphibious assault landings and was awarded the Bronze Star for not losing a ship or a single man in the Ormoc Bay landing, the toughest of them all.

Following these landings Cammarn was sent back to the States and was next placed in command of Escort Division 31 in September of 1945. Later he commanded the Escort Division 62 and later Division 4 in training maneuvers in the Atlantic. While in charge of the later division he was responsible for the safety of more than \$47,000,000 worth of naval equipment.

Before his detachment from service on Dec. 18, 1946, he was serving as administrative senior officer and commander of the fleet training center at Charleston, S. C.

He has been a teacher in the Columbus school system since 1924 and is a former physical education director at Roosevelt Junior High School. He is married and has a son, Irven, Jr., a 12A student at North High School. The Cammarns live at 142 Brighton-rd.

Lester Robey, 2489 Chambers-rd, driver of the other car, suffered a cut on the chin. Mrs. Strauss was taken to Mt. Carmel Hospital.

Columbus Philharmonic Brings Good Music To West High School Students

By Elizabeth Downing

What might be termed by some as "deep" music, afforded the students of West High School much enjoyment Friday afternoon when Izler Solomon presented the Columbus Philharmonic Orchestra in a young people's concert broadcast over WOSU from the local school.

Before the actual broadcast, the orchestra held a practice session, at which the junior high pupils comprised the audience. For the last selection of the practice Mr. Solomon said, "Well, to make this practice legitimate, I guess I'll take off my coat."

Silence crept over the auditorium as John Glass, a West pupil, stood on the podium awaiting the signal to introduce Mr. Solomon. The conductor opened the broadcast by telling the story behind the first selection. The light, gay melodies seemed to be the most popular among the students and the conductor directed with such ease and grace that at times it seemed to be almost an abandon. When conducting a fast piece of music his thick wiry hair falls into his eyes, giving him the appearance of a "movie version" director.

The orchestra is composed of

80 musicians, both men and women.

The program began with an "Evening Prayer" and "Dream Fantasia" from "Hansel and Gretel" by Engelbert Humperdinck; followed by the "Unfinished Symphony in B Minor" by Franz Schubert; the "Peer Gynt Suite No. 1" by Edvard Grieg and the waltz, "Voices of Spring" by Johann Strauss. The finishing note was a novelty number which was quite popular with the audience.

A contest, to discover which student can write the best review of the concert, is being sponsored by the school. The winning review will be published in The Hilltop Record.

James Cain, a senior at West, and assistant librarian for the orchestra, leaves today for New York City, where he will attend the broadcast of the NBC orchestra under Arturo Toscanini. Olin Downes, a music critic of the New York Times, made the arrangements for attending the broadcast. Cain's ambition is to become a music critic and at present he is studying the violin.

Safety in the future is permanent, constructive thinking and planning. There are however, certain danger zones that must be protected by guards or signs.

Suburban Southwest—6 Acres

Here is a real suburban home that we are proud to show. It is located on bus line and about 10 minutes drive from Columbus, and consists of seven rooms and bath. The floors are all hardwood, and the house has all the modern conveniences of the city. The house sets well back from the road, which gives it a well kept appearance. The lawn is well shrubbed, and there is a lot of nice shade. A large barn, with a second floor that could be converted to living quarters, a big chicken house and other outbuildings, lends to that real suburban atmosphere. Owner would consider a trade for a brick row. Mr. Shoaf will give you details. Evenings phone RA. 8022.

SUNDAY LESSON

Law of Sacrifice Governs Those Who Follow the Saviour

The International Sunday School Lesson for Feb. 23
Scripture: John 10

If a public opinion poll should ask what passage in the Old Testament is considered most outstanding, a great majority of those questioned probably would name the 23rd Psalm—"The Shepherd Psalm."

That Psalm, with its imagery of the Lord as Shepherd, leading His own, feeding them, comforting them, surrounding their lives with goodness and mercy, and accompanying them even through the dark valley of death, has been written into the world's life and literature.

The words of Jesus concerning Himself as the Good Shepherd must be read, as they were originally heard, in relation to that Psalm. It was similar to every other of the Saviour's sayings. His listeners understood that the Master was identifying Himself with the Lord of that Shepherd Psalm, and His words intensified the strife and division concerning Him, some accepting His love and lordship, others saying, "He hath a devil."

Can a devil, believers asked, open the eyes of the blind? "These are not the words of him that hath a devil!" Did believers or unbelievers notice that Jesus had added something not in the Psalm? It was the reference to the sacrifice of the Shepherd himself. "The good shepherd giveth his life for the sheep."

"I am the good shepherd," said Jesus, thereby accepting for Himself that sacrificial mission, and expressing the realization that His ministry was to be fulfilled in His sacrificial death. There is tragedy as well as beauty associated with sheep and shepherd. Jesus faced the tragedy as well as the beauty.

A strange law of sacrifice runs through life. It is life's unexplained mystery, but it was the law of the life of the Good Shepherd. It must be the law of our lives if we would be like Him.

Good Friday Plans Made

Plans for the union Good Friday service were outlined at the Monday meeting of the Hilltop Ministerial Association held at Hoge Memorial Church.

The service will be held at Hoge Memorial from 1 to 3 p. m. with several local ministers taking part.

The "Go to church" program was officially launched at that time. The occasion was marked by the formation of a prayer circle with special prayers being offered by four of the ministers attending. Following the meeting the ministers started out to distribute the "go to church" stickers to be placed in windows of homes and business places.

Rev. Harold Dutt, president of the ministerial group, said that the campaign was aimed at popularizing church attendance. It is designed to interest non-church goers as well as those whose attendance is not regular.

Day Of Prayer To Be Held Here
The World Day of Prayer will be observed on the Hilltop Friday afternoon, starting at 1:45 o'clock. The service, planned by women of Hilltop churches, will be held at the Westgate Methodist Church, 345 S. Brinker-av.

Mrs. Cave pointed out that while the service is planned by women of the church it is open to men of the Hilltop as well. Ministers of local churches are particularly welcome. There will be a nursery where small children can be cared for during the service.

Rev. J. Herbert Goewey, pastor of the Hillcrest Baptist Church, will be the speaker. Mrs. J. F. Lorenz will be the organist. The "Christ of the East" while Mrs. W. O. Caldwell will direct the music.

Young people taking part are Carol Keller, Gene Pool, Jane Pryor, Robert Walker and Virginia Witherspoon.

Mrs. Cave made the following statement concerning the program and its purpose: "May the people of the Hilltop join in this universal service of worship of the church throughout the world, remembering one another with love."

LET'S ALL GO TO CHURCH

Campaign Extends from Sunday, Feb. 23 to April 6

Regular church attendance:

- 1. Lifts you above the everyday things of life.**
- 2. Makes you better fitted for your place in the life of the community.**
- 3. Makes a more desirable community in which to live.**

**Supported by 23 Churches
of All Faiths**

**A united community-wide effort embracing the
support of both Protestants and Catholics**

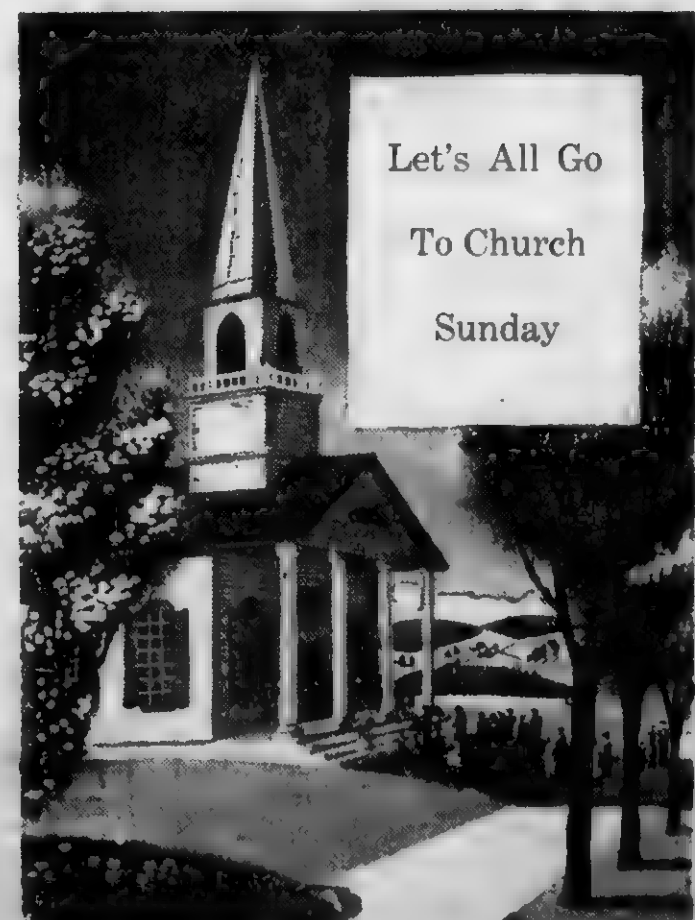

Sponsored by:

**Hilltop Kiwanis Club
Hilltop Business Association
Hilltop Community Council
Hilltop Ministerial Association**

Realizing the importance of church work in the life of the Hilltop community, business leaders have joined with ministers of local churches in promoting this "go to Church" campaign. It is the earnest hope of all concerned that the Hilltop will catch the spirit of this endeavor and that all might re-capture the significance of regular attendance at the worship services.

This is an inter-faith, inter-race and inter-denominational program. It has the positive endorsement of 23 of the community's churches plus the cooperation of the community's three leading civic groups.

Fifteen thousand two-color stickers will supplement this invitation to you to attend the "church of your choice" next Sunday and every Sunday through the Lenten Season. It is the firm belief of the planning committee that if this suggestion is followed, church attendance all through the coming year will reflect substantial increases.

Tuberculosis Control

Little known to most persons is the fact that although \$5,000,000 was spent by the 36 counties in the state for the care of tuberculosis patients in 1945, hospitalization was not adequate to care for many active cases.

Two basic reasons can be advanced for our inability to properly care for the tuberculosis sufferers: (1) insufficient hospital beds. The state needs an additional 1100, according to reliable estimates. (2) insufficient funds in the county budgets to pay the costs of hospitalization.

To this second reason might be added a third—that of misinformed or otherwise unfitted individuals serving on the boards of some of the hospitals. Examples of board members who have little or no understanding of the work that goes on in these hospitals are known in some parts of the state. Wages paid employees, and facilities available are totally inadequate for the work that needs to be done.

There are reportedly 35,000 active cases of tuberculosis in the state. At the present time there are only 3,500 hospital beds available to tubercular patients. In 29 of the counties there are sufficient beds most of the time, but the county cannot appropriate sufficient money to keep them operating. In 59 counties there are no beds whatever, and in almost every instance counties do not have enough money to contract for any bed which becomes available in a neighboring county institution.

Two bills have been introduced into the present session of the legislature. House Bill 113 calls for the establishment of five new tuberculosis hospitals to serve all portions of the state and to be open to any person suffering with tuberculosis. In each of these institutions the county of residence of the patient will be liable for the cost of the care of the patients.

House Bill 114 would provide money for the counties to give hospitalization to the tubercular and to remove the sources of tubercular infection from the community. The bill would give each county \$2.50 per patient per day for the cases that are hospitalized by that county. It is estimated that the cost of yearly care would amount to about \$2,000,000 on the basis of the present number of beds for tuberculosis cases.

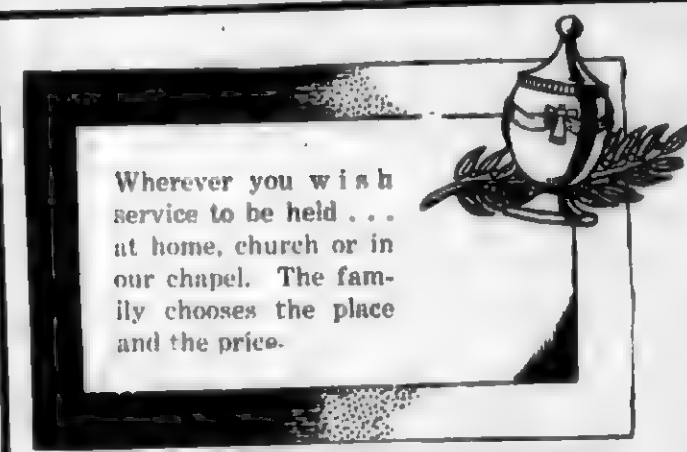

This is the time when some positive action should be taken to combat this health menace.

Around West High

By Janet Baker and Judy Jones

All you squares who like to cut a rug are cordially invited (for sixty cents) to attend the Hilltop Horizon Club Square Dance at the Y.W.C.A. this evening at 8 p. m. We hear that Pat West, Ann Herbert, and Lois Waters already have their tickets and are raring to go.

We saw just about everybody on the floor at the senior skating party last week. In case you missed the event, Elizabeth "Ditty" Barfield was elected Cupidette and Sam Richardson was crowned Cupid of the affair.

Congratulations are in order for the Hilltop Teen Canteen, they have been organized now for one whole year, and, we might add, are still going strong to give the kids one swell time.

Eva Burke's slogan is "Young today, Young forever." Don't worry, we didn't know what it meant either, till we realized the aid of Norma Cunningham.

Next Tuesday is P.T.A. night. The debate team, c. i., Jim Cockfield, Dick Edris, affirmative. Betty Van Atta, Bob Glasgow, negative, will hold a debate on "socialized medicine." Also the dramatics classes will present some humorous skits.

John Glass did a fine job of introducing Izler Solomon, conductor of the Columbus Philharmonic, when he appeared on our stage last week to conduct the orchestra in a Young People's Concert. This concert was certainly enjoyed and appreciated by all the students and faculty members.

Miss Glenn, modern language instructor, was really cracking down on her 8th period study the other day. All the girls who just couldn't refrain from talking were forced to stand by their seats. A few of those who were left standing for what seemed to them "an hour or so," were Mary Wilber, Betty Hamilton and Pat Connors.

Don't forget to keep March 6th and 7th open for the Big Band Variety Show.

See you at the South game.

Our Readers Say

Feb. 11, 1947

Editor Hilltop Record:

The Record comes as regular as clockwork, and how I appreciate it. As things go on a new job, one often moves and I have done it again so that I am now nearer to the college and my office. My address is now 21 Mt. Pleasant instead of 257 Main. I would appreciate it if you would change the plate. I trust that causes you no inconvenience.

It's wonderful to hear of doings in the community when one has as I have. The war didn't return me to "the best community on earth." The Record is a real link with home and having lived on the Hilltop for 13 years the Record is a passing panorama of the gang you were with in school and your many friends.

The best of everything for the paper's 30 years and let me say the Record has come faithfully every week on time.

Sincerely,
Dave Riggs,
Director Student Christian Association, Massachusetts State College, Amherst, Mass.

Teacher (pretty frantic) — I'm beside myself. I'm dazed and exasperated. I don't know what to do with you children.

A Little Girl (who has been on one of those juvenile advice hours)—Well, I think your problem could be solved by relaxing. You need more rest. If I were you I would.

Teacher — You children are awful. There is only one little boy in the class who is really intelligent and whose standing is high in all subjects. I am going to call on Jasper Loobey to show you how to answer questions.

A Little Boy — Jasper Loobey isn't here today. His mother asked me to tell you that she had to keep him out as he had to be on a Quiz Kid hour this afternoon. (Teacher jumps through the window screaming, "Wonderful! Perfect! That wins you 10 silver dollars.")

A Fine Soldier — The Tommy

Kel Fuller

I became well acquainted with several British soldiers when I was in Africa and respected them very much. Collectively, they are the exemplification of Kipling's "Tommy Atkins," the hard-bitten stoical professional soldier, who quietly curses his job, with some justice, but probably would admit any time that he would rather be "East of Suez."

Most of the men I met had seen so much foreign service that they had forgotten what home was like. They were soldiers of the legendary British Eighth Army which had been backed almost to Suez before rallying at El Alamein and chasing the German Afrika Korps out of Africa by the dint of considerable effort.

By being soldiers, in this sense of the word which means bearing, they invited a lot of respect. These men had been so thoroughly exposed to a rigid military way of life and seen so much action that their behavior was constructive so much, had mastered this art. They were fine men, never rowdy, but soft spoken; the hardness of their faces reflecting the bitterness of the action they had seen and their manner, though polite, never belied for a moment the steel like qualities of their fighting hearts. Heats that wouldn't quit at Dunkirk or during the scorching, soul searing campaigns back and forth across the African desert wastes, when the hope of Empire and the allied world rested squarely with these tired men, the only fighting force standing between Rome and Suez, the key to the Middle East and a link up, eventually, with Japan.

I have never been able to understand the attitude of those who have criticized the performance of the British Tommies in this war. Certainly any one who was associated with them in any phase of action had nothing but the best to report. It was true that the British moved slowly and cautiously and their equipment wasn't always on a par with ours, but this wasn't the fault of the individual soldier nor were the command functions, which at times seemed to us to be a bit over-cautious.

The average British soldier had to make the best of a lot much worse than the average American. His length of service was longer. His pay much less. His field rations infinitely worse than ours. He walked when we rode, because the British army doesn't have an over-abundance of transport. And he went to the guard house if he even looked as though

ate. He never had the secure knowledge that if he survived he would go back to a comfortable home and a comfortable way of life after the war was over. His constant danger of being bombed and he had the none too consoling knowledge that his homeland was being overrun by hordes of soldiers from a friendly country who had money in their pockets and were overtaxing the already strained economy. Is it any wonder he became "Bloody well browned off?"

I for one, think he did a fine job. It is my opinion that the criticism isn't general and any American who feels he did his fair share in this war will be the last one to speak disparagingly of his courageous ally or for that matter of any soldier who acquitted himself honorably in the service of his country.

West High Cowboys Defeat Linden McKinley 59 To 41

With only two more games remaining on the 1947 basketball schedule, West High School encountered little difficulty in downing Linden McKinley on the Hilltop court Friday night. The final score was 59 to 41.

Tuesday night the Cowboys meet Central on the downtown court in a crucial game. (For details on this game see Section A of today's Hilltop Record). The season will come to a close Friday night when the South Bulldogs visit the Hilltop. Previously West lost to Central by a 34-33 count and defeated South in an overtime contest, 32-31.

Jack Thrush and Walter Hicks learned up to share scoring honors with 16 points each in the McKinley victory. Paul Theisen

threw in nine and Chuck Weeks

Drawings for the Central District Class A Tournament will be held Saturday morning in Delaware, the scene of the 1947 playoffs. Eleven Greater Columbus teams are expected to enter the tourney that opens Tuesday, Feb. 25.

Other bookings are scheduled for Feb. 27, 28 and March 1, 2, 3 and 4. Newark is the defending champion. The winner of the district eliminations will enter the regional tourney to be held at Dayton. The state finals will then be played at the Coliseum on the fair grounds.

Williams Absent

The Cowboys were playing under the guidance of Fred Heischman, the assistant coach. Coach George Williams was recuperating at his home from a siege of flu and did not see the game.

The visitors matched point for point through the first frame and the score stood 13-13 at the end of the first quarter. During the second canto, the Cowboys upped the count to 31-21 as the rest period was reached. The outcome was never much in question during the second half as West continued to stretch the lead to 46-28 at the start of the final quarter.

In the preliminary game Linden upset the West Reserves 38 to 28.

Hilltop Horizon Club Has Square Dance Tonight

The Hilltop Horizon Club, a group of senior high school girls of the Camp Fire organization, is sponsoring an old-fashioned square dance this evening at the YWCA. The dance starts at 8 o'clock and tickets will be on sale at the door.

Mr. and Mrs. T. C. Herbert, 89 S. Richardson-av, are sponsors for the Hilltop group, and Judy Jones, 75 N. Ogden-av, is chairman. Robert Verbeck, an experienced recreation director, will be on hand with his Cowboy Band. Mr.

Verbeck, who gives instruction in how to do the dances as he calls them, especially enjoys working with family groups, and joins the Hilltop Horizon Club in inviting to this party young folks from 16 to 60. (Journal Photo)

"Fetch The Linament Mother, Pa's Practicin' For The Kiwanis Game"

By Curtis G. Wilcox

On Feb. 28 promptly at 8 p. m. at West High School the sound of the basketball swishing thru the net will become music in the old-timer-athletes of the Hilltop and Northwest Kiwanis Clubs. The occasion for this blood-tingling and thrilling contest will be the second annual basketball game between the two clubs. To the winner will go the championship of the city and a huge bronze trophy. Possession of the trophy is now held by the Hilltop club defeating the Northwest club last fall in a softball game 41 to 27. Due to the intense interest in these contests and the friendly spirit of competition the Kiwanians are practicing twice a week to perfect their game.

The stars of former years who will appear on the local squad are George Williams, coach; Mac Pemberton, coach; Dale Rose, Capital University; Jack Sensenbrenner, State of Ohio; Howard Davis, State of Ohio; Fred Warder, druggist; Jerry Watson, grocer; Morgan Murphy, Murphy's Service Station; Phil Stoul, attorney; Sam Alford, finance company; Bill Ewald, tailor; Dr. Fred Marsch, optometrist; Leo Phillips, police department, and Joe Agee.

Hilltop Record. H. F. (Farmer) Cunningham is again chairman of this event after having such a successful program last year. Herbert G. Decms will be the MC and will be assisted by cheerleaders Clarence Story, Noble Allen and John Kirkpatrick. Lee Koutz will add a little comedy between halves and it is being rumored that Uncle Charlie Kent and Joe Goodwin, the Sullivan-av pranksters, will have some part in the evening's entertainment. See your favorite Kiwanian now for tickets as the West High School gymnasium will only seat 1000 persons.

Bob Fette Makes 22 Points Wed.

Bob Fette chalked up 22 points in the Industrial League No. 4 last Wednesday night as he led Haas Brothers to a 44-13 win over Rogers. It gave the team its fifth win against one loss and a tie for first place in the loop. The former West High center is teamed with a group of former and present West athletes. Playing on the squad are Jerry Chinn, Jack Dale, Jim Dennis, Starling Hutt, Bob Jones, Jim Slager, Jim McCarty, Robin Schmidt and Gene Jacobs.

The single defeat was at the hands of the Mowaw five. There are four or five more games yet to be played.

Vol. XXX, No. 44

The Hilltop, Columbus, Ohio, Thursday, February 27, 1947

Entered as second class matter Jan. 23, 1946, at the Post Office, Columbus, O., under the act of March 3, 1879.

This One Didn't Get Away----Plan Fund Drive

Who wouldn't have a triumphant look on his face at being able to pose with this one? The beaming countenance is that of Hilltopper J. M. Allen who just recently landed the 59-pound sailfish shown beside him in southern waters near Ft. Lauderdale, Fla., where he is spending the winter.

Looking over the workers' materials for the 1947 Red Cross drive are the three colonels for the Hilltop and West Side. Shown in the above photo (left to right) are Mrs. C. E. McKee, 582 S. Roys-av., colonel for the Hilltop; Mrs. Harold Kay, 91 Schultz-av., colonel for the Valley group; and Mrs. Leonard Wisdom, 234 N. Harris-av., co-colonel for the Hilltop.

J. M. Allen Lands Prize Sailfish In Florida Waters

The "thrill of a lifetime" hardly describes the experience of J. M. Allen, 2456 W. Broad-st., who landed the prize sailfish of the season in the Ft. Lauderdale, Fla., area. The giant game fish brought in by the local fisherman weighed more than 59 pounds and measured seven feet, eight inches, from tip to tip.

It was Allen's first sailfish catch and needless to say he's having it mounted to bring back to the Hilltop when he returns on April 1.

The Ft. Lauderdale Chamber of Commerce issued him a special certificate and gave him a silver label pin for the prize catch so far this season. The catch was made on Feb. 4.

Mr. and Mrs. Allen have been in Florida since Jan. 18. Mr. Allen is the owner of the Allen Motor Co., 930 N. High-st.

Icy Streets Are Accident Cause

Icy streets gripped the Hilltop Monday afternoon on the heels of a snow blizzard making driving and walking hazardous. These accidents were reported by police as a result of slick streets.

Mrs. Darlene Axar, 18, of 465 Jackson-st., suffered a possible skull fracture when the auto she was driving skidded against an eastbound Sullivan-av. trolley bus and then collided with a west-bound bus near Powell-av., police reported.

She was reported in fair condition in Mt. Carmel Hospital.

W. Band Show Is Mar. 6-7

Ticket Sale Heavy For Variety Event

With the West High Band Variety Show only a week away, and tickets nearly as scarce as Michigan - Ohio State duets, the band room and the stage at West are the scenes of continuous activity. Dancing, singing, a good deal of "horn-trotting" and many other activities necessary in the planning of this annual event have been under way for weeks and the big show is about ready for the two nights of performance March 6 and 7 at 8 p. m.

In case you have tickets and have failed to reserve them, this is the day, Feb. 27, when they must be reserved at the high school office.

Several new ideas are being incorporated in this, the eighth annual show this year, and everything has been planned with the idea of an evening of light music, dancing and real fun.

Dickerson MC

Kent Dickerson, the able master of ceremonies, takes the part of a principal of a school in 1950, where all subject matter is presented in song and dance. His "faculty" includes the swing band, and the students are some 30 boys and girls from the band and chorus, who will add to the atmosphere of the school and aid in presenting some lively songs.

The various acts are "live" laboratory subjects used in the presentation of certain subject matter. These will include songs by Jinx Witherspoon, Dick Bowles, the Young Singers, Marilyn Ring, Kenny Beymer, the Cline Sisters, Knodel, Lois Fuller, Jackie Hardy, the Glass Sisters, some novelty entertainment from Jack Galloway, talented young violinist, some questionable music from the Spike Bones Band, and some fine arrangements and accompaniments from the West High Swing Band. The "pop" concert of the senior and junior high bands includes many new arrangements and promise plenty of entertainment in their own right.

Special stage effects are being prepared by the stage crew under the direction of Mrs. Evelyn Hall.

This event is sponsored annually by the Band Parents Club, for the benefit of the band organizations at West High School.

ANNABEL CRAWFORD WINS MUSIC REVIEW CONTEST

Annabel Crawford, 2958 Palmetto-av., won first prize for the best music review of the Columbus Philharmonic Orchestra Young People's Concert held Feb. 14 in West High School, according to Music Director Izler Solomon, one of the judges.

Phillip Stout, attorney with offices at 2532 W. Broad-st., has been named to a position on the City Recreation Commission. It was announced this week by Mayor James Rhodes. The appointment will become effective as soon as it is approved by City Council.

It will be the first time that the Hilltop has been represented on this commission since it was established in January of 1944. Stout will take the place of Fred D. Wile, president, whose term of office expired on Jan. 1. He will serve a five-year term.

Stout is a member of the Hilltop Kiwanis Club, the Hilltop Business Association, and is president of the Hilltop Community Council.

Minstrel Talent Being Selected

Plans for the 18th Annual Hilltop Minstrel show are rapidly taking shape in preparation for the big event on April 9, 10 and 11 at the West High School auditorium. The show is presented by the Hilltop Business Association.

Tickets go on sale tomorrow at the place of business of all HBA members. They are priced at 50c (including tax) for general admission. Tickets of more than 30 prospective performers in this year's show were held at West High School Sunday afternoon. Another session for an equal number will be held at a later time to be announced. All persons selected to appear in the show will be advised by card or letter as soon as decisions are reached by the committee.

Phillips Directs Chorus

Meanwhile Leo Phillips, an end man in the show for most of the past 17 years, has been working with the Hilltop Male Chorus in preparation for the show. The chorus has always been a featured part of the show. Under Phillips' direction, some close harmony, on the barbershop side, will be the chorus contribution.

Phillips indicated this week that more male voices could be used in the chorus. Any man interested in singing is invited to attend the rehearsal Monday night at 8 o'clock at the Glenwood Methodist Church.

Gracebelle Day Spears, former professional dancer and a star of earlier Hilltop Minstrel shows, will hold down one of the featured spots in this year's production. It was announced this week by C. Carlton Hartley, director of the show. Other entertainers from previous HBA shows will include Jackie Lee, in a comedy routine, and Floyd F. Green, who returns to the show in the role of interlocutor.

Local Women Lead City In Fund Drive

The Hilltop Women's Division led all other women's divisions in the city in the recent March of Dimes campaign. It did not include birthday cards and collection cans in business places.

Six of the women went over their assigned quotas in the solicitation. They were Mrs. E. A. Garrison, 92 N. Ogden-av.; Mrs. Wayne Stewart, 524 S. Oakley-av.; Mrs. E. E. Lewis, 3023 Fremont-st.; Mrs. John Slack, 3033 Palmetto-st.; and Mrs. Walton.

Tickets for the West High School basketball dinner being put on by the West High Boosters Club were on sale this week by most of the members and at the Esquire Men's Shop, 2502 W. Broad-st. They are priced at \$1.50 each.

The dinner, honoring players and coaches is to be held at the Westgate Methodist Church, 345 S. Brinker-av. on March 12. Speakers for the occasion are William Bernlohr, athletic director at Capital University, and Otto H. Magly, former West principal. M. E. (Jack) Sensenbrenner is to act as master of ceremonies.

Sponsors tickets can also be purchased by any person desiring to provide the dinner for one of the players or their guests. They are also priced at \$1.50.

The Hilltop Amvet Post No. 55 will hold its monthly meeting at the Hilltop Teen Canteen Monday evening at 8:15 o'clock. It will be the first meeting at which the newly elected officers will present reports.

Post Commander Dana Desher and one of the matters to be discussed at the meeting would be the preparation of a petition outlining recreation needs of the Hilltop to be presented to city officials.

Date Of PTA Play Changed To Mar. 20, 21

The John Burroughs Parent-Teacher Association has changed the date of its play, "Burroughs Dude Ranch," from March 13 and 14, to March 20 and 21, just one week later. Mrs. H. C. Booth, in charge of special project, directs this year's show.

IN MEMORIAM
 ARMSTRONG—In loving memory of our dear husband and father, Marion B. Armstrong, who passed away March 1, 1946. The call was sudden the shock

severe.
 We little thought such grief was near
 Only those who have lost can tell
 The pain of parting without farewell.
 You left behind those broken hearts
 That loved you so sincere
 That never have and never will
 Forget you, Daddy Dear.
 Sadly missed by your wife, Lydia,
 children and grandchildren.

IN MEMORIAM
 JACQUES, DAVID H., who passed away Feb. 26, 1936.
 We will not forget him in death
 It may not be long until Jesus
 will call us to come
 And we'll meet our David in that
 Heavenly Home
 He will call us from this world
 of care and
 It will be Good Night here and
 Good Morning up there.

Teen Canteen
Dance Is Success

By Ronald Bryant

Last Saturday night an annu-
ary dance was held at the
Teen Canteen. This dance mark-
ed the third anniversary of the
Canteen dances, which started at
West High School. More than 75
persons attended, among whom
were some visitors from other
parts of Columbus who are in-
terested in starting their own
canteens. They were greatly im-
pressed and were very liberal in
their praise of the many activities
included on the Canteen pro-
gram.

Another dance is on the Can-
teen docket for Saturday, March
8, with Ray Brooks and his or-
chestra once more furnishing the
music.

The officials in charge of the
recent clean-up party announced
that a lot was accomplished and
that another party has been plan-
ned for MARCH 1.

The library on the second floor
of the Canteen has been redeco-
rated and completely furnished
at low cost with lots of work.

This room is intended for a good
appearing, pleasant library and it
is intended by the builders to re-
main as such. The room is to be
used for reading, studying, and
as a game room. If this room is
used and treated right, other
rooms in the Canteen will be
modernized and equipped in a
like manner.

The room was designed by Bob
Creager, and the handiwork was
done by Jake Jaques.

Another reminder to chess and
chess players—the Canteen is
now accepting applications for a
tournament that will be held in
the near future.

Scouters Will Meet
At Burrough's School

At Tuesday, March 4, the
Southwest District Cubbers plan
to conduct a pow-wow for all
cubmasters, den mothers, den
chiefs and pack commitment.
This meeting will include a dem-
onstration of handicraft, games
and a pack committee meeting by
Cub Pack No. 43 of John Bur-
roughs School under the leadership
of its chairman, Ernest
Schuman.

Exhibits will be on display
from 7:15 to 7:45, at which time
the meeting will formally open.
Parents and friends of cubbing
are welcome.

Amory Houghton, national
president of the Boy Scouts of
America, will be the principal
speaker at the annual meeting
of the Central Ohio Council of
the Southern Hotel Monday
night.

Window Is Broken At Robinson Electric

An attempted burglary was made on the Robinson Electric Store, 2403 W. Broad-st, some time during last Friday night. However, no merchandise was taken.

Upon arrival at the store around 8:30 a. m. Saturday, Kuss Henry, store manager, discovered a piece of broken sidewalk cement just outside the store door and broken glass from a small hole in a plate glass panel directly in front of a small portable radio valued at \$75.

Investigating police found no fingerprints and assumed that the thieves had found the hole too small for the radio and had given it up as a bad job.

Firm Faith In God Needed, Public Official Asserts

Robert Draper

EDITOR'S NOTE: This is the second of a series of interviews with prominent laymen of local churches. They are being published in connection with the community-wide effort being made between now and Easter to interest people in the work of Hilltop churches.

"A firm faith in God and a strong belief that through prayer He can do anything, will save America from the fate that has destroyed ancient China, Egypt, the Athenian Empire, the Holy Roman Empire and in present days has shown us the disintegration of France and England."

This in a sentence summarizes the importance of the work being done by the church today in the mind of Robert M. Draper, 74 N. Roys-av, prominent attorney, member of the Columbus School Board and an active layman in the St. John Lutheran Church.

In addition to many public and civic responsibilities, he finds time to serve as superintendent of the Sunday school in his church.

He has taught a Bible class; served as chairman of the Council of Churches Vacation Bible School and was formerly president of Central Ohio Lutheran League.

Recently he was selected to serve as president of the school board for the second time.

Elaborating further on his views on church work, he said: "I have been interested in church and Sunday school because I can see that only through a spiritual revival will we be able to harness the fear engendered by the atomic bomb and forestall the decadency now gripping America through our lessening of moral values."

Robert McCleery Attends Convention

Robert B. McCleery, for 20 years a manufacturer of Vogue Custom-built Venetian Blinds, at 513 Derr-rd, recently returned from the national meeting of the Venetian Blind Manufacturers' Association at Cincinnati. Members assembled from the entire United States, with Sweden and Australia represented.

Increasing availability of steel, lumber, paint, tape, hardware, etc., is making it possible for the industry more nearly to meet the accumulated need for its product. A national advertising campaign has been instituted by the association to educate home owners in the advantages of Venetian blinds, style, light control, ventilation, privacy, etc.

Win Over South Ends Season

By Paul Wichlerman
Coach George Williams is pretty proud of the way his 1946-47 West High basketball team ended up in second place in the City League after Friday night's 64-53 victory over South. Naturally he can't help thinking of the differ-

The West High Cowboys were seeded in the District Class A Tourney drawings held at Delaware Saturday morning. As a result they will meet Aquinas Friday night in the Edwards Gym at Delaware. The game is scheduled for 8 o'clock.

once a victory over Aquinas might have meant a couple of weeks ago. It might have been the difference between a three-way tie for second and a two-way tie for first place.

But the season is over (all but the tournament) and win or lose from here on, fans agree that the Cowboys had a good year. We recall a comment made before the start of the season when we asked George what he thought of the chances for his team.

"We're inexperienced but I will be badly disappointed if we don't knock off one of the top teams when we're not expected to," was his only prediction.

We can see that that was an understatement, for knock off some "top" ones they did, in fact they beat every team in the league at least once. They won eight out of 12 league games, including recent victories over the top five. For the season, the Cowboys won 12 out of 21.

Thrush and Theisen
The victory over South Friday night featured the sharpshooting of Jack Thrush and an outstanding performance by Paul Theisen, who got 21 points in approximately three and one-half quarters. Thrush led the scoring with 22. The roles played by Anderson and Weeks, while less spectacular, were none the less important factors. The play of each opened up the way for many scoring opportunities. Hicks again found himself bottled up in the corner and proved ineffective in his shots from out on the sidelines.

Captain Thrush's 22 counters gave him a total of 158 for the season in league play and individual scoring honors for the city.

Thrush finished the league with a 25-point lead over his nearest rival, Boland of Aquinas who had 130 tallies for league play.

In third place with 127 points was Theisen, who nosed out Central's Persil Merts by a single point. Hicks raised the number seven spot with 117.

Looking back over the season the improvement in the style of play of Don Anderson and Theisen has been outstanding. Both boys have come a long way as the season has unfolded. Another encouraging spot has been the development of Chuck Weeks, who fought his way up from the reserve squad to win a regular berth on the starting five. While not spectacular, his play has been consistently good.

Walter Hicks has been a starter in every game and has gone most of the way in each contest. He has led the scoring on several occasions and has been effective from the corners most of the season.

Ralph Watts and Don Borror, while playing substitute roles much of the season, contributed valuable assistance when it was needed badly. Borror in the first South game and Watts in the first Marion encounter.

The words most commonly heard in the crowd Friday night following the victory over South, "Next year's our year," pretty well sum up the feelings of bas-

ketball fans on the Hilltop.

From here we'd say, "It's been a good season."

Here is a record of the games won and lost for the season:

CUB SCOUTS TO MEET

The Cub Scouts of Pack No. 63 will meet at Glenwood Methodist Church in Motter Hall Friday evening at 7:30. All boys 9 to 11 years old and their parents are invited to come.

Track Squad Starts Work To Hold Title

Coach Rufe Glass has already started work on conditioning his West High track squad in defense of the City League title won last year.

For more than two weeks the boys have been working out before school, starting at 8 o'clock. Evening workouts will start as soon as all basketball activity is completed.

Thus far conditioning exercises have been held in the gym, including callisthenics and other gymnastics. Running will start in the halls as soon as the regular work schedule is started. Outside work will depend on weather conditions.

The first meet will be held at Magly Field April 4 when Linden McKinley visits the Hilltop. Five lettermen are back from last year's championship team. They are Dave Hamilton, pole vault; George Lohr, broad jump;

Boosters Will Welcome Scrap Paper

The above photo could probably be duplicated in the basements of hundreds of Hilltop homes. It represents the accumulation of several months' daily papers, magazines and cardboard cartons. When allowed to collect in this manner, they create a constant fire hazard in the home.

The West High Boosters Club offers this suggestion: "Bundle them up and tie each type of material securely in separate packages."

"Place them on your front porch or at the curb next Sunday morning before 11 o'clock."

A community-wide collection of this material will be made during the day Sunday. Proceeds of the sale will be used by the Boosters to make improvements to Magly Field at West High School. A goal of \$1000 has been set for the drive. Officials of the club are confident it can be reached with the cooperation of every Hilltopper.

Court Show Set For Fri. At West Gym

In between treatment and chiro-practic treatments members of the Hilltop Kiwanis basketball team were reported to be preparing to meet again an aggregation representing the Northwest Kiwanis Club for the third time when they clash in an "Old Time" basketball game in West High gym Friday night at 8:15.

The Northwest aggregation administered a round 28-13 drubbing when the two teams met at Arlington last Thursday night. The first attempt at such a fantastic undertaking as getting the old men in shape again was made at the local gym about this time last year when the Arlington outfit won the milk can on a 31-27 score.

Proceeding the "old" men's game will be a combination basketball game and beauty show featuring the Hilltop Kiwanettes, coached by Mack Pemberton, and the Hogenites from Hoge Memorial Church. It is reported that Bud Sweeney, popular radio announcer, will officiate for the women.

Following in between halves will be a group of pupils from the Jack Sherrick School of Dancing. Giving out with some specialized taping will be Barbara Shade, Nancy Bailey and Peter Fauch, Sandra and Sharon Dent, Sally Yearling and Callis Gallean.

Representing the Kiwanettes will be Alice Rose, Emma Ewald, Chloe Anne Sparks, Rosalie Agee, Elva Clark, Elizabeth Swicegood, Marilyn Hoelcher, Ruth Hoelcher, Betsy Sparks, Jane Morgan, Marjorie Borland, Mary Miller, Rosalie Witherspoon and daughter, Jim.

The Hogenites are made up of Jeanine George, Barbara Uina, Barbara McCracken, Doris McCracken, Jean Beem and Jean Ware, manager.

In addition to Red Trabue and Red Lehman, who will officiate the main event, the dignitary list is completed by Master of Ceremonies Herb Deaster, Joe Goodwin and Charlie Kent, and Noble Allen, Curt Wilcox, Clarence Story and John Kirkpatrick as cheerleaders.

Last year's first attempt resulted in a huge success as evidenced by a packed house and some \$400 added to the charity project fund.

What Price Carelessness?

One hundred-fifty-one persons lost their lives in Columbus last year as a result of accidents. That is the figure compiled recently by the Columbus Safety Council. It represents an increase of three deaths over the record for 1945.

It is time we all became concerned about this useless waste of human life that costs so much in human misery in addition to a great economic loss.

Add to this death toll 15,617 persons who were injured in one way or another and you begin to get a picture of what carelessness means. It is estimated that there are 93,002 families living in the city proper. This would mean that an average of one out of six families was involved in an accident of some kind during the year. The estimated economic loss has been set at \$1,858,100.

Traffic accidents accounted for 49 fatalities while 70 persons died of accidents in the home. Industry and other public mishaps contributed 16 each. Of the traffic fatalities, 34 involved pedestrians and autos. Most of them could have been avoided by the use of a little more caution on the part of both. Falls in the home resulted in 50 deaths.

Safety education is one of the most difficult types of instruction to mete out. We always take the attitude that it is the other fellow who needs the lesson and not we ourselves. We hate to admit that all of us are careless "sometimes." That "sometimes" may be enough to cause an accident that will take a life. One thoughtless move at the wheel of a car can result in a mishap that can cause untold damage and suffering.

The civic leaders of the Hilltop are concerned about the part this community plays in this accident toll. Every man and woman, boy and girl needs to be personally concerned. Then and only then will we be able to maintain a safety record on our streets and in our homes that we can feel proud of. It takes the cooperation of all.

Around West High

By Janet Baker and Judy Jones

Reserved seats for the Band Variety Show were made available to the public today. We hear more and more about this show every day and ALL of it's good. But then, what do you expect with people like Bernice Aston and Donna Holmes working on a show!

West is in a three-way tie for second place in the City League and we are proud of those boys. Especially so of Jack Thurns, who is high point man for the City League, and Paul Talsen, who is third.

The girls' intramural basketball teams have been chosen and their tournament comes up the 14th of March. The captains and managers, respectively, are as follows: seniors, Rowena Self and Betsy Sparks; juniors, Barbara Vina and Barbara Clarkin; sophomores, Dorothy Watkins and Joyce Leiter.

The track team is getting its usual early start, so if you come at 8 o'clock some morning you might find pros Bruno Masdea, Kenny Mahan and Dick Borrer doing some mighty fancy and fast stepping.

The Booster Paper Drive will be held March 2 and every one's support will be needed. West High really appreciates what the Boosters are doing for stadium lights. By the way, when all the "captains" were on the stage, did you see Joe (that Hostetter boy) blush? We did.

Short hair seems to be all the rage lately. Jackie Gross and Marianne Evans have taken the plunge to rare beauty. In the assembly last week Ralph Watts won \$1 from the speaker, Dr. Massey, for being the only person able to quote a line from "Paradise Lost," by Milton, after Dr. Massey had emphasized it in his address. We are smart now too (after spending hours cramming it), quote, "Nor love thy life, nor hate, but what thou livest, live well." Good philosophy, eh?

For the sight of your life come to the Kiwanis Basketball Game tomorrow and yell like everything, for all the Hilltoppers. See you at 7:30 tomorrow, in ye olde gym.

Impressions Of Carthage Vivid

During the first few months a man spends overseas, impressions are most vivid. I had been in Africa only two months when I had the opportunity to visit Carthage, once the center of a great ancient civilization which thrived in the day of Julius Caesar and Hannibal the Great. Carthage in that time was so prominent that the Carthaginian empire posed a Commercial and Military threat to mighty Rome herself.

Wars of varying degrees of intensity were fought between the two powers, resulting in the ultimate destruction of the African city. In 202 B.C. by a Roman General named Publius Cornelius Scipio, but not before the Carthaginian leader Hannibal had waged a famous campaign, attacking through Spain, across France, transcending the Alps and scaring the daylight out of the Romans by threatening the city from the north. Carthage was subsequently rebuilt, regained its power and thrived for 850 years before being destroyed for good by vandals in 847 A.D.

Kel Fuller

The remains of that ancient city stand today on the banks of the Mediterranean, eight kilometers (five miles) east of Tunis. It is inhabited by a few people who run the lemonade stands and the personnel who manage the museum and cathedral.

The ruins are almost indistinguishable. Here and there a section of wall can be seen only a foot or so high. They cover, generally, the slope of a high hill, facing away from the sea. At the foot of the hill, a little way from the town proper, is the incredibly well preserved arena, where the sports minded gentry of that time gathered to watch the popular diversion of man versus lion. The cages at either end of the pit which housed the lions and victims stand in good repair, realistic reminders of the sadistic tendencies of a past age, tendencies which I can't help reflecting, haven't lessened perceptibly if the horror camps of the recent Nazi regime in Germany can be taken as evidence.

The climb to the top of the high hill which overlooks the sea is an endurance test, picking your way through the ruins and along the narrow paths. However, the effort is well rewarded. From this vantage point, a strikingly beautiful view of the blue Mediterranean, almost breathtaking in its majesty, unfolds itself. I had become rather accustomed to the unimpressive sameness which characterizes northern Africa. That is why I was so overwhelmingly impressed with this singular spectacle.

The scene is indelibly stamped upon my memory. I think anyone who has seen the Mediterranean Sea from the top of the hill will find it hard to believe that the view is so beautiful. The cathedral at Carthage is a comparatively recent day construction and it too made a vivid impression on me as well as upon my acquaintances who have seen it. It was built in the eighteenth century by the French. In comparison with St. Peter's in Rome and Notre Dame in Paris, which I saw later, the cathedral at Carthage is small, but the excellence and enchantment of its interior beauty surely is unsurpassed.

The museum, which contains the relics of the ancient civilization, is extremely well kept by an organization called "The White Fathers," which has dedicated itself to the difficult task of unearthing everything pertaining to the ancient city. In the museum are innumerable statues, busts and skeletal remains of Carthaginian dignitaries, along with lamps, stone tables and other household utensils. One wall is lined with huge mural paintings depicting battles, tournaments, coronations and one, particularly fine of the view I previously described. Attending to the thoroughness of the White Fathers is a huge stone statue weighing several thousand pounds which was completely destroyed by vandals and since resurrected and restored by the painstaking keepers of the Carthage Museum.

The cathedral at Carthage is a comparatively recent day construction and it too made a vivid impression on me as well as upon my acquaintances who have seen it. It was built in the eighteenth century by the French. In comparison with St. Peter's in Rome and Notre Dame in Paris, which I saw later, the cathedral at Carthage is small, but the excellence and enchantment of its interior beauty surely is unsurpassed.

ALEXANDER GRAHAM BELL

March 3rd is the 100th anniversary of Alexander Graham Bell's birth. No man has done more to wipe out the barriers of distance in our daily lives. His invention, the telephone, has become an essential of modern living.

Bell gained the knowledge that led to his invention of the telephone through his efforts to teach the deaf to speak. This same spirit of service built the telephone industry and is still a proud tradition of our company and the Bell System.

SUNDAY LESSON**Speculating About
Saviour as a Man
Tells Us Nothing**The International Sunday School
Lesson for March 3
Scripture: John 12:13-50;
Mark 11:1-10

"CLAIMS" does not seem quite the word to apply to the sayings of Jesus concerning Himself. The word suggests a self-assertiveness that was in no sense characteristic of the Master or His spirit.

He was confident concerning His mission and His teaching. He was sure that He had come from God, and that He was doing the Father's will. But He claimed no earthly greatness. He said He was among the disciples as one who served, that He had come to minister and not to be ministered unto.

So the word "claims" is not fully acceptable, though Jesus did assert with clearness His divine nature. His divine mission. He really made no claim except in the truth that He declared, and His divinity was in the completeness with which He did the Father's will. "In Him," wrote Paul (Colossians 2:9), "dwelleth all the fullness of the godhead bodily."

The revelation in Christ was of God's spiritual nature, His grace and love toward man, the message of which was the gospel that Jesus proclaimed.

There is actually no real value in speculations concerning the nature of Jesus, beyond that clear fact which His life and teachings, and His own declaration, establish—that He was one with the Father in His mission as the Saviour of men. "He that hath seen Me hath seen the Father also."

The writer of the Book of Hebrews has much to say about the reality of His humanity, in asserting at the same time that it was in that humanity that He revealed divinity, and that in Him God and man were united.

He did not come into the world to give it new machines and inventions; He came to bear witness unto truth, to give men the message of God's love, and to incarnate in Himself the love that He bade them bear one another.

His claim upon us is that we should love one another as He has loved us.

200 ATTEND SERVICE
More than 200 persons attended the World Day of Prayer service held at Westgate Methodist Church Friday afternoon. Those attending seemed to agree that it was the most successful service of its kind held on the Hilltop.

Greater Church Attendance Is Objective

Last minute details on the community-wide "go to church" program were being discussed when this Citizen photo was taken last week. In the picture are (seated) Rev. M. E. Nelson, pastor of the Westland Avenue Methodist Church (left), and Rev. Harold Dutt, president of the Hilltop Ministerial Association and pastor of the Westgate Evangelical United Brethren Church.

Standing (left to right) are Philip Stout, Hilltop attorney and president of the Hilltop Community Council; Harold Fox, local grocer, representing the Hilltop Kiwanis Club; and Dr. R. J. Miller, president of the Hilltop Business Association.

The "go to church" movement is sponsored by 23 Protestant and Catholic churches in cooperation with the above mentioned organizations. The campaign will be carried on through Easter Sunday.

To Speak Here

Robert B. Ainslie

The Hillcrest Baptist Church will have as its guest speaker Sunday morning, Dr. Robert B. Ainslie. This Sunday is being observed as World Outreach Sunday in the Hillcrest Church's every member enlistment program.

Dr. Ainslie, who will speak at the 10:30 a. m. worship is a medical missionary in West China under the American Baptist Foreign Missionary Society of the Northern Baptist Convention, and has just returned on furlough to the United States. During the past four years of his overseas service Dr. Ainslie served at the mission hospital in a strategic center, Ipin (Suifu), West China.

**Fr. Joseph Manning
To Conduct Mission**

Father Joseph Manning, O. P. will conduct a mission for the men of the parish of St. Mary Magdalene starting Sunday evening, March 2, at 7:30 o'clock. All the men of the parish and others desiring to attend are urged to take this opportunity to receive the rich spiritual benefits and blessings of the mission.

Father George Kempker, professor at Josephinum College, will conduct the sermons for the coming Miraculous Medal Novena, beginning Monday, March 10.

**Service Flag
Is Dismantled**

At an impressive ceremony attended by more than 350 people the service flag at the Burgess Avenue Evangelical United Brethren Church was dismantled Sunday night. A total of 167 stars, representing men and women who had served or are still serving in the armed forces of their country, were returned to the veterans or their families.

A social hour followed in the church basement where ice cream, cake and coffee was served to all who attended.

One part of the program brought tears to the eyes of many who attended when the pastor, Rev. C. F. Lutz, presented two gold stars to the families of James Neal and Scottie Roese, who gave their lives in the line of duty for their country.

Flowers were presented to Mrs. Sarah Alban Davis, Mrs. Rose Rinehart and Mrs. J. W. Eckard, mothers of five, five and four sons, respectively, who served during World War II.

Mrs. Edward Thomas was chairman of the committee responsible for planning the service.
